National Park Service

National Register of Historic Places; Notification of Pending Nominations

Nominations for the following properties being considered for listing in the National Register were received by the National Park Service before October 10, 1998. Pursuant to section 60.13 of 36 CFR Part 60 written comments concerning the significance of these properties under the National Register criteria for evaluation may be forwarded to the National Register, National Park Service, 1849 C St. NW, NC400, Washington, DC 20240. Written comments should be submitted by November 4, 1998.

Carol D. Shull,

Keeper of the National Register.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Quarterly Status Report of Water Service and Repayment Contract Negotiations

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given of proposed contractual actions that are new, modified, discontinued, or completed since the last publication of this notice on July 27, 1998. The January 27, 1998, (63 FR 3913), notice should be used as a reference point to identify changes. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities. Additional Bureau of Reclamation (Reclamation) announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as

appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the supplementary information.

FOR FURTHER INFORMATION CONTACT: Alonzo Knapp, Manager, Reclamation Law, Contracts, and Repayment Office, Bureau of Reclamation, PO Box 25007, Denver, Colorado 80225-0007; telephone 303-445-2889.

SUPPLEMENTARY INFORMATION: Pursuant to section 226 of the Reclamation Reform Act of 1982 (96 Stat. 1273) and 43 CFR 426.20 of the rules and regulations published in 52 FR 11954, Apr. 13, 1987, Reclamation will publish notice of the proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, Feb. 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. Each proposed action is, or is expected to be, in some stage of the contract negotiation process in 1998. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those

parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act (80 Stat. 383), as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to: (i) The significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. As a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.

Pacific Northwest Region: Bureau of Reclamation, 1150 North Curtis Road, Boise, Idaho 83706-1234, telephone 208-378-5346. Completed contract actions:

10. Lewiston Orchards ID, Lewiston Orchards Project, Idaho: Repayment contract for reimbursable cost of dam safety repairs to Reservoir "A." Contract was executed September 29, 1998.

Discontinued contract actions:
 6. Douglas County, Milltown Hill Project, Oregon: SRPA loan repayment contract; proposed combination loan and grant obligation of approximately \$31 million. Douglas County Commissioners have tabled the project due to environmental considerations.

Mid-Pacific Region: Bureau of Reclamation, 2800 Cottage Way, Sacramento, California 95825-1898, telephone 916-979-2401.

New contract actions:
 31. Solano County Water Agency and Solano ID, Solano Project, California: Contract to transfer responsibility for O&M of Monticello Dam, Putah Diversion Dam, Putah South Canal, Headworks of Putah South Canal, and Parshall Flume at Milepost 0.18 of Putah South Canal to Solano ID and provide that the Solano County Water Agency shall provide the funds necessary for O&M of the facilities.

32. Tuolumne Utility District (formerly Tuolumne Regional WD), CVP, California: Water service contract for up to 9,000 acre-feet from New Melones Reservoir.

33. Reno, Sparks, Washoe County, State of Nevada, State of California, Town of Fernley, Nevada, Truckee-Carson ID, and any other local interest or Native-American Tribal interest, who may have negotiated rights under Public Law 101-618; Nevada and California: Contract for the storage of non-Federal water in Truckee River reservoirs as authorized by Public Law 101-618 and consistent with the terms and conditions of the proposed Truckee River Operating Agreement.

Modified contract actions:
 8. Sutter Extension WD, Biggs-West Gridley WD, Buena Vista Water Storage District, and the State of California Department of Water Resources, CVP, California: Pursuant to Public Law 102-575, conveyance agreements for the purpose of wheeling refuge water supplies and funding District facility improvements and exchange agreements to provide water for refuge and private wetlands.

23. Sierra Pacific Power Company and Washoe County Water Conservation

District, Washoe and Truckee Storage Projects, Nevada and California: Contract for the storage of non-Federal water in Truckee River reservoirs as authorized by Pub. L. 101-618 and consistent with the terms and conditions of the proposed Truckee River Operating Agreement.

