The NPS has concluded that the proposed exchange of land interests will have no impact either directly or indirectly on natural or cultural resources associated with the waterfront of Alexandria, Virginia. Due to the nature of the land interests to be exchanged, the NPS concluded that a survey to determine the presence of contamination was not required. The NPS has also determined that the 10-year leasehold interest the owners will convey to the United States in addition to the owners' agreement to provide continued support to promote a lively and vibrant waterfront through the sponsorship of certain public events and to actively engage in marketing the designated non-office space for lease by non-office users are approximately equal in value to that of the United States' 10-year relinquishment of certain restrictions currently imposed upon a portion of the owners property and as such will not require an appraisal of the interests in land to be exchange.

Detailed information concerning this proposed exchange is available from the Land Resources program Center National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become the final determination of the NPS.

Dated: September 28, 1998.
