

the service agreement to become effective on September 10, 1998.

*Comment date:* September 28, 1998, in accordance with Standard Paragraph E at the end of this notice.

### 19. Consolidated Water Power Company

[Docket No. ER98-4512-000]

Take notice that on September 8, 1998, Consolidated Water Power Company, 231 First Avenue, North, Wisconsin Rapids, Wisconsin 54495-8050, tendered for filing pursuant to Rule 207 of the Commission's Rules of Practice and Procedure, 18 CFR 385.207, an initial rate schedule for the sale of electricity at market-based rates.

*Comment date:* September 28, 1998, in accordance with Standard Paragraph E at the end of this notice.

### 20. MidAmerican Energy Company

[Docket No. ES98-48-000]

Take notice that on September 8, 1998, MidAmerican Energy Company of Des Moines, Iowa, filed an application seeking authority pursuant to Section 204 of the Federal Power Act to issue and sell up to \$500 million principal amount of bonds, notes, debentures or other evidences of indebtedness and requesting an exemption from the Federal Energy Regulatory Commission's competitive bidding and negotiated placement requirements (18 CFR 34.2).

*Comment date:* October 15, 1998, in accordance with Standard Paragraph E at the end of this notice.

### Standard Paragraphs

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of these filings are on file with the Commission and are available for public inspection.

**David P. Boergers,**  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Amendment of License

September 15, 1998.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Type of Application:* Amendment of License.

b. *Project No.:* 2413-035.

c. *Date Filed:* August 19, 1998.

d. *Applicant:* Georgia Power Company.

e. *Name of Project:* Wallace Dam.

f. *Location:* The Wallace Dam Project is located on the Oconee River in Putnam, Hancock, Greene, Morgan, Oconee, and Oglethorpe Counties, Georgia.

g. *Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Larry Wall, Georgia Power Company, 241 Ralph McGill Boulevard NE, Atlanta, GA 30308-3374, (404) 506-2054.

i. *FERC Contact:* John Cofrancesco, (202) 219-0079.

j. *Comment Date:* October 26, 1998.

k. *Description of Project:* Georgia Power Company, licensee for the Wallace Dam Project, filed an application to amend the project's approved shoreline buffer zone management plan. By order issued May 26, 1998, the Commission approved the plan with modification. In doing so, the Commission further restricted the removal of trees or undergrowth vegetation from the buffer zone. The licensee requests the Commission's approval of the plan be modified to allow the removal of obnoxious varieties of undergrowth vegetation. The licensee states this modification would not harmfully affect the environmental benefits of the buffer zone and would create a pleasing aesthetic appearance to the area.

1. This notice also consists of the following standard paragraphs: B, C1, and D2.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider the protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments,

protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C1. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS" "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

**David P. Boergers,**  
Secretary.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6162-8]

**Agency Information Collection Activities: Proposed Collection; Comment Request; Reporting Under EPA's Voluntary Aluminum Industrial Partnership—EPA ICR No. 1867.01**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following proposed Information Collection Request (ICR) to the Office of Management and Budget (OMB): Reporting Requirements Under EPA's Voluntary Aluminum Industrial Partnership—EPA ICR No. 1867.01. Before submitting the ICR to OMB for review and approval, EPA is soliciting

comments on specific aspects of the proposed information collection as described below.

**DATES:** Comments must be submitted on or before November 17, 1998.

**ADDRESSES:** U.S. Environmental Protection Agency, Atmospheric Pollution Prevention Division, 401 M. St. SW (6202J), Washington, D.C. 20460.

**FOR FURTHER INFORMATION CONTACT:** Eric Jay Dolin, Telephone No. (202) 564-9044, Facsimile No. (202) 565-2083; E-mail: dolin.eric@epa.gov.

**SUPPLEMENTARY INFORMATION:**

Affected entities: Entities potentially affected by this action are those which operate primary aluminum smelters.

Title: Reporting Requirements Under EPA's Voluntary Aluminum Industrial Partnership—EPA ICR No. 1867.01.

Abstract: In April 1993, President Clinton issued the Climate Change Action Plan, which establishes the nation's commitment to returning U.S. greenhouse gas emissions to their 1990 levels by the year 2000. EPA's Voluntary Aluminum Industrial Partnership (VAIP) is an important voluntary program contributing to the overall reduction in greenhouse gas emissions. This program focuses on reducing perfluorocarbon (PFC) emissions from aluminum smelting operations. The twelve companies that have joined the VAIP have cumulatively committed to reduce their PFC emissions 45 percent from 1990 levels by the year 2000. PFCs are very potent greenhouse gases that are persistent in the atmosphere and have a high global warming potential. The VAIP, along with ENERGY STAR Buildings and Green Lights, ENERGY STAR Labeling, and other EPA Programs is a voluntary program aimed at preventing pollution rather than controlling it after its creation. All of these programs focus on greenhouse gas emissions.

EPA has developed this ICR to obtain authorization to collect information from companies participating in the VAIP. Companies that join the VAIP voluntarily agree to the following: designating a VAIP liaison; undertaking technically feasible and cost-effective actions to reduce PFC emissions; and reporting to EPA, on an annual basis, the success of such actions. The information contained in the annual reports of the companies that join the VAIP may be considered confidential business information and is maintained as such. EPA uses the data obtained from the companies to assess the success of the program in achieving its goals.

An agency may not conduct or sponsor, and a person is not required to

respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

**Burden Statement:** The projected hour burden for this collection of information is as follows:

Average annual reporting burden = 321.13 hours

Average annual recordkeeping burden: 0 hours

Average burden hours/response: 248.5 hours for an MOU (one-time burden); 56.5 hours for the annual Tracking Report; and 16.13 hours associated with additional activities.

Frequency of response = One per respondent per year

Estimated number of respondents = 12

Cost burden to respondents: Estimated total annualized cost burden: \$226,398

Total labor cost: \$142,347

Total capital and start-up costs: \$0

Estimated total operation and maintenance costs: \$0

Purchase of services cost: \$84,051

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able

to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: September 4, 1998.

**Jeanne Briskin,**

*Branch Chief, Energy Star Programs.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6162-6]

### Protection of Stratospheric Ozone: Notice of Revocation of Refrigerant Reclamation Organizations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of revocation.

**SUMMARY:** Through this action, EPA is announcing the revocation of certification of American Reclamation (located in Chicopee, MA; Ambridge, PA; and Franklinville, NJ) to reclaim refrigerant in accordance with the regulations promulgated at 40 CFR part 82, subpart F. This refrigerant reclaim was issued a letter of revocation on August 19, 1998, that included an explanation of the basis for EPA's decision. This action also acknowledges the voluntary withdrawal of five previously certified reclaimers. Reclaimers requesting to be removed from the list of EPA-certified reclaimers include Cryodyne Technologies (located in Chester, CT), Eco-Dyne of Utah (located in Salt Lake City, UT), Golden Refrigerant of Florida (located in Punta Gorda, FL), Pacific Coast Trane Service (located in Sunnyvale, CA), Waldrop Heating and Air-Conditioning (located in Spartanburg, SC).

American Reclamation has not complied with the requirements established for refrigerant reclaimers pursuant to section 608 of the Clean Air Act Amendments (the Act). In accordance with those requirements, all certified refrigerant reclaimers must maintain records regarding the amount of refrigerant processed and submit a report of the reclamation activities to EPA on an annual basis. Failure to comply with any of the requirements of 40 CFR part 82, subpart F, including the recordkeeping and reporting requirements, may result in revocation of certification.

EPA sent American Reclamation an information collection request issued pursuant to section 114(a) of the Act, in which EPA requested that this reclaimer
