DEPARTMENT OF AGRICULTURE

Grain Inspection, Packers and Stockyards Administration

7 CFR Part 800

RIN 0580-AA66

Fees for Official Inspection and Weighing Services

AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA.

ACTION: Proposed rule.

SUMMARY: The Grain Inspection, Packers and Stockyards Administration (GIPSA) is proposing fee increases to generate the additional revenue required to recover the increased operational costs resulting from a projected approximate 3.6 percent January 1999 cost-of-living increase to Federal salaries for official inspection and weighing services performed in the United States under the United States Grain Standards Act (USGSA), as amended. An approximate 3.6 percent increase is being proposed for all hourly rates and certain unit rates on tests performed at both an applicant's facility and other than an applicant's facility. In addition, an average increase of 1.2 percent is being proposed to recover the salary and benefits portion of the administrative tonnage fee.

DATES: Written comments must be submitted on or before December 1, 1998.

ADDRESSES: Written comments must be submitted to George Wollam, USDA, GIPSA, ART, 1400 Independence Avenue, SW, Stop 3649, Washington, D.C. 20250-3649, or faxed to (202) 720-4628. SUPPLEMENTARY INFORMATION:

Executive Order 12866

This rule has been determined to be nonsignificant for the purpose of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

Executive Order 12988

This proposed rule has been reviewed under Executive Order 12988, Civil Justice Reform. This action is not intended to have a retroactive effect. The USGSA provides in § 87g that no subdivision may require or impose any requirements or restrictions concerning the inspection, weighing, or description of grain under the Act. Otherwise, this proposed rule will not preempt any State or local laws, regulations, or policies unless they present irreconcilable conflict with this proposed rule. There are no administrative procedures which must be exhausted prior to any judicial challenge to the provisions of this proposed rule.

Effects on Small Entities

James R. Baker, Administrator, GIPSA, has determined that this proposed rule will not have a significant economic impact on a substantial number of small entities as defined in the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Most users of GIPSA inspection and weighing services do not meet the requirements for small entities. GIPSA is required by statute to make services available and to recover costs of providing such services, as nearly as practicable.

The proposed fee revisions are primarily applicable to entities engaged in the export of grain. Under provisions of the USGSA, most grain exported from U.S. export port locations must be officially inspected and weighed. Mandatory inspection and weighing services are provided by GIPSA on a fee basis at 37 export facilities. All of the export facilities are owned and managed by multi-national corporations, large cooperatives, or public entities that do not meet the criteria for small entities as defined under the Regulatory Flexibility Act and the regulations issued thereunder. Some users of the service who request non-mandatory official

inspection and weighing services (most of which represent appeals) at other than export locations could be considered small entities. However, these fee increases merely reflect the cost-of-living increases in Federal salaries for hourly, certain unit fees, and that portion of the administrative tonnage fee.

In fiscal year 1997, GIPSA's obligations were \$22,972,026 with revenue of \$21,527,695, resulting in a loss of \$1,444,331 and retained earnings of negative \$419,417. In fiscal year 1998, as of July 31, 1998, GIPSA's obligations were \$19,151,659 with revenue of \$18,254,972 and retained earnings of negative \$1,337,572. GIPSA cannot absorb the approximate 3.6 percent increase in salary costs with the existing deficit in retained earnings. Additionally, GIPSA will continue to monitor its costs to improve operating efficiencies, and adopt cost saving measures, where possible and practicable.

The increase in fees will not have a significant impact on either small or large entities. GIPSA estimates an annual increase of \$550,000 in revenue based on a work volume of 74,045,472 metric tons, the equivalent to fiscal year 1997.

Information Collection and Recordkeeping Requirements

In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the information collection and recordkeeping requirements in Part 800 have been previously approved by the Office of Management and Budget under control number 0580-0013.

Background

The USGSA requires GIPSA to charge and collect reasonable fees for performing official inspection and weighing services. The fees are to cover, as nearly as practicable, GIPSA's costs for performing these services, including related administrative and supervisory costs.

