

SUPPLEMENTARY INFORMATION: We are particularly interested in comments which address the following issues:

1. Extent to which CARE Act programs are enrolling underserved and vulnerable populations.

2. Extent to which CARE Act programs are providing clients with care whose quality meets or exceeds Public Health Service treatment guidelines and other care standards.

3. Extent to which CARE Act programs are providing services that remove barriers to primary care access so as to ensure clients enter into and remain in care.

4. Extent to which the CARE Act programs are reducing HIV-related mortality and morbidity.

5. Extent to which CARE Act programs are adapting to a changing service and cost environment.

6. Structure of the CARE Act.

FOR FURTHER INFORMATION CONTACT: Nancy Brady, HIV/AIDS Bureau, Division of Training and Technical Assistance, (301) 443-4156.

Dated: September 4, 1998.

Claude Earl Fox,
Administrator.

Fish and Wildlife Service

Marine Mammals; Stock Assessment Reports

AGENCY: Fish and Wildlife Service, Interior.

STOCK ASSESSMENT SUMMARY TABLE

Species/stock	N _{EST}	N _{MIN}	R _{MAX}	F _R	PBR	Causes of mortality			Stock status
						Subsistence (5 year avg)	Fishery	Other	
Polar bear/Alaska Chukchi Bering Seas stock.	Not available	Not available	0	1	Unknown	45	0	<10	Nonstrategic.
Polar bear/Alaska Southern Beaufort Sea stock.	1,756	1,611	0	1	73	55	0	<1	Nonstrategic.
Pacific Walrus/Alaska stock.	201,039	188,316	0	1	7,533	4,869	17	4	Nonstrategic.

* Probably similar to Alaska Southern Beaufort Sea Stock.

The sea otter stock assessments for Alaska are not final pending resolution of a request by the Alaska Sea Otter Commission for a proceeding on the record (pursuant to Section 117(b)(2) of the MMPA). This request is related to the Service's identification of three sea otter stocks in Alaska in the draft stock assessment reports published in March 1998 as opposed to the one stock identified in the 1995 report.

The sources of information or published reports upon which these assessments are available in the Reference section of each stock assessment report.

ADDRESSES: Copies of the revised stock assessment reports for polar bear and walrus and the draft stock assessment reports for sea otters in Alaska including a list of the sources of information or published reports on which these assessments were made are available from the (1) Office of Marine Mammals Management, U.S. Fish and Wildlife Service, 1011 East Tudor Road, Anchorage, Alaska 99503; or (2) Division of Fish and Wildlife Management Assistance, U.S. Fish and

Wildlife Service, Room 840-ARLSQ, 4401 N. Fairfax Drive, Arlington, Virginia 22203. Copies of the FWS's final stock assessment reports for the northern sea otter in Alaska, southern sea otter in California, the northern sea otter in Washington State, and the Florida and Antillean stocks of West Indian manatees from the southeastern United States and Puerto Rico, are available from address (2) above.

FOR FURTHER INFORMATION CONTACT: Jeff Horwath, in the FWS's Division of Fish and Wildlife Management Assistance, Arlington, Virginia at (703) 358-1718. For information specifically about polar bears, Pacific walrus, and northern sea otters in Alaska, contact the Supervisor at Marine Mammals Management at (907) 786-3800 or FAX: (907) 786-3816.

SUPPLEMENTARY INFORMATION: Section 117 of the MMPA (16 U.S.C. 1361-1407) required the FWS and the National Marine Fisheries Service to prepare stock assessment reports for each marine mammal stock that occurs in waters under the jurisdiction of the United States. In late 1995, the Service

ACTION: Notice of availability of revised marine mammal stock assessment reports for Pacific walrus and polar bear in Alaska.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), the Fish and Wildlife Service (FWS) has considered public comments and revised the marine mammal stock assessment reports for the Alaska Chukchi/Bering Seas polar bear stock, Alaska Beaufort Sea polar bear stock, and Alaska Pacific walrus stock. They are now complete and copies of the revised reports are available to the public. The results are summarized below.

issued final stock assessment reports for polar bears and Pacific walrus in Alaska as required, and announced their completion and public availability in a **Federal Register** notice on October 4, 1995 (60 FR 52008). As required by the MMPA, these reports contained information regarding the distribution and abundance of the stocks, population growth rates and trends, estimates of human-caused mortality from all sources, descriptions of the fisheries with which the stocks interact, and the status of each stock.

Section 117 of the MMPA also requires the FWS and the NMFS, consistent with any new information that indicates that the status of a stock has changed or can be more accurately determined, to revise these reports annually for strategic stocks of marine mammals and every three years for stocks determined to be non-strategic. In accordance with these statutory provisions, the FWS prepared draft revised stock assessment reports for sea otters, polar bear and Pacific walrus in Alaska and made them available for public comment from March 5, 1998 to

June 2, 1998. During the public comment period and subsequent to it, the FWS consulted with the Alaska Scientific Review Group, established under the MMPA. Their comments and other public comments were reviewed and incorporated into these final reports, as appropriate. Although the FWS revised these reports based on additional information, the status of the stocks did not change. The 1998 final stock assessment reports for Pacific walrus and polar bears in Alaska are now complete and available to the public. The finalization of the revisions on the Alaska sea otter stock assessment reports will not be completed until after a final action on the proceeding on the record requested by the Alaska Sea Otter Commission.

