#### SUPPLEMENTARY INFORMATION:

**Affected entities:** Entities potentially affected by this action are those which generate hazardous waste and/or operate hazardous waste facilities.

**Title:** 1999 Hazardous Waste Report, OMB Control Number 2040-0024, EPA ICR No. 976.08, expiring 9/30/99.

**Abstract:** Generators of hazardous waste and owners/operators of hazardous waste facilities must compile, under RCRA sections 3002 and 3004, a biennial report of information on location, amount, and description of hazardous waste generated and how it was managed. EPA uses this information to understand the population of the regulated community and to expand its database of information for rulemaking and compliance with statutory requirements. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

**Burden Statement:** EPA estimates that 15,430 facilities will complete the 1999 Hazardous Waste Report, resulting in an estimated respondent burden of 152,725 hours annually, and an estimated cost to respondents of \$6,415,568 annually. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.
