SUPPLEMENTARY INFORMATION: Section 108 of the IHCIA, as amended by Public laws 100-713 and 102-573, authorizes the IHS Loan Repayment Program and provides in pertinent part as follows:

The Secretary, acting through the Service, shall establish a program to be known as the Indian Health Service Loan Repayment Program (hereinafter referred to as the "Loan Repayment Program") in order to assure an

adequate supply of trained health professionals necessary to maintain accreditation of, and provide health care services to Indians through, Indian health programs.

Section 4(n) of the IHCIA, as amended by the Indian Health Care Improvement Technical Corrections Act of 1996, Public Law 104-313, provides that:

"Health Profession" means allopathic medicine, family medicine, internal medicine, pediatrics, geriatric medicine, obstetrics and gynecology, podiatric medicine, nursing, public health nursing, dentistry, psychiatry, osteopathy, optometry, pharmacy, psychology, public health, social work, marriage and family therapy, chiropractic medicine, environmental health and engineering, an allied health profession, or any other health profession.

For the purposes of this program, the term "Indian health program" is defined in Section 108(a)(2)(A), as follows:

* * * any health program or facility funded, in whole or in part, by the IHS for the benefit of American Indians and Alaska Natives and administered:

- a. Directly by the service; or
- b. By any Indian tribe or tribal or Indian organization pursuant to a contract under:
 - (1) The Indian Self-Determination Act; or
 - (2) Section 23 of the Act of April 30, 1908, (25 U.S.C. 47), popularly known as the Buy Indian Act; or
 - (3) By an urban Indian organization pursuant to Title V of this act.

Applicants may sign contractual agreements with the Secretary for 2 years. The IHS will repay all or a portion of the applicant's health professions educational loans (undergraduate and graduate) for tuition expenses and reasonable educational and living expenses in amounts up to \$30,000 per year for each year of contracted service to be made in annual payments to the participant for the purpose of repaying his/her outstanding health professions educational loans. Repayment of health professions educational loans will be made to the participant within 120 days after the participant's entry on duty has been confirmed by the IHS.

The Secretary must approve the contract before the disbursement of loan repayments can be made to the participant. Participants will be required to fulfill their contract service agreements through full-time clinical practice at an Indian health program site determined by the Secretary. Loan repayment sites are characterized by physical, cultural, and professional isolation, and have histories of frequent staff turnover. All Indian health program sites are annually prioritized within the Agency by discipline, based on need or vacancy.

All health professionals will receive up to \$30,000 per year, regardless of their length of contract. Where payments under the Loan Repayment Program result in an increase in Federal income tax liability, the IHS will pay up to 31 percent of the participant's total loan repayments to the Internal Revenue Service on the participant's behalf for all or part of the increased tax liability of the participant.

Pursuant to Section 108(b), to be eligible to participate in the Loan Repayment Program, an individual must:

(1) A. Be enrolled:

(1) In a course of study or program in an accredited institution, as determined by the Secretary, within any State and be scheduled to complete such course of study in the same year such individual applies to participate in the Loan Repayment Program. (This includes the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau); or

(ii) In an approved graduate training program in a health profession; or

B. Have a degree in a health profession and a license to practice; and

(2) A. Be eligible for or hold an appointment as a Commissioned Officer in the Regular or Reserve Corps of the Public Health Service; or

B. Be eligible for selection for civilian service in the Regular or Reserve Corps of the Public Health Service; or

C. Meet the professional standards for civil service employment in the IHS; or

D. Be employed in an Indian health program without service obligation; AND

(3) Submit to the Secretary an application and contract to the Loan Repayment Program; AND

(4) Sign and submit to the Secretary, a written contract agreeing to accept repayment of educational loans and to serve for the applicable period of obligated service in a priority site as determined by the Secretary; AND

(5) Sign an affidavit attesting to the fact that they have been informed of the relative merits of the U.S. Public Health Service Commissioned Corps and the Civil Service as employment options.

Once the applicant is approved for participation in the Loan Repayment Program, the applicant will receive confirmation of his/her loan repayment award and the duty site at which he/she will serve his/her loan repayment obligation.

The IHS has identified the position in each Indian health program for which there is a need or vacancy and ranked those positions in order of priority by developing discipline-specific prioritized lists of sites. Ranking criteria for these sites include the following:

- Historically critical shortages caused by frequent staff turnover;
- Current unmatched vacancies in a Health Profession Discipline;
- Projected vacancies in a Health Profession Discipline;
- Ensuring that the staffing needs of Indian health programs administered by an Indian tribe or tribal or health organization receive consideration on an equal basis with programs that are administered directly by the Service; and

- Giving priority to vacancies in Indian health programs that have a need for health professionals to provide health care services as a result of individuals having breached Loan Repayment Program contracts entered into under this section. Consistent with this priority ranking, in determining which applications to approve and which contracts to accept, the IHS will give priority to applications made by American Indians and Alaska Natives and to individuals recruited through the efforts of Indian tribes or tribal or Indian organizations.

- With respect to priorities among the various health professions, the statute requires that of the total amount appropriated for FY 1999 for loan repayment contracts, not less than 25 percent be provided to applicants who are nurses, nurse practitioners, or nurse midwives and not less than 10 percent be provided to applicants who are mental health professionals (other than nurses, nurse practitioners, or nurse midwives). The agency has also set aside 10 percent of the appropriated amount for dentists. This requirement does not apply if the number of applicants from these groups, respectively, is not sufficient to meet the requirement.

- Subject to the above statutory priority for nurses and mental health practitioners, the IHS will give priority in funding among health professionals to physicians in the following priority specialties: anesthesiology, emergency room medicine, general surgery, obstetrics/gynecology, ophthalmology, orthopedic surgery, otolaryngology/otorhinolaryngology, psychiatry, radiology and dentistry.

The following factors are equal in weight when applied, and are applied when all other criteria are equal and a selection must be made between applicants.

One or all of the following factors may be applicable to an applicant, and the applicant who has the most of these factors, all other criteria being equal, would be selected.

- An applicant's length of current employment in the IHS, tribal, or urban program.

- Availability for service earlier than other applicants (first come, first served); and

- Date the individual's application was received.

Any individual who enters this program and satisfactorily completes his or her obligated period of service may apply to extend the contract on a year-by-year basis, as determined by the IHS, up to the maximum amount of \$30,000 per year plus an additional 31 percent for Federal Withholding. If funds are available, the maximum amount will be funded in this manner and will not exceed the total of the individual's outstanding eligible health professions educational loans.

Any individual who owes an obligation for health professional service to the Federal Government, a State, or other entity is not eligible for the Loan Repayment Program unless the obligation will be completely satisfied before they begin service under this program.

This program is not subject to review under Executive Order 12372.

The Catalog of Federal Domestic Assistance number is 93.164.

Dated: October 2, 1998.

Acting Director.
