It is DOE policy to exercise extreme care to ensure that the proposal information is not duplicated, used or disclosed in whole or in part for any purpose other than to evaluate the proposal, without written permission of the Applicant. Furthermore, with respect to the Unsolicited Proposal evaluation, the Applicant is hereby informed that it is standard practice of the CTBT R&D program officials to include review by DOE laboratory managers and experts in the topic area of the proposal. If you are an expert and are willing to serve as a reviewer on a non-remunerative basis, the CTBT R&D Program would like to be notified of your interest. Serving as a technical reviewer could encompass these Unsolicited Proposals, subject to non-disclosure agreements, as well as other proposals related to the CTBT R&D Program. Interested individuals are requested to forward their résumé and cover letter expressing their interest to: Manager, Treaty and Monitoring Program (NN-20), U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585-0420. Finally, proposal evaluation may include coordination with other government agencies or their designated contractors, primarily to check for duplication of effort and end user interest. This is an important integration practice appropriate to a full-scope, ongoing and mature program such as the CTBT R&D program.

Issued in Washington, DC on November 12, 1998.

Burlington Resources Oil & Gas Company; Notice of Petition for Adjustment

November 12, 1998.

Take notice that on October 30, 1998, Burlington Resources Oil & Gas Company (Burlington), filed a petition for adjustment under section 502(c) of the Natural Gas Policy Act of 1978 (NGPA), requesting an order from the Commission finding that Burlington has no Kansas ad valorem tax refund liability to Panhandle Eastern Pipe Line Company (Panhandle), under the Commission's September 10, 1997 order in Docket No. RP97-369-000 *et al.*¹ Burlington's petition is on file with the Commission and open to public inspection.

The Commission's September 10 order on remand from the D.C. Circuit Court of Appeals² directed First Sellers under the NGPA to make Kansas ad valorem tax refunds, with interest, for the period from 1983 to 1988.

Panhandle served Southland Royalty Company (Southland) with a Kansas ad valorem tax refund claim. Burlington states that Southland was merged into Burlington on January 1, 1996, i.e., Burlington is Southland's successor.

Burlington further states that Southland entered into a November 24, 1992 Letter Agreement with Panhandle, which terminated the applicable Gas Purchase Agreements giving rise to Southland's refund obligation to Panhandle. Burlington adds that Paragraph 7 of that Letter Agreement released the parties from any claims under those contracts. In view of this, Burlington contends that Panhandle's Kansas ad valorem tax refund claim is

a claim against Southland that relates to the Southland-Panhandle contracts and that, as such, Panhandle assumed the risk of and liability for the subject refunds. Accordingly, Burlington contends that it does not owe any refunds to Panhandle.

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Secretary.