Dated: September 4, 1998.

Robyn Thorn,

Acting Regional Director, Fish and Wildlife Service.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-033-98-1230-00]

Temporary Closure of Public Lands: Nevada

AGENCY: Bureau of Land Management, Interior Department.

ACTION: Temporary closure of certain public lands, Carson City Field Office, in Churchill, Lyon, and Mineral Counties on and adjacent to an Off-Highway Vehicle Race course: Best in the Desert Racing—Permit Number NV-055-99-01: Las Vegas to Reno Off-highway Vehicle Race occurring October 2 and 3, 1998.

PURPOSE: To provide for public safety.
EFFECTIVE DATES AND TIME: 6 am October 2 through 10 am October 3, 1998.

AFFECTED PUBLIC LANDS: Mineral County—R37E T4N; R36E T6N; R35E T6-11N; R34E T8-13N; R33-32E T13N. Affected Roads include: Dunlap Cnyn, Cinnabar Cnyn, Rhyolite Pass, Win Wan Flat, Ryan Cnyn Road, Wovoka, Wash.

Churchill County—R32E T14N; R31E T15N; R30E T15-16N; R29-24E T16N; R24E T15N; Affected roads include: Diamond Field Jack Wash, Wild Horse Basin Road.

Lyon County—R26E, R27E T16N; R24E, T17N; R24E T18N. Affected roads include: Wild Horse Basin, Hooten Well, Carson River Road, Churchill Butte Wash, Stockton Well.

SUPPLEMENTARY INFORMATION: A map of the closure may be obtained at the contact address. The permittee is required to clearly mark and monitor the event route during the closure period. Spectators are welcome at Pit Stops and shall remain in safe locations as directed by event officials and BLM personnel. Public lands affected by the temporary closure include commonly used dirt roads, utility right-of-way roads, jeep trails and dry washes identified on the ground by colorful flagging and paper arrows attached to wooden stakes designating the race route.

EXCLUSIONS: The above restrictions do not apply to agency, race officials, law enforcement, or emergency response personnel during the conduct of their official duties in relation to the race event.

Authority: 43 CFR 8364 and 43 CFR 8372.

PENALTY: Any person failing to comply with the closure order may be subject to imprisonment for not more than 12 months, or a fine in accordance with the applicable provisions of 18 USC 3571, or both.

FOR FURTHER INFORMATION CONTACT: Fran Hull, Outdoor Recreation Planner, Carson City District, Bureau of Land Management, 5665 Morgan Mill Road, Carson City, Nevada 89701. Telephone: (702) 885-6161.

Dated: September 4, 1998.

Intent To Amend the California Desert Conservation Area Plan, 1980, To Address Management of Three Grazing Allotments in the Eastern Mojave Desert, San Bernardino County, CA

AGENCY: Bureau of Land Management, California Desert District Office.

ACTION: Notice of Intent to Amend the California Desert Conservation Area Plan, 1980, to address management of Granite Mountain, Lanfair Valley, and Kessler Springs grazing allotments located in the eastern Mojave Desert in San Bernardino County, California.

SUMMARY: This Notice of Intent (NOI) amends an earlier NOI for preparation of an Environmental Impact Statement and

Interagency Desert Management Plan for the Northern and Eastern Mojave Desert (60 FR 46132, September 5, 1995). The Interagency Plan will continue as described in the 1995 NOI. However, a separate plan amendment and environmental assessment is initiated for Granite Mountain, Lanfair Valley, and Kessler Springs grazing allotments to afford each lessee of record the opportunity to cancel domestic livestock use. This voluntary action by each lessee will occur simultaneously with similar action on other lands of the same grazing unit under National Park Service jurisdiction.

This plan amendment will evaluate economic and other constraints posed by reduction in area of use and increased cost of support facilities to support livestock grazing on the residual public lands of the subject allotments, and will consider permanent retirement of the allotments.

This notice does not reopen scoping. Grazing issues, including modification or cancellation of grazing use, were previously raised in connection with the Interagency Plan.

DATE COMMENTS MUST BE RECEIVED:

Comments on this notice must be received by BLM at the following address on or before October 14, 1998.

FOR FURTHER INFORMATION CONTACT:

Larry Morgan, Rangeland Management Specialist, U.S.D.I., Bureau of Land Management, California Desert District Office, 6221 Box Springs Blvd., Riverside, California 92507-0714 tel: (909) 687-5388.

Dated: September 3, 1998.

Tim Salt,

Acting District Manager.
