This action is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, §§ 201-03, as amended, 42 U.S.C. 3721-23 (1994).

Background

This solicitation is part of the BJA/NIJ Evaluation Partnership for 1998 and seeks applications for evaluation of three activities funded under the Byrne Program: (1) multi-jurisdictional task forces (MJTFs), (2) toll-free information service lines, and (3) community-based drug testing programs.

1. MJTFs—The purposes of this research are: to develop methodologies that can be used by State planning agencies and others to evaluate Byrne funded MJTFs, and to implement these methodologies by conducting impact evaluations of selected MJTFs. Applications should describe the project in full with the understanding that one half, up to \$462,100, of the project will

be funded for the first 18 months with the remainder funded by a subsequent grant of up to \$500,000. Applicants should clearly identify a reasonable demarcation line for the two parts of the project.

2. Toll-Free Information Service Lines—The purpose of the evaluation of the toll-free information service lines evaluation research is to provide additional information on the demographics of the callers; the usefulness of the call; and, most importantly, what action callers took as a result of the information provided. One award will be made of up to \$312,100.

3. Community-Based Drug Testing Programs—This research should evaluate the development and implementation of innovative and comprehensive drug testing programs in criminal justice agencies, excluding those that operate solely within prisons or drug courts. Programs evaluated must be at least partially funded under the Byrne Program. Drug Court programs are not eligible. Up to six awards will be made for a total of up to \$637,600.
