Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights (Takings)

The final rule does not represent a government action capable of interfering with constitutionally protected property rights. Section 2(a)(1) of Executive Order 12630 specifically exempts actions abolishing regulations or modifying regulations in a way that lessens interference with private property use from the definition of "policies that have takings implications." Since the primary function of the final rule is to abolish unnecessary regulations, there will be no private property rights impaired as a result. Therefore, BLM has determined that the rule would not cause a taking of private property or require further discussion of takings implications under the Executive Order.

Executive Order 12866, Regulatory Planning and Review

According to the criteria listed in section 3(f) of Executive Order 12866, BLM has determined that the final rule is not a significant regulatory action and was not subject to review by Office of Management and Budget. This final rule will not have an effect of \$100 million or more on the economy. It will not adversely affect in a material way the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. This final rule will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency. This rule does not alter the budgetary effects of entitlements, grants, user fees, or loan programs or the right or obligations of their recipients; nor does it raise novel legal or policy issues.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, the Office of the Solicitor has determined that this final rule would not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of the Order.

For the reasons stated in the preamble, and under the authority of 43 U.S.C. 1740, parts 2200, 2210, 2240, 2250, and 2270, subchapter B, chapter II of Title 43 of the Code of Federal Regulations are amended as set forth below:

PART 2200—EXCHANGES: GENERAL PROCEDURES

1. The authority for part 2200 continues to read as follows:

* * * * *

(b) The rules contained in this part apply to all land exchanges, made under the authority of the Secretary, involving Federal lands, as defined in 43 CFR 2200.0-5(i). Apart from the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, 43 U.S.C. 1701 *et seq.*, there are a variety of statutes, administered by the Secretary, that authorize land trades which may include Federal lands, as for example, certain National Wildlife Refuge System and National Park System exchange acts. The procedures and requirements associated with or imposed by any one of these other statutes may not be entirely consistent with the rules in this part, as the rules in this part are intended primarily to implement the FLPMA land exchange provisions. If there is any such inconsistency, and if Federal lands are involved, the inconsistent procedures or statutory requirements will prevail. Otherwise, the regulations in this part will be followed. The rules in this part also apply to the exchange of interests in

either Federal or non-Federal lands including, but not limited to, minerals, water rights, and timber.

[Docket No. NHTSA-98-4483]

RIN 2127-AG82, RIN 2127-AH02

Federal Motor Vehicle Safety Standards; Child Restraint Systems**AGENCY:** National Highway Traffic Safety Administration (NHTSA), DOT.**ACTION:** Final rule, correction.

SUMMARY: This document adopts as final most of the amendments made by interim final rules to the air bag warning label requirement in Standard No. 213, "Child Restraint Systems" (49 CFR 571.213). The required label warns that a rear-facing child restraint must never be placed in a vehicle front seat with an air bag. The interim final rules modified the label to allow the phrase "unless air bag is off" to be added to the end of the warning, if the child seat is equipped with a device that deactivates the air bag and provides a signal that the air bag has been disabled. This document adopts the amendments of the interim rules, except that the signal that the air bag is deactivated must be provided for a longer duration than that specified in the interim rules.

This document also corrects a labeling provision in Standard 213 that required

child restraints to provide an installation diagram showing the child restraint system installed in the "right front" outboard seating position equipped with a continuous-loop lap/shoulder belt and the "center rear" seating position equipped with only a lap belt. The agency is removing the references to "right front" and "center rear" as being unnecessary and potentially confusing.

DATES: Effective date: March 30, 1999. Because this final rule revises a provision of the June 1997 interim rule, a 180 day effective date is adopted to provide manufacturers with sufficient leadtime to implement any needed changes to their vehicles or child restraint systems as a result of this rule.

Petitions for Reconsideration:

Petitions for reconsideration of this rule must be received by the agency not later than November 16, 1998.

ADDRESSES: Petitions for reconsideration should refer to the docket number of this document and be submitted to: Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590.

Both can be reached at the National Highway Traffic Safety Administration, 400 Seventh St., S.W., Washington, D.C., 20590.

SUPPLEMENTARY INFORMATION: This document amends Standard No. 213, "Child Restraint Systems," on a permanent basis to modify the air bag warning label which rear-facing child seats have been required to bear from May 1997. This document adopts all but one of the amendments made in interim final rules published on April 17, 1997 (62 FR 18723) and June 4, 1997 (62 FR 30464). The one amendment that differs from the interim final rule relates to the length of time a signal that the air bag is deactivated must operate after deactivation. Rather than operate for at least 10 seconds after deactivation, the signal must operate for at least 60 seconds after deactivation.

Original Final Rule

The requirement for the air bag warning label was adopted in a November 27, 1996 final rule (61 FR 60206)¹, which also adopted new warning label requirements for vehicles with air bags. The requirement for the enhanced child seat label is set forth in S5.5.2(k) of Standard 213. The requirement specifies, among other things, the exact content of the message that must be provided on the label. The message of the label must be preceded by a heading ("WARNING"), with an alert symbol, and state the following:

DO NOT place rear-facing child seat on front seat with air bag.

DEATH OR SERIOUS INJURY can occur.
