BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE

Office of the Secretary

Provincial Interagency Executive Committees Advisory Committees

AGENCY: Office of the Secretary, USDA.

ACTION: Notice of intent to reestablish a Federal Advisory Committee.

SUMMARY: In response to the continued need of the United States Department of Agriculture (USDA) and the United States Department of the Interior (DOI) for advice on coordination and implementation of the Record of Decision (ROD) of April 13, 1994, of Management of Habitat for Late-Successional and Old-Growth Forest-Related Species Within the Range of the Northern Spotted Owl, the Departments have agreed to reestablish the Advisory Committees for 12 provinces. The purpose of the Advisory Committees is to provide advice on coordinating the implementation of the ROD. The Advisory Committees will provide advice and recommendations to promote integration and coordination of forest management activities among Federal and non-Federal entities.

FOR FURTHER INFORMATION CONTACT: Susan Yonts-Shepard, Staff Assistant for National Forest System Operations, Forest Service, USDA, (202) 205-1519.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (FACA) (5 U.S.C. App.), notice is hereby given that USDA in consultation with DOI intends to reestablish Provincial Advisory Committees (PACs), which will advise the Provincial Interagency Executive Committees (PIECs). The purpose of the PIECs is to facilitate the coordinated implementation of the ROD of April 13, 1994. The PIECs consist of representatives of some of the following Federal agencies: Forest Service (FS), Bureau of Land Management (BLM), Fish and Wildlife Service, National Marine Fisheries Service, National Park Service, Bureau of Indian Affairs, and Environmental Protection Agency. The purpose of the PACs is to advise the

PIECs on coordinating the implementation of the ROD. Each PAC will provide advice regarding implementation of a comprehensive ecosystem management strategy for Federal land within a province (provinces are defined in the ROD at E-19). The PACs will provide advice and recommendations to promote integration and coordination of forest management activities among Federal and non-Federal entities.

The PACs are in the public interest in connection with the duties and responsibilities of USDA and of DOI. The ROD provides direction to the FS and the BLM for developing an ecosystem management approach that is consistent with statutory authority for land use planning. Ecosystem management at the province level requires improved coordination among governmental entities responsible for land management decisions and the public they serve.

The Chair of each PAC will alternate annually between the FS and the BLM representative in provinces where both agencies administer land. When the BLM is not represented in the PIECs, the FS representative will serve as Chair. The Chair, or a designated agency employee, will serve as the Designated Federal Official under sections 10 (e) and (f) of the FACA.

The action of reestablishing the Advisory Committees does not require amendment of BLM or FS planning documents because it does not affect the standards and guidelines or land allocations, which require an amendment process to change. The BLM and FS will provide further notices, as needed, for additional actions or adjustments when implementing interagency coordination, public involvement, and other aspects of the ROD.

Equal opportunity practices will be followed in all appointments to the Advisory Committees. To ensure that the recommendations of the Advisory Committees have taken into account the needs of diverse groups served by the Departments, membership should include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Dated: October 14, 1998.

Reba Pittman Evans,

Acting Assistant Secretary.

DEPARTMENT OF AGRICULTURE

Research, Education, and Economics

Notice of Appointments for Membership to the National Agricultural Research, Extension, Education, and Economics Advisory Board

AGENCY: Research, Education, and Economics, USDA.

ACTION: Appointments of membership.

SUMMARY: The Secretary of Agriculture announces the new appointments to fill 12 vacancies on the National Agricultural Research, Extension, Education, and Economics Advisory Board.

DATES: Appointments effective October 1, 1998.

SUPPLEMENTARY INFORMATION: Section 802 of the Federal Agriculture Improvement and Reform Act of 1996 authorized the creation of the National Agricultural Research, Extension, Education, and Economics Advisory Board. The Board is composed of 30 members, each representing a specific category in the legislation, which relates to farming or ranching, food and fiber production and processing, transportation of agricultural products, forestry research, aquaculture research, crop, soil, and animal science, human health associations, land-grant institutions, food retailing and marketing, rural economic development, farm cooperatives, and natural resource and consumer interest groups, among others. The Board members were first appointed in September 1996; one-third of the 30 members were appointed for a 1, 2, and 3 year term, respectively. The Advisory Board's role is to advise the Secretary of Agriculture on policies, priorities, and critical issues in agricultural research and education. As a result of the staggered appointments, the terms for 10 of the 30 members expired September 30, 1998. The Secretary of Agriculture has recently appointed 10 individuals to fill these membership slots. (Each will serve a 3-year appointment, effective October 1, 1998, until September 30, 2001.)