The proposed fee increases generate the additional revenue required to recover operational costs created by a January 1999 cost-of-living increase to Federal salaries. The average salary increase for GIPSA employees in calendar year 1999 is approximately 3.6 percent. This proposed action is being taken to ensure that the service fees charged by GIPSA generate adequate

revenue to cover the additional costs created by the January 1999 Federal salary increase.

The current USGSA fees were published in the **Federal Register** on June 16, 1998 (63 FR 32713), and

became effective on July 1, 1998. In addition, GIPSA published a revised fee schedule on June 30, 1998 (63 FR 35502), effective July 1, 1998, to establish fees for corn oil, protein, and starch testing services. The hourly fees

covered by this proposal generate revenue to cover the basic salary, benefits, and leave for those employees providing direct service delivery. The current hourly fees are:

	Monday to Friday (6 a.m. to 6 p.m.)	Monday to Friday (6 p.m. to 6 a.m.)	Saturday, Sunday, and over time	Holidays
1-year contract	\$24.40	\$26.40	\$34.40	\$41.40
6-month contract	26.80	28.60	36.60	47.80
3-month contract	30.60	31.60	39.80	49.40
Noncontract	35.40	37.40	45.40	55.80

GIPSA has also identified certain unit fees, for services not performed at an applicant's facility, that contain direct labor costs. Further, GIPSA has identified those costs associated with salaries and benefits that are covered by the administrative metric tonnage fee. The 3.6 percent cost-of-living increase to salaries and benefits covered by the administrative metric tonnage fee¹ results in an average overall increase of an average of 1.2 percent to the administrative tonnage fee. Other associated costs, including non salary related overhead, are collected through the fees contained in the fee schedule and are not included under this proposal.

The amount of revenue collected as a result of this proposal is a direct function of the work volume. GIPSA estimates an increase of \$550,000 in revenue based on a work volume of 74,045,472 metric tons, the equivalent to fiscal year 1997. If GIPSA foregoes this adjustment, GIPSA will incur a net loss equivalent approximately to the 3.6 percent increase in salaries for every hour paid to an employee.

In fiscal year 1997, GIPSA's obligations were \$22,972,026 with

revenue of \$21,527,695, resulting in a loss of \$1,444,331 and retained earnings of negative \$419,417. In fiscal year 1998, as of July 31, GIPSA's obligations were \$19,151,659 with revenue of \$18,254,972 and retained earnings of negative \$1,337,572. GIPSA cannot afford to absorb an additional \$550,000 loss due to the approximate 3.6 percent increase in salary costs with the existing deficit in retained earnings. Additionally, GIPSA will continue to monitor its costs to improve operating efficiencies, and adopt cost saving measures, where possible and practicable.

Proposed Action

GIPSA proposes to apply an approximate 3.6 percent increase to those hourly rates, certain unit rates, and an average 1.2 percent increase to the administrative tonnage fee in 7 CFR 800.71, Table 1—Fees for Official Services Performed at an Applicant's Facility in an Onsite GIPSA Laboratory; Table 2—Services Performed at Other Than an Applicant's Facility in a GIPSA Laboratory; and Table 3, Miscellaneous Services.

In reviewing the fee schedule to identify fees that would require an approximate 3.6 percent increase, GIPSA has identified several fees that, under the current fee schedule, are at levels that would not require any change. Accordingly, these fees would remain the same at this time.

SUPPLEMENTARY INFORMATION:

Background

On July 23, 1998 (63 FR 39522) the NRC published in the **Federal Register** an advance notice of proposed rulemaking (ANPR) to announce a contemplated rulemaking that would modify reporting requirements for nuclear power reactors. Among other things, the ANPR requested public comments on whether the NRC should proceed with rulemaking to modify the event reporting requirements in 10 CFR 50.72, "Immediate notification requirements for operating nuclear power reactors," and 50.73, "Licensee event report system," and several
