INTERNATIONAL TRADE COMMISSION

[Investigation 332-397]

Database on Trade and Investment in Services

AGENCY: United States International Trade Commission.

ACTION: Institution of investigation.

EFFECTIVE DATE: August 24, 1998.

SUMMARY: Following receipt of a request dated July 21, 1998, from the United States Trade Representative (USTR), the Commission instituted investigation No. 332-397, Database on Trade and Investment in Services, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)).

FOR FURTHER INFORMATION CONTACT: Information specific to this investigation may be obtained from Mr. Richard Brown, Office of Industries (202-205-3438) or Ms. Tsedale Assefa, Office of Industries (202-205-2374). For information on the legal aspects of this investigation, contact Mr. William Gearhart of the Office of the General Counsel (202-205-3091). The media should contact Ms. Margaret O'Laughlin, Office of External Relations (202-205-1819). Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202-205-1810). General information concerning the Commission may be obtained by accessing its Internet server (<http://www.usitc.gov>).

BACKGROUND: As noted in the USTR's request, Article 19 of the General Agreement on Trade in Services (GATS) requires World Trade Organization (WTO) members to enter into successive negotiations beginning not later than

January 1, 2000, with a view to achieving progressively higher levels of liberalization in services trade and investment. In preparing for such negotiations, the USTR has asked the Commission to develop a database that provides up-to-date information on service markets in other WTO member countries. As requested by the USTR, the Commission, pursuant to section 332(g) of the Tariff Act of 1930, instituted an investigation for the purpose of developing a database of information on trade and investment in 62 foreign service markets. The Commission will develop a database that provides, to the extent possible, the following information with respect to eleven service industries:

(1) Current market access and national treatment restrictions that apply to foreign service providers;

(2) Liberalization and deregulation that has taken place since 1995;

(3) Contemplated services liberalization or deregulation; and

(4) Preferences extended to third-country trading partners.

The industries of interest to USTR include distribution services (defined as wholesaling, retailing, and franchising), telecommunication services, express delivery services, entertainment technology services, foreign legal consultancy services, accounting services, architectural services, engineering services, construction services, energy services (defined as mining, oil, gas, and electricity), and environmental services. The Commission will also seek to provide this information with respect to temporary entry and stay of service providers. In addition, the Commission will attempt to identify common approaches, if any, to the deregulation and liberalization of service markets among WTO members, and best prospects for services trade liberalization during the impending WTO negotiations.

The USTR requested that the Commission provide a preliminary version of the database no later than October 30, 1998, and the finalized database by April 30, 1999. USTR indicated that the database will be confidential for a period of 10 years. USTR also noted that it considers the Commission's database to be an interagency memorandum that will contain predecisional advice and be subject to the deliberative process privilege.

Issued: August 24, 1998.

By order of the Commission.

Donna R. Koehnke,
Secretary.

DEPARTMENT OF JUSTICE

Immigration and Naturalization Service

[INS No. 1955-98]

Notice of Intent to Prepare a Supplemental Draft Environmental Impact Statement for the Immigration and Naturalization Service and Joint Task Force Six Activities Along the United States/Mexico Border

AGENCY: Immigration and Naturalization Service, Justice.

ACTION: Notice of intent to prepare a Supplemental Programmatic Environmental Impact Statement (PEIS).

SUMMARY:

Proposed Action

The Immigration and Naturalization Service (INS) will prepare a Supplemental Programmatic Environmental Impact Statement (PEIS) for the INS and Joint Task Force 6 (JTF6) activities along the U.S. and Mexico border and Texas Gulf Coast. This document supplements a previous PEIS prepared in 1994 which addressed ongoing and projected activities for a 5-year period. Typical activities undertaken by INS and JTF6 include, but are not limited to, design and construction of roads, fences, training facilities and administrative buildings, aerial photography interpretation, and transport of evidentiary materials. All JTF6 activities are requested by various law enforcement agencies and must have a nexus to illegal drug interdictions.

Environmental impacts resulting from continuation of these activities will be addressed as part of the supplemental PEIS. Consideration of past and future activities will be included as part of a cumulative impact analysis.

Pursuant to the Council on Environmental Quality's regulations, public Scoping meetings will be held to inform interested parties of proposed actions and to solicit their comments.

Alternatives

In developing the Supplemental PEIS, the options of (1) no action and continuation of the INS/JTF6 construction program, (2) reduction of select INS/JTF6 construction activities, and (3) restricting certain designs and/or site locations, will be fully examined. Other practical alternatives identified during the public Scoping process will also be addressed.

Scoping Process

During the preparation of the Supplemental PEIS, there will be
