

pursuant to applicable State laws and regulations.

**FOR FURTHER INFORMATION CONTACT:** Wallace Brittain, National Park Service, Southeast Region, Atlanta Federal Center, 1924 Building, 100 Alabama Street, S.W., Atlanta, Georgia, 30303; or telephone 404-562-3175.

**SUPPLEMENTARY INFORMATION:** On April 15, 1996, North Carolina Governor James Hunt petitioned the Secretary of the Interior to add a segment of the Lumber River to the National Wild and Scenic Rivers System. Section 2(a)(ii) of the Wild and Scenic Rivers Act allows a Governor to request that rivers already protected in a State System be included in the National System. In his application, Governor Hunt requested that 115 miles of the Lumber River be designated.

The responsibility for making determinations of eligibility has been delegated to the National Park Service. Requirements for the National Environmental Policy Act, Wild and Scenic Rivers Act, Clean Water Act, Endangered Species Act, Migratory Bird Conservation Act, National Preservation Act, all NPS directives, and all applicable executive orders were followed throughout this study. All existing and proposed river management plans have likewise complied with all provisions of relevant statutes, regulations, and executive orders.

A draft of the National Park Service's eligibility report and environmental assessment was released for a 45-day public review period beginning on April 6, 1998. The review period was extended 21 days; all comments postmarked by June 12, 1998, were considered timely. Twenty-three comments were received; all letters supported designation, none opposed.

The National Park Service found that 81 miles met the four criteria that a state-managed river must meet under the Act. These criteria are: (1) designation of the river into a State river protection system; (2) management of the river by a political subdivision of the State; (3) possession of eligibility criteria common to all national wild and scenic rivers, that is, the river is free-flowing and possesses one or more outstandingly remarkable values; (4) the existence of effective mechanisms and regulations to protect the Lumber River without Federal management.

Based on the recommendations of the National Park Service and a review of all relevant documents, I have determined that 81 miles of the Lumber River, from State Route 1412/1203 (River Mile 0) to the Scotland/Robeson

County lines at the end of the Maxton Airport Swamp (approximately River Mile 22) and the reach of the Lumber River including the city of Lumberton (River Mile 56) to the North Carolina/South Carolina border (River Mile 115), be designated as parts of the National Wild and Scenic Rivers System. The portions of the 81 miles that flow through the city of Lumberton and the town of Fair Bluff are classified as Recreational; the rest is classified as Scenic.

Dated: September 25, 1998.

**Bruce Babbitt,**

*Secretary of the Interior.*

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Proposed Land Exchange: Alexandria Waterfront, Alexandria, Virginia

**SUMMARY:** Notice is hereby given that the National Park Service (NPS) is proposing to conduct an exchange of land interests with , a Delaware corporation, WATERFRONT I CORPORATION, A Delaware corporation, CORNERSTONE 99 CANAL, L.L.C., a Delaware limited liability company and CORNERSTONE 11 CANAL, L.O.C., a Delaware limited liability company, the owners of the TransPotomac Canal Center office park located in Alexandria, Virginia, (owners).

**FOR FURTHER INFORMATION CONTACT:** Chief, Land Resources Program Center, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

**SUPPLEMENTARY INFORMATION:** Public Law 90-401, enacted July 15, 1968, authorizes the Secretary of the Interior to accept title to any non-Federal property or interest therein within a unit of the National Park System or miscellaneous area under his administration, and in exchange therefor he may convey to the grantor of such property or interest any Federally-owned property or interest therein under his jurisdiction which he determines is suitable for exchange or other disposal and which is located in the same State as the non-Federal property to be acquired. Such an exchange of land or interests therein must be conducted in accordance with all NPS Land Exchange Guidelines and provide the appropriate Congressional committees a 30-day period in which to examine the exchange proposal.

By virtue of a Deed dated April 18, 1983, and recorded among the Land Records of the City of Alexandria, Virginia, in Deed Book 1111, Page 1351, the United States acquired certain interests in real property located adjacent to the shoreline of the Potomac River in Alexandria, Virginia. The property is more particularly described as "Parcel B" in the aforementioned Deed, and is currently improved by four (4) commercial buildings which comprise the TransPotomac Canal Center office park located at Canal Center Plaza, Alexandria, Virginia. The interests in real property acquired by the United States restrict the future use of portions of the above referenced property. A particular restriction placed upon the property by the United States requires that 30,000 square feet of floor space within specified portions of the TransPotomac Canal Center office part be devoted to non-office uses. In requiring a portion of the property to be dedicated to non-office uses, the United States intended to create a lively and vibrant waterfront through the establishment of commercial enterprises that would attract the public to this segment of the waterfront.

