BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-751-000]

Southern Natural Gas Company; Notice of Application

September 3, 1998.

Take notice that on August 26, 1998, Southern Natural Gas Company (Southern), Post Office Box 2563, Birmingham, Alabama 35202-2563, filed in Docket No. CP98-751-000 an application pursuant to Section 7(b) of the Natural Gas Act, for permission and approval to abandon by sale to Whiskey Bay Pipeline Company, Ltd (Whiskey Bay), a Louisiana intrastate pipeline company, various pipeline, measurement and appurtenant facilities located in Iberville and St. Martin Parishes, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Southern states that it proposes to abandon, by sale to Whiskey Bay, the Bayou Boullion Line consisting of 6.45 miles of 10-inch pipeline, and related facilities, located in St. Martin Parish, Louisiana; the East Happytown Line consisting of 11.13 miles of 8-inch pipeline, and related facilities, located in St. Martin Parish, Louisiana; the Wilbert Well Line consisting of 0.65 mile of 4-inch pipeline, and related facilities, located in St. Martin Parish, Louisiana; the Bayou Boullion Lateral Line consisting of 1.2 miles of 4-inch pipeline, and related facilities, located in St. Martin Parish, Louisiana; the East Happytown Exchange Station consisting of dual 4-inch orifice meter runs, and related facilities, excluding any electronic gas measurement equipment, located in St. Martin Parish, Louisiana; the Cone Mills Receiving Station consisting of a single 3-inch orifice meter run, and related facilities, excluding any electronic gas measurement equipment, located in Iberville Parish, Louisiana; the Wilbert Well Receiving Station consisting of a

single 4-inch orifice meter run, and related facilities, excluding any electronic gas measurement equipment, located in St. Martin Parish, Louisiana; and the Bayou Boullion Receiving Station consisting of a single 4-inch orifice meter run, and related facilities, excluding any electronic gas measurement equipment, located in St. Martin Parish, Louisiana. Southern maintains that it is no longer economical to maintain the above facilities in view of the minimal gas production that is received by the facilities.

Southern states that it has no firm transportation services on the facilities to be abandoned; however, some producers have gas production on the facilities. Southern states that upon abandonment these producers may elect to deliver gas volumes to Whiskey Bay's pipeline system. In addition, Southern states that the producers may access Southern's pipeline system or another interstate system through existing interconnections in the area.

Southern states that it will sell the above facilities to Whiskey Bay for \$30,000. Southern further states that Whiskey Bay has agreed to purchase the above facilities so that Whiskey Bay can connect the purchased facilities to pipeline facilities that Whiskey Bay purchased from the Gas Gathering Company (Gas Gathering) located in St. Martin Parish, Louisiana. It is stated that according to terms of the purchase and sales agreement, Whiskey Bay has the option to connect the facilities to Southern's pipeline system through a meter station to be constructed at the terminus of the facilities if Southern and Whiskey Bay enter into a mutually acceptable construction, installation, operation and maintenance agreement for such a meter station. Otherwise, Whiskey Bay will disconnect the facilities from Southern's pipeline system and Whiskey Bay may continue to flow gas through Southern's pipeline or another interstate pipeline company's system through the facilities that Whiskey Bay purchased from Gas Gathering in St. Martin Parish, Louisiana.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 24, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be

considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Southern to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

[Docket No. RP98-383-000]

Southern Natural Gas Company; Notice of Cost Recovery Filing

September 3, 1998.

Take notice that on August 31, 1998, Southern Natural Gas Company (Southern) tendered for filing as part of its FERC Gas Tariff, Seventh Revised Volume No. 1, the following tariff sheets with the proposed effective date of October 1, 1998:

Fortieth Revised Sheet No. 14
Twenty-Fifth Revised Sheet No. 14a
Sixty-First Revised Sheet No. 15
Thirty-First Revised Sheet No. 15a
Fortieth Revised Sheet No. 16
Twenty-Fifth Revised Sheet No. 16a
Sixty-First Revised Sheet No. 17
Thirty-First Revised Sheet No. 17a

Southern sets forth in the filing its revised demand surcharges for the recovery of Order No. 636 transition costs associated with Southern LNG Inc.

from the period May 1, 1998 through July 1, 1998. These costs have arisen as a direct result of restructuring under Order No. 636. Copies of the filing were served upon Southern's customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Federal Energy Regulatory Commission

[Docket No. RP98-378-000]

Tennessee Gas Pipeline Company; Notice of Tariff Filing

September 3, 1998.

Take notice that on August 31, 1998, Tennessee Gas Pipeline Company (Tennessee), filed the revised tariff sheets listed on Appendix A to the filing, to be included in its FERC Gas Tariff.

Tennessee states that this filing proposes new tariff provisions that would enable Tennessee and a shipper under certain limited circumstances to enter into different types of discount agreements without such agreements receiving prior approval from the Federal Energy Regulatory Commission as material deviation agreements. Tennessee further states that the proposed tariff provisions would allow Tennessee and a shipper to enter into agreements for specific discounts on specified volumes, during specified periods of time, and at designated points, storage points, zones or geographical areas. Tennessee requests an effective date of October 1, 1998.

Any person desiring to be heard or to protest said filing should file a motion

to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Federal Energy Regulatory Commission

[Docket No. TM99-1-18-000]

Texas Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

September 3, 1998.

Take notice that on August 28, 1998, Texas Gas Transmission Corporation (Texas Gas) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheet, with an effective date of November 1, 1998:

Sixth Revised Sheet No. 14

Texas Gas states that the tariff sheet is being filed to establish a revised Effective Fuel Retention Percentage (EFRP) under the provisions of Section 16 Fuel Retention as found in the General Terms and Conditions of Texas Gas's FERC Gas Tariff, First Revised Volume No. 1. The revised EFRP will be in effect for the annual period November 1, 1998, through October 31, 1999. The instant filing generally results in net reductions of fuel retention percentages versus the percentages for the annual period beginning November 1, 1997.

Texas Gas states that copies of the tariff sheet are being mailed to Texas Gas's affected customers and interested state commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC

20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP98-381-000]

Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff

September 3, 1998.

Take notice that on August 31, 1998 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, certain revised tariff sheets. Transco states that Appendix B attached to the filing contains the enumeration of the revised tariff sheets. Such tariff sheets are proposed to be effective October 1, 1998.

Transco states that the purpose of the instant filing is to implement the offering of firm transportation service on Transco's production area supply laterals as permitted by the Commission's Opinion Nos. 405, et seq., issued in Transco's Docket Nos. RP92-137 and RP93-136 (Phase I). Opinion No. 405 expressly authorizes Transco to make a limited Section 4 filing to implement that service.

As is detailed in the Statement of Nature, Reasons and Basis, included as Appendix A thereto, Transco is proposing to offer firm transportation service on Transco's production area supply laterals upstream of Station 30, 45, 50 and 62 and on Transco's mainline upstream of Stations 30 (collectively referred to as "production area supply laterals"), pursuant to a sixty day open season which is to commence following Commission approval of the instant filing. Firm transportation service on those production area supply laterals
