#### **Notice of Intent to Repatriate a Cultural Item in the Possession of the American Museum of Natural History, New York City, NY**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate a cultural item in the possession of the American Museum of Natural History, New York City, NY which meets the definition of "object of cultural patrimony" under Section 2 of the Act.

The cultural item is a wampum string in two pieces. The shell beads alternate white and purple, except at one end of the longer strand, which is made up of the purple wampum interspersed at two places with a single white bead, and with a third white bead at the end.

In 1910, the American Museum of Natural History purchased this wampum string from Mr. Erastus Tefft as part of his collection. Mr. Tefft had acquired the string from Mr. M.R. Harrington. According to the Museum's documentation, Mr. Harrington had acquired this wampum string from Mr. Dan Webster in Oneida, NY. The Museum's records state that this wampum string was "said to represent the office of a chief in the Turtle Clan."

Based on the Museum's records and consultation with representatives of the Oneida Nation of New York, this wampum string is affiliated with the Oneida Nation of New York.

Consultation evidence presented by representatives of the Oneida Nation of New York also indicates that this item has ongoing historical, traditional, and cultural importance central to the Tribe itself, and no individual had the right to alienate it. The Museum's review of this information indicates that it is accurate.

Based on the above mentioned information, officials of the American Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(4), this cultural item has ongoing historical, traditional, and cultural importance central to the Tribe itself, and could not have been alienated, appropriated, or conveyed by

any individual. Officials of the American Museum of Natural History have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between this item and the Oneida Nation of New York.

This notice has been sent to officials of the Oneida Nation of New York and the Oneida Tribe of Wisconsin. Representatives of any other Indian tribe that believes itself to be culturally affiliated with this object should contact Martha Graham, Registrar of Cultural Resources, American Museum of Natural History, Department of Anthropology, Central Park West at 79th Street, New York, NY 10024-5192; telephone: (212) 769-5846 before November 30, 1998. Repatriation of this object to the Oneida Nation of New York may begin after that date if no additional claimants come forward.

Dated: October 22, 1998.

#### **Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA and the Plimoth Plantation, Plymouth, MA**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA and the Plimoth Plantation, Plymouth, MA.

A detailed assessment of the human remains was made by Peabody Museum of Archaeology and Ethnology and Plimoth Plantation professional staff in consultation with representatives of the Wampanoag Repatriation Confederation on behalf of the Wampanoag Tribe of Gay Head; and the Mashpee Wampanoag and the Assonet Band of the Wampanoag Nation, two non-Federally recognized Indian groups.

In 1934, human remains representing two individuals were recovered in Plymouth, MA by Henry and Ralph Hornblower and Jesse Brewer on property owned by the Hornblowers adjacent to the Eel River. Also in 1934, these human remains were transferred to the Peabody Museum of Archaeology and Ethnology. No known individuals were identified. The five associated funerary objects include a triangular brass projectile point with attached sinew, a box of yellow ochre, a Native-made ceramic sherd, and two bark containers. During the 1950s, these objects were donated to the Plimoth Plantation by Harry Hornblower.

The documentation associated with the objects indicates these objects were associated with the human remains from the Hornblower property at the Peabody Museum of Archaeology and Ethnology. Based on the presence of the brass projectile point, the burials have been estimated to date to the early historic period or later, post 1600 A.D. Historic documents (including the 1606 Champlain Map of Port Saint Louis) and oral tradition indicate the presence of Wampanoag in this area during this time. The Eel River in Plymouth, MA is located within the traditional territory of the Wampanoag during the early historic period.

Based on the above mentioned information, officials of the Peabody Museum of Archaeology and Ethnology and the Plimoth Plantation have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the Peabody Museum of Archaeology and Ethnology and the Plimoth Plantation have also determined that, pursuant to 43 CFR 10.2 (d)(2), the five objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the Peabody Museum of Archaeology and Ethnology and the Plimoth Plantation have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary objects and the Wampanoag Repatriation Confederation on behalf of the Wampanoag Tribe of Gay Head; and the Mashpee Wampanoag and the Assonet Band of the Wampanoag Nation, two non-Federally recognized Indian groups.