Completed contract actions:

8. Sutter Extension WD, Biggs-West Gridley WD, Buena Vista Water Storage District, and the State of California Department of Water Resources, CVP, California: Pursuant to Pub. L. 102-575, conveyance agreements for the purpose of wheeling refuge water supplies and funding District facility improvements and exchange agreements to provide water for refuge and private wetlands. Two agreements with Glenn-Colusa ID executed on September 30, 1998 (no. 1425-98-FC-20-17630 for construction improvements to Glenn-Colusa ID's facilities and no. 1425-98-FC-20-17620 for a 50-year wheeling agreement).

Lower Colorado Region: Bureau of Reclamation, PO Box 61470 (Nevada Highway and Park Street), Boulder City, Nevada 89006-1470, telephone 702-293-8536.

New contract actions:

57. McMicken ID, CAP, Arizona: Assignment of 486 acre-feet of M&I water to the City of Peoria.

58. ASARCO INC., CAP, Arizona: Amendment to extend deadline for giving Notice of Termination on exchange subcontract.

59. BHP Copper, Inc., CAP, Arizona: Amendment to extend deadline for giving Notice of Termination on exchange subcontract.

60. Cyprus Miami Mining Corporation, CAP, Arizona: Amendment to extend deadline for giving Notice of Termination on exchange subcontract.

61. San Carlos-Apache Tribe, CAP, Arizona: Agreement among the United States, San Carlos-Apache Tribe, Salt River Project Agricultural Improvement and Power District, and Salt River Valley Water Users' Association for exchange of up to 14,000 acre-feet of Black River Water for CAP water.

62. San Carlos-Apache Tribe, CAP, Arizona: Agreement among the United States, San Carlos-Apache Tribe, and Phelps Dodge Corporation for the lease of Black River water.

63. San Carlos Apache Tribe, CAP, Arizona: Amendatory contract to increase the Tribe's CAP water entitlement pursuant to the San Carlos Apache Tribe Water Rights Settlement Act.

64. United States, BCP, California/Arizona: Contracts to store water from the Colorado River and other sources for future Federal purposes.

Modified contract actions:

4. Brooke Water Co., Havasu Water Co., City of Quartzsite, and Arizona State Land Department, BCP, Arizona: Contracts for additional M&I allocations of Colorado River water to entities located along the Colorado River in Arizona for up to 2,657 acre-feet per year as recommended by the Arizona Department of Water Resources.

Completed contract actions:

4. McAllister Subdivision, BCP, Arizona: Contract for additional M&I allocation of Colorado River water for 40 acre-feet per year.

11. Windsor Beach State Park, Lake Havasu City, BCP, Arizona: Contract for 90 acre-feet entitlement to Colorado River domestic water.

20. Gila River Indian Community, CAP, Arizona: Master repayment/O&M contract for the CAP-funded distribution system to serve up to approximately 77,000 acres of land.

45. Arizona State Lands, CAP, Arizona: Assignment of 3,900 acre-feet of CAP water to the City of Scottsdale.

46. Town of Youngstown, CAP, Arizona: Assignment of 380 acre-feet of CAP water to Sun City Water Co.

47. Sun City Water Co., CAP, Arizona: Assignment of 9,654 acre-feet to Citizens Utilities, Aqua Fria Division.

49. City of Scottsdale, CAP, Arizona: Assignment of 3,232 acre-feet of CAP water annually from Cottonwood Water Works, Inc., and Camp Verde Water System, Inc.

52. City of Tucson, CAP, Arizona: Assignment of 9,500 acre-feet of M&I water to First Trust of Arizona.

53. First Trust of Arizona, CAP, Arizona: Partial assignment of 8,852 acre-feet of M&I water to Metropolitan Domestic Water Improvement District.

54. First Trust of Arizona, CAP, Arizona: Partial assignment of 642 acre-feet of M&I water to Oro Valley.

55. Camp Verde Water System, CAP, Arizona: Assignment of 1,443 acre-feet of M&I water to the City of Scottsdale.

56. Cottonwood Water Works, Inc., CAP, Arizona: Assignment of 1,789 acre-feet of M&I water to the City of Scottsdale.

Upper Colorado Region: Bureau of Reclamation, 125 South State Street, Room 6107, Salt Lake City, Utah 84138-1102, telephone 801-524-4419.

