FEDERAL EMERGENCY MANAGEMENT AGENCY
44 CFR Part 67
Final Flood Elevation Determinations
AGENCY: Federal Emergency Management Agency (FEMA).
ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the

National Flood Insurance Program (NFIP).

EFFECTIVE DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Disaster Assistance; Redesign of Public Assistance Project Administration

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Interim final rule.

SUMMARY: We have redesigned the Public Assistance Disaster Grant Program to provide money to applicants more quickly and to make the application process simpler than before. This rule reflects changes needed to put the new Public Assistance Program into effect.

DATES: Effective Date: This rule is effective on November 20, 1998.

Comments: We invite your comments on the changes to the rule and your recommendations for additional changes to it on or before January 4, 1999.

ADDRESSES: Please send your comments to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, room 840, 500 C Street SW., Washington, DC 20472, (telefax) (202) 646-4536, or (email) rules@fema.gov.

FOR FURTHER INFORMATION CONTACT: Melissa M. Howard, Ph.D., Federal Emergency Management Agency, room 713, 500 C Street SW., Washington DC 20472, (202) 646-4240, or (email) melissa.howard@fema.gov.

SUPPLEMENTARY INFORMATION:

What does the redesigned program do? The redesigned program emphasizes better, more personal customer service, improved communications, reallocated responsibilities, more efficient and consistent program delivery, and a faster, simpler system for obtaining funding than under our current regulations. As we announced in our February 4, 1998 **Federal Register** notice, 63 FR 5804, we field tested the new system from March 1, 1998 to August 31, 1998. While we are making most of our improvements through internal changes to our procedures, some of the improvements require
