Paperwork Reduction Act

This *Order on Reconsideration* has been analyzed with respect to the Paperwork Reduction Act of 1995 and has been found to contain no new or modified information collection requirements on the public.

Synopsis of Order on Reconsideration

1. On August 7, 1997, the Commission adopted a Report and Order ("R&O"), summarized at 62 FR 48487 (September 16, 1997), implementing section 713 of the Communications Act of 1934, as amended, 47 U.S.C. 613. Section 713 required the Commission to prescribe rules and implementation schedules for the closed captioning of video programming and to establish appropriate exemptions. The *Order on Reconsideration* ("Order") addresses nine petitions for reconsideration of the *Report and Order*. By this *Order*, the Commission amends its closed captioning rules, in part, in response to the petitions for reconsideration in order to better ensure the accessibility of video programming to persons with hearing disabilities.

2. Section 713 generally required the Commission to ensure that "video programming first published or exhibited after the effective date of such rules is fully accessible through the provision of closed caption * * *" In the *R&O*, the Commission adopted an eight year transition period for the captioning of new nonexempt programming (i.e., that first published or exhibited on or after January 1, 1998, the effective date of the rules). The Commission established interim benchmarks for required amounts of closed captioning during the transition period. Effective January 1, 2006, the end of the transition period, 95% of all new nonexempt video programming provided on each channel during each calendar quarter was required to be captioned.

3. On reconsideration, we conclude that our decision to consider the captioning of 95% of each channel's new nonexempt video programming to be fully accessible is not consistent with Congress' objective when it enacted Section 713. Therefore, we define full accessibility to be the captioning of 100% of all new nonexempt video programming and will require all such programming to be captioned at the end of the eight year transition period. Accordingly, after January 1, 2006, 100% of the programming of each channel's new nonexempt video

¹ The Report and Order in MM docket 97-145 substituted Channel 295A for Channel 221C2 at Stamford, Texas. See 62 FR 66826, December 22, 1997.