New contract actions:

1(i) Harrison F. Russell and Patricia E. Russell, Aspinall Unit, CRSP, Colorado: Contract for 1 acre-foot to support an augmentation plan, Case No. 97CW39, Water Division Court No. 4, State of Colorado, to provide for single-family residential well, including home, lawn, and noncommercial livestock watering.

1(j) Frank M. Colman, Karen Edstrom, William and Lorena Gunn, Emily

Vernon, and Williams E. Williams, Aspinall Unit, CRSP, Colorado: Contract for 3 acre-feet to support augmentation plans, Water Division Court No. 4, State of Colorado, to provide for single-family residential use, irrigation, fire protection, and livestock watering.

Completed contract actions:

1(c) East Alum Creek Ranch Corporation, Aspinall Unit, CRSP, Colorado: Contract for 23 acre-feet to support an augmentation plan, Case No. 97CW198, Water Division Court No. 4, State of Colorado, to provide East Alum Creek Ranch Subdivision with domestic, lawn irrigation, pond evaporation, and livestock water.

1(d) Horizon Ranch Corporation, Aspinall Unit, CRSP, Colorado: Contract for 4 acre-feet to support an augmentation plan, Case No. 97CW201, Water Division Court No. 4, State of Colorado, to provide Horizon Ranch with domestic, lawn irrigation, pond evaporation, and livestock water.

1(g) TransColorado Gas Transmission Company, Aspinall Unit, CRSP, Colorado: One-year contract for 15 acre-feet of water to be used for hydrostatic testing of a natural gas pipeline and dust abatement in construction area.

25. Robbins Ranches, Mancos Project, Colorado: Long-term contract for the carriage of 2.5 cfs of water for irrigation purposes under the authority of the Warren Act of 1911.

Great Plains Region: Bureau of Reclamation, PO Box 36900, Federal Building, 316 North 26th Street, Billings, Montana 59107-6900, telephone 406-247-7730.

New contract actions:

34. Canadian River Project, Texas: Contract to allow correction of groundwater source to project pipeline. Pending NEPA completion and Regional Director signature.

35. Savage ID, P-SMBP: Contract with district has expired. Preparing an interim contract to continue district operations until a long-term contract can be negotiated.

Modified contract actions:

14. Northwest Area Water Supply, North Dakota: Long-term contract for water supply from Garrison Diversion Unit facilities. Negotiations are pending.

15. Fort Shaw and Greenfields IDs, Sun River Project, Montana: Contract for SOD costs for repairs to Willow Creek Dam. Greenfields ID has signed a 1-year repayment contract for its share of the SOD costs. The basis of negotiation is in the process of being revised to extend the repayment term.

Completed contract actions:

30. Fryingpan-Arkansas Project, Colorado: Repayment contract with Southeastern Colorado Water

Conservancy District for repayment of cost of SOD modifications to Pueblo Dam.

Dated: October 13, 1998.

Wayne O. Deason,

Deputy Director, Program Analysis Office.

BILLING CODE 4310-94-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Arrowrock Dam Outlet Works Rehabilitation, Boise, ID

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) intends to prepare an environmental impact statement (EIS) for the proposed rehabilitation of the outlet works at Arrowrock Dam on the Boise River near Boise, Idaho. The purpose of the proposed rehabilitation is to reduce the maintenance requirements of the existing outlet works, which are past their useful life, while meeting the operational needs of the dam for irrigation and flood control. The current proposal is to remove some of the existing outlet works and install 10 clamshell gates. This work will require operational changes during construction, including prolonged drawdown of Arrowrock Reservoir.

FOR FURTHER INFORMATION CONTACT: Mr. Steve Dunn, telephone (208) 334-9844.

ADDRESSES: Bureau of Reclamation, Snake River Area Office, 214 Broadway Avenue, Boise, Idaho 83702.

SUPPLEMENTARY INFORMATION: Arrowrock Dam is located on the Boise River, about 13 miles east of Boise, Idaho. Reclamation completed construction of the dam in 1915, and at that time it was the highest dam in the world. The downstream face of the dam was resurfaced and the height was increased by 5 feet in 1937.

