## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. 301-100a]

### Implementation of WTO Recommendations Concerning the European Communities' Regime for the Importation, Sale and Distribution of Bananas

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice of proposed determination of action to be taken; request for public comment; notice of public hearing.

**SUMMARY:** The United States Trade Representative requests written comments and invites testimony in the context of a public hearing on its proposed determination that the imposition of prohibitive (100 percent *ad valorem*) duties on selected products from the European Communities (EC) is an appropriate action under section 306(b) and 301(a) of the Trade Act of 1974, as amended, should the EC fail to implement the recommendations of the World Trade Organization Dispute Settlement Body concerning the EC's regime for the importation, sale, and distribution of bananas within the prescribed reasonable period of time, which expires on January 1, 1999. The products to be affected by the proposed duty increase will be drawn from the list of products set forth in the Annex to this notice. The USTR intends to publish a notice on December 15, 1998 describing the actions that it would take, beginning as early as February 1, 1999.

**DATES:** Requests to testify at the public hearing and written testimony for the public hearing are due by noon on Monday, November 30, 1998; the public hearing will be held on Wednesday, December 9, 1998; written comments, in lieu of written and oral testimony, are due by noon on Thursday, December 10, 1998; and rebuttal briefs, if needed, are due by noon on Friday, December 11, 1998.

**ADDRESSES:** 600 17th Street, NW, Washington, DC 20508.

**FOR FURTHER INFORMATION CONTACT:** Rachel Shub, Associate General Counsel, (202) 395-7305; or Ralph Ives, Deputy Assistant U.S. Trade Representative, (202) 395-3320.

**SUPPLEMENTARY INFORMATION:** January 1, 1999 is the deadline for the European Communities' (EC) implementation of the recommendations of the World Trade Organization (WTO) Dispute Settlement Body (DSB) concerning the EC's regime for the importation, sale, and distribution of bananas (banana regime). On October 22, 1998, the United States Trade Representative (USTR) published a notice [63 FR 56687] of a proposed affirmative determination under section 306(b) of the Trade Act of 1974, as amended (Trade Act) (19 U.S.C. 2416), that the measures the EC has undertaken to apply as of January 1, 1999 fail to implement the WTO recommendations concerning the EC banana regime. Such

a determination will require the USTR also to determine what further action to take under section 301(a) in the event the EC has failed to implement the WTO recommendations by January 1, 1999.

Permissible actions under section 301(a) of the Trade Act include: action to suspend, withdraw or prevent the application of benefits of trade agreement concessions to the EC; imposition of duties or other import restrictions on goods of the EC or fees or restrictions on services of the EC; and restriction or denial of service sector access authorizations with respect to services of the EC. The USTR proposes that the imposition of prohibitive (100 percent *ad valorem*) duties on selected products from the EC is an appropriate action should the EC fail to implement the WTO recommendations within the prescribed reasonable period of time. The products to be affected by the duty increase will be drawn from the list of products set forth in the Annex to this notice.

The USTR intends to publish a notice on December 15, 1998 describing the actions that it would take beginning February 1, 1999. If the EC requests arbitration under Article 22.6 of the WTO Dispute Settlement Understanding (DSU), the USTR would delay implementation of action until the completion of the arbitration proceedings or until March 3, 1999, whichever is earlier.

The announcement of the USTR's determination on December 15 and the subsequent implementation of action are contingent upon the EC's failure to suspend the implementation of its new banana regime and to implement a regime consistent with the WTO's recommendations. The dates on which the USTR intends to implement action—February 1 or no later than March 3, 1999—correspond to the dates contemplated by sections 306(b) and 305(a) of the Trade Act as well as Article 22 of the DSU.

Section 306(b) of the Trade Act requires the USTR to determine what further action it shall take under section 301(a) if the USTR considers that a foreign country has failed to implement a recommendation made pursuant to dispute settlement proceedings under the WTO. The USTR shall make this determination no later than thirty days after the expiration of the reasonable period of time provided for such implementation under Article 21.3 of the DSU, which is January 31, 1999 in this case. Section 305(a)(1) requires the USTR to implement such action by no later than thirty days after the date on which that determination is made, or March 2 in this case.

