

must provide sufficient information to show that a genuine dispute exists with the applicant on a material issue of law or fact. Contentions shall be limited to matters within the scope of the amendment under consideration. The contention must be one which, if proven, would entitle the petitioner to relief. A petitioner who fails to file such a supplement which satisfies these requirements with respect to at least one contention will not be permitted to participate as a party.

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing, including the opportunity to present evidence and cross-examine witnesses. Since the Commission has made a final determination that the amendment involves no significant hazards consideration, if a hearing is requested, it will not stay the effectiveness of the amendment. Any hearing held would take place while the amendment is in effect.

A request for a hearing or a petition for leave to intervene must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff or may be delivered to the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, by the above date. A copy of the petition should also be sent to the Office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and to the attorney for the licensee.

Nontimely filings of petitions for leave to intervene, amended petitions, supplemental petitions and/or requests for a hearing will not be entertained absent a determination by the Commission, the presiding officer or the Atomic Safety and Licensing Board that the petition and/or request should be granted based upon a balancing of the factors specified in 10 CFR 2.714(a)(1)(i)-(v) and 2.714(d).

### Extension; Comment Request

Form S-6—File No. 270-181—OMB Control No. 3235-0184

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 [44 U.S.C. 3501 *et seq.*], the Securities and Exchange Commission

("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

*Form S-6—For Registration under the Securities Act of 1933 of Securities of Unit Investment Trusts Registered on Form N-8B-2.* Unit investment trusts offering their securities to the public are required by two separate statutes to file registration statements with the Commission. They are required to register their securities under the Securities Act of 1933 ("1933 Act"), and to register as investment companies under the Investment Company Act of 1940 ("1940 Act").

Form S-6 is used for registration under the 1933 Act of the securities of any unit investment trust registered under the 1940 Act on Form N-8B-2.<sup>1</sup> A separate registration statement under the 1933 Act must be filed for each series of units issued by the trust. Form S-6 consists of two parts. Part I contains the prospectus and Part II consists of a list of exhibits and financial information and contains other information required in the registration statement but not required to appear in the prospectus.

Section 10(a)(3) of the 1933 Act [15 U.S.C. 77j(a)(3)] provides that when a prospectus is used more than nine months after the effective date of the registration statement, the information therein shall be as of a date not more than sixteen months prior to such use. Unit investment trusts file post-effective amendments to their registration statements on Form S-6 in order to update their prospectuses. As a result, most unit investment trusts update their registration statements on Form S-6 on an annual basis in order that their sponsors may continue to maintain a secondary market in the units.

The purpose of the registration statement on Form S-6 is to provide disclosure of financial and other information that investors may use to make informed decisions regarding the merits of the securities offered for sale. To that end, unit investment trusts must furnish to investors a prospectus containing pertinent information set forth in the registration statement. Without the registration requirement, this material information would not

necessarily be available to investors. The Commission reviews registration statements filed on Form S-6 to ensure adequate disclosure is made to investors.

Each year approximately 3,600 investment companies file a Form S-6. The Commission estimates that preparing Form S-6 requires a unit investment trust to spend approximately 35 hours so that the total burden of preparing Form S-6 for all affected investment companies is 126,000 hours. Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Michael E. Bartell, Associate Executive Director, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549.

Dated: September 30, 1998.