Arrowrock Dam is one of three instream storage dams on the Boise River. Anderson Ranch Dam is located upstream of Arrowrock Dam on the South Fork Boise River, and Lucky Peak Dam, constructed by the U.S. Army Corps of Engineers, is located on the Boise River downstream of Arrowrock and impounds water up against Arrowrock Dam when full. Arrowrock

Reservoir is operated for irrigation and flood control in combination with Anderson Ranch and Lucky Peak Reservoirs. In general, water is stored in Arrowrock Reservoir during the winter and spring according to predicted runoff and flood control requirements. Beginning in April water is released for irrigation from Arrowrock and Anderson Ranch Dams until early September when Lucky Peak Reservoir is drafted to meet irrigation demands. Lucky Peak water elevation is kept high through most of the summer for recreation.

The ensign valves controlling releases from Arrowrock Dam are the original valves installed in 1915. These valves have reached the end of their useful life, resulting in complex operational and maintenance concerns. Most of the valves have been damaged through prolonged use, and there is an increasing need for frequent inspection and repair. Three of the 10 ensign valves in the lower bank are no longer usable.

In order to ensure against malfunctioning valves, inspection and maintenance should be performed about every 5 years, which requires the reservoir level to be below the outlets. Under normal operations the upper row of ensign valves are out of the water by the end of summer and easily accessed. However, in order to dewater the lower bank of valves, the sluice gates must be used. There is some concern about use of the sluice gates since they too are over 80 years old and are in need of repair. If one of the sluice gates were to stick open, uncontrolled releases from Arrowrock would occur which could empty the reservoir.

The existing ensign valves also limit Arrowrock Dam's operational flexibility. The lower bank of ensign valves cannot be used under high water pressure when the reservoir is full. This reduces the dam's capability to release water for flood control operations in years with high runoff.

Reclamation has developed a proposal to replace the 10 lower ensign valves with "clamshell gates." The clamshell gates would allow releases at any reservoir level, providing more operational flexibility. The remaining upper row of 10 ensign valves and the sluice gates could be abandoned which would significantly reduce maintenance. The clamshell gates would be designed to allow inspection and maintenance without dewatering.

Reclamation has studied several other engineering alternatives to the proposal which involve different configurations of outlet control structures and rehabilitating the existing outlet works. Reclamation will also study operational

alternatives to be implemented during the construction phase. Other alternatives to the proposal may be developed through the public scoping process. It is expected that the presence of threatened bull trout in Arrowrock Reservoir and the requirements of the Endangered Species Act may also influence the range of alternatives. All reasonable alternatives which meet the purpose and need for the project will be evaluated in the EIS.

Federal, state and local agencies, tribes, and the general public are invited to participate in the EIS process. Scoping meetings to obtain input about concerns and issues associated with this proposal will be held but are not yet scheduled. Notification of meeting dates will be provided in a **Federal Register** notice, as well as through local media.

Anyone interested in more information concerning the EIS or who has information that may be useful in identifying significant environmental issues, should contact Mr. Dunn at the telephone number or address indicated above.

Dated: October 14, 1998.

Steven R. Clark,

Acting Regional Director, Pacific Northwest Region.

[FR Doc. 98-28031 Filed 10-19-98; 8:45 am]

BILLING CODE 4310-94-M

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-776-779 (Final)]

Certain Preserved Mushrooms From Chile, China, India, and Indonesia; Notice of Commission Determination to Conduct a Portion of the Hearing in Camera

AGENCY: International Trade Commission.

ACTION: Closure of a portion of a Commission hearing to the public.

SUMMARY: Upon request of respondents Nature's Farm Products, Inc. and Nature's Farm Products (Chile) S.A. (collectively "NFP"), the Commission has determined to conduct a portion of its hearing in the above-captioned investigations scheduled for October 15, 1998, in camera. See Commission rules 207.23(d), 201.13(m) and 201.35(b)(3) (19 CFR §§ 207.23(d), 201.13(m) and 201.35(b)(3)). The remainder of the hearing will be open to the public. The Commission has determined that the seven-day advance notice of the change to a meeting was not possible. See Commission rule 201.35(a), (c)(1) (19 CFR 201.35(a), (c)(1)).