However, throughout the ten (10) year history of the TransPortomac Canal Center office park, the owners have been unable to attain a profitable occupancy rate of that portion of their development which is subject to the use restrictions implemented by the United States. The local market conditions which have hampered the owners' efforts to attract and sustain non-office users to the TransPotomac Canal Center have also hindered the creation of a lively and vibrant waterfront to this portion of the Alexandria Waterfront as envisioned by the implementation of the Deed restrictions. Thus, until market conditions for attracting non-office users to the TransPotomac Canal Center improve, the owners are desirous of the United States relinquishing for a period of ten (10) years, its interests in restricting the use of 30,000 square feet of floor space to non-office uses. In return for the United States releasing the owners from the non-office use restriction for a period of ten (10) years, the owners have agreed to provide the United States with a leasehold interest for a term of ten (10) years, to run concurrently with the term for which the United States will relinquish its interests in restricting the use of a portion of the owners development, for the use and occupancy of approximately 3,300 square feet of retail/office space in 44 Canal Center Plaza, Alexandria, Virginia, together with reserved parking

for six (6) vehicles within the TransPotomac Canal Center parking garage.

The NPS has concluded that the proposed exchange of land interests will have no impact either directly or indirectly on natural or cultural resources associated with the waterfront of Alexandria, Virginia. Due to the nature of the land interests to be exchanged, the NPS concluded that a survey to determine the presence of contamination was not required. The NPS has also determined that the 10-year leasehold interest the owners will convey to the United States in addition to the owners' agreement to provide continued support to promote a lively and vibrant waterfront through the sponsorship of certain public events and to actively engage in marketing the designated non-office space for lease by non-office users are approximately equal in value to that of the United States' 10-year relinquishment of certain restrictions currently imposed upon a portion of the owners property and as such will not require an appraisal of the interests in land to be exchange.

Detailed information concerning this proposed exchange is available from the Land Resources program Center National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become the final determination of the NPS.

Dated: September 28, 1998.

**Terry R. Carlstrom,**

*Regional Director, National Capital Region.*

## DEPARTMENT OF JUSTICE

### Office of Community Oriented Policing Services; Agency Information Collection Activities: Proposed Collection; Comment Request

**ACTION:** Notice of Information Collection Under Review; COPS MORE '96 28 CFR Part 23 Certification.

The Department of Justice, Office of Community Oriented Policing Services has submitted the following information collection request for review and clearance in accordance with the Paperwork Reduction Act of 1995. The Office of Management and Budget

approval is being sought for the information collection listed below.

This proposed information collection was previously published in the **Federal Register** on June 2, 1998, allowing for a 60-day public comment period.

The purpose of this notice is to allow an additional 30 days for public comment until November 5, 1998. This process is conducted in accordance with 5 CFR 1320.10.

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Department of Justice Desk Officer, Washington, DC 20530. Additionally, comments may be submitted to OMB via facsimile to (202) 395-7285. Comments may also be submitted to the Department of Justice (DOJ), Justice Management Division, Information Management and Security Staff, Attention: Department Deputy Clearance Officer, Suite 850, 1001 G Street, NW, Washington, DC 20530.

Written comments and/or suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information:

(1) *Type of information collection:* Extension of previously approved collection.

(2) *The title of the form/collection:* Survey Protocol: COPS MORE '96 28 CFR Part 23 Certification.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* COPS 25/01. Office of Community

Oriented Policing Services, United States Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:*

*Primary:* State, Local, or Tribal Government.

*Other:* none. This information collection is necessary to establish that each grantee that has received funding under the COPS MORE '96 grant program is either in compliance with the operating principles set forth in 28 CFR 23.20 or that the regulation is not applicable.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* The time burden of the 1,100 respondents to complete the surveys is 5 hours and 10 minutes per application.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual hour burden to complete application for the COPS MORE '96 28 CFR part 23 Certification is 5,518 annual burden hours.

If additional information is required contact: Ms. Brenda Dyer, Deputy Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street, NW, Washington, DC 20530.

Dated: September 30, 1998.

**Brenda E. Dyer,**

*Department Deputy Clearance Officer, United States Department of Justice.*