This notice has been sent to officials of the Wampanoag Repatriation Confederation on behalf of the Wampanoag Tribe of Gay Head; and the

Mashpee Wampanoag and the Assonet Band of the Wampanoag Nation, two non-Federally recognized Indian groups. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Barbara Isaac, Repatriation Coordinator, Peabody Museum of Archaeology and Ethnology, 11 Divinity Ave., Cambridge, MA 02138; telephone: (617) 496-2254; and/or Karin Goldstein, Curator of Original Collections, Plimoth Plantation, PO Box 1620, Plymouth, MA 02362; telephone (508) 746-1622, ext. 379, before November 30, 1998. Repatriation of the human remains and associated funerary objects to the Wampanoag Repatriation Confederation on behalf of the Wampanoag Tribe of Gay Head; and the Mashpee Wampanoag and the Assonet Band of the Wampanoag Nation, two non-Federally recognized Indian groups may begin after that date if no additional claimants come forward.

Dated: October 22, 1998.

### Drug Enforcement Administration

#### Importer of controlled substances Notice of Registration

By Notice dated July 17, 1998, and published in the **Federal Register** on August 6, 1998, (63 FR 42064), Applied Science Labs, Inc., A division of Altech Associates, Inc., 2701 Carolean Industrial Drive, P.O. Box 440, State College, Pennsylvania 16801, made application by renewal to the Drug Enforcement Administration to be registered as an importer of the basic classes of controlled substances listed below:

Drug	Schedule
Heroin (9200) .....	I
Morphine (9300) .....	II

The firm plans to import these controlled substances for the manufacture of reference standards.

No comments or objections have been received. DEA has considered the factors in Title 21, United States Code, Section 823(a) and determined that the registration of Applied Science Labs, Inc. to import the listed controlled

substances is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971, at this time. DEA has investigated Applied Science Labs, Inc. on a regular basis to ensure that the company's continued registration is consistent with the public interest. These investigations have included inspection and testing of the company's physical security systems, audits of the company's records, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to Section 1008(a) of the Controlled Substances Import and Export Act and in accordance with Title 21, Code of Federal Regulations, Section 1301.34, the above firm is granted registration as an importer of the basic classes of controlled substances listed above.

Dated: October 19, 1998.

### Drug Enforcement Administration

#### Manufacturer of Controlled Substances Notice of Registration

By Notice dated June 10, 1998, and published in the **Federal Register** on July 9, 1998, (63 FR 37137), Arenol Pharmaceutical, Inc., which has changed its address to 2820 North Normandy Drive, Petersburg, Virginia 23805, made application by renewal to the Drug Enforcement Administration, (DEA) to be registered as a bulk manufacturer of the basic classes of controlled substances listed below:

Drug	Schedule
N-Ethylamphetamine (1475) .....	I
Difenoxin (9168) .....	I
Amphetamine (1100) .....	II
Methamphetamine (1105) .....	II

This firm plans to manufacture listed controlled substances to produce pharmaceutical products for its customers.

DEA has considered the factors in Title 21, United States Code, Section 823(a) and determined that the registration of Arenol Pharmaceutical, Inc. to manufacture the listed controlled substances is consistent with the public interest at this time. DEA has

investigated Arenol Pharmaceutical, Inc. on a regular basis to ensure that the company's continued registration is consistent with the public interest. These investigations have included inspection and testing of the company's physical security systems, audits of the company's records, verification of the company's compliance with state and local laws, and review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823 and 28 CFR 0.100 and 0.104, the Deputy Assistant Administrator, Office of Diversion Control, hereby orders that the application submitted by the above firm for registration as a bulk manufacturer of the basic classes of controlled substances listed above is granted.

Dated: October 19, 1998.

### Drug Enforcement Administration

[Docket No. 97-23]

#### Bradford's Pharmacy Conditional Grant of Registration

On June 16, 1997, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Bradford's Pharmacy (Respondent) of Estill Springs, Tennessee, notifying it of an opportunity to show cause as to why DEA should not deny its application for registration as a retail pharmacy pursuant to 21 U.S.C. 823(f), for reason that its registration would be inconsistent with the public interest. By letter dated July 12, 1997, Respondent, with counsel, timely filed a request for a hearing, and following prehearing procedures, a hearing was held in Nashville, Tennessee on November 18, 1997, before Administrative Law Judge Gail A. Randall. At the hearing, both parties called witnesses to testify and introduced documentary evidence. After the hearing, both parties submitted proposed findings of fact, conclusions of law and argument.

On May 28, 1998, Judge Randall issued her Opinion and Recommended Ruling, recommending that Respondent's application for registration be granted. Neither party filed exceptions to the Administrative Law Judge's recommended decision, and on June 29, 1998, Judge Randall