According to Article 22 of the DSU, the United States can request DSB authorization to suspend the application of concessions or other obligations to the EC for its failure to bring a measure into compliance with a covered agreement or the WTO's recommendations within the reasonable period of time. The United States may make its request twenty days after the expiration of the reasonable period of time, or January 21 in this case. Article 22.6 of the DSU provides that the DSB shall grant the requested authorization not later than thirty days after the expiration of the reasonable period, or January 31 in this case. The DSB must decide by consensus to reject the request for authorization. The EC may object to the level of suspension proposed or the application of the principles and procedures specified in Article 22.3 of the DSU in considering the types of concessions or obligations to suspend, in which case the matter shall be referred to arbitration. The DSU requires that arbitration proceedings be completed within sixty days after the expiration of the reasonable period of time, or March 2 in this case. The United States may not suspend concessions or other obligations during the course of the arbitration proceedings.

#### **Proposed Determination on Appropriate Action**

The USTR proposes that the imposition of prohibitive (100 percent *ad valorem*) duties on selected products from the EC is an appropriate action should the EC fail to implement the WTO recommendations within the prescribed reasonable period of time, which expires on January 1, 1999. The products to be affected by the duty increase will be drawn from the list of products set forth in the Annex to this notice. The USTR also has been considering whether appropriate action may include the imposition of fees or restrictions on, or the restriction or denial of authorizations for, EC services and service suppliers. If the USTR intends to determine that any action with respect to services or service suppliers would be practicable and effective, the USTR will publish a further notice seeking comments on such proposed action.

In determining what action to take, the USTR will consider all written comments, testimony, and rebuttal briefs submitted by interested persons to the Section 301 Committee in accordance with the procedures described below.

#### **Public Comment on Proposed Action; Hearing Participation**

In accordance with section 304(b) of the Trade Act, the USTR requests all interested persons to provide written comments on the proposed action. Written comments are due by noon on Thursday, December 10, 1998.

The USTR also invites interested persons to present written and oral testimony and rebuttal briefs in the context of a public hearing to be held pursuant to section 304(b) of the Trade Act. The hearing will be held at 8:00 a.m. on Wednesday, December 9, 1998 in the Main Hearing Room at the U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436. Testimony at the public hearing should be limited to no more than five minutes.

Written comments and written and oral testimony may address: the appropriateness of imposing increased duties upon the products listed in the Annex to this notice; the levels at which U.S. customs duties should be set for particular items; the degree to which increased duties might have an adverse effect upon U.S. consumers of the products listed in the Annex; and any other matter relating to the appropriate action to be taken under section 306(b) and 301(a). Interested persons submitting written comments do not need to present written and oral testimony as well.

**Requests To Testify and Written Testimony:** Interested persons wishing to present testimony at the hearing must submit a written request to do so by noon on Monday, November 30, 1998, together with twenty copies of their complete written testimony. Requests to testify must conform to the requirements of 15 CFR 2006.9 and include the following information: (1) Name, address, telephone number, fax number, firm or affiliation of the applicant, and interest of the applicant; and (2) a brief summary of the comments to be presented. After considering the request to present oral testimony, the Chairman of the Section

301 Committee will notify the applicant of the time of his or her testimony.

**Rebuttal Briefs:** To assure each party an opportunity to contest the information provided by other parties, the USTR will entertain rebuttal briefs filed by any party by noon on Friday, December 11, 1998. In accordance with 15 CFR 2006.8(c), rebuttal briefs should be strictly limited to demonstrating errors of fact or analysis not pointed out in written or oral testimony and should be as concise as possible.

**Requirements for Submissions:** Written comments on the proposed determination, written testimony, and rebuttal briefs must be filed in accordance with the requirements set forth in 15 CFR 2006.8(b). Comments must state clearly the position taken and describe with particularity the supporting rationale, be in English, and be provided in twenty copies to: Chairman, Section 301 Committee, Attn: EU—Bananas Implementation of WTO Recommendations, Room 100.

Written comments, written testimony, and rebuttal briefs will be placed in a file (Docket 301–100a) open to public inspection pursuant to 15 CFR 2006.13, except confidential business information exempt from public inspection in accordance with 15 CFR 2006.15. Persons wishing to submit business confidential information must certify in writing that such information is confidential in accordance with 15 CFR 2006.15(b), and such information must be clearly marked “BUSINESS CONFIDENTIAL” in a contrasting color ink at the top of each page on each of twenty copies and must be accompanied by a nonconfidential summary of the confidential information. The nonconfidential summary will be placed in the docket that is open to public inspection.

An appointment to review Docket No. 301–100a may be made by calling Brenda Webb at (202) 395–6186. The USTR Reading Room is open to the public from 9:30 a.m. to 12 noon and 1:00 p.m. to 4:00 p.m., Monday through Friday, and is located in Room 101 of the Office of the United States Trade Representative.
