The applicant must certify on the form that the application is complete in every respect and contains all the information required by the Commission's cellular rules. The data collected are required by the Communications Act of 1934, as amended and Commission Rules 22.105.

The form has been revised to delete the payment information previously required. Any payment to the FCC now requires the filing of a Fee Remittance Advice, FCC Form 159, which duplicates this information. Additionally, we have re-evaluated the number of receipts which reflects a significant decrease from 10,000 to 600 respondents. This is attributed to the majority of the cellular market being filled and applications being filed relate to maintenance of those licenses. The burden per respondent remains at 10 minutes, making the total annual burden an estimated 100 hours.
