POSTAL SERVICE**39 CFR Part 20****International Postal Rates; Proposed Changes**

AGENCY: Postal Service.

ACTION: Proposed changes in international postal rates.

SUMMARY: Pursuant to its authority under 39 U.S.C. 407, the Postal Service is proposing changes in international postal rates. As required under the Postal Reorganization Act, the proposed changes will result in international postal rates that do not apportion the costs of the service so as to impair the overall value of the service to the users, are fair and reasonable, and are not unduly or unreasonably discriminatory or preferential.

DATES: Comments on the proposed changes must be received on or before January 4, 1999.

ADDRESSES: Written comments should be mailed or delivered to the Manager, Pricing, Costing, and Classification, International Business Unit, U.S. Postal

Service, 475 L'Enfant Plaza, SW, Room 370-IBU, Washington, DC 20260-6500. Copies of all written comments will be available for public inspection between 9:00 a.m. and 4:00 p.m., Monday through Friday, in the International Business Unit, 10th Floor, 901 D Street SW, Washington DC.

FOR FURTHER INFORMATION CONTACT:

Angus MacInnes, (202) 268-2268.

SUPPLEMENTARY INFORMATION: The proposed international rates, shown in the tables below, are needed by the Postal Service to accommodate changes in the cost of providing international mail service. In addition, the Postal Service believes that the proposed changes will result in improved international mail service.

The Postal Service is proposing to change only the rates contained in the charts below. Rates not contained in these charts, such as the letter/letter package to countries other than Canada, air AO rates to all countries other than Canada and Mexico, and surface AO rates to Canada are not being changed.

Country rate groupings have been changed for Express Mail International Service and air parcel post. These grouping changes were necessary to more closely align the cost of providing service to certain countries to the rate charged for the service.

The country groupings for Global Priority Mail flat-rate envelope (large and small envelope) and single-piece variable weight option have been simplified from 3 to 2 groups. All countries to which this service is available are combined into a single group with only Canada having a separate rate. Variable weight sticker option volume rates (International Mail Manual (IMM) 226.43), flat-rate box rates (IMM 226.44), flat-rate box volume rates (IMM 226.44) are eliminated. These services are being abolished. Sections 226.43 through 226.452, and 226.52 of the IMM will be eliminated.

The Postal Service is also proposing drop shipment discounts for publishers' periodicals tendered at the New Jersey International and Bulk Mail Center. The proposed discount is \$0.25 per pound. Mail will have to be presorted and sacked by country as is currently required; however, the per sack minimum weight will be eliminated for drop shipment.

This notice does not address proposed changes in the International Priority Airmail (IPA) service program, which is the subject of a separate notice. Changes in certain international special mail service fees (see 63 FR 40180) will be implemented on January 10, 1999.

Although the Postal Service is exempted by 39 U.S.C. 410(a) from the

advance notice requirements of the Administrative Procedure Act regarding proposed rulemaking (5 U.S.C. 553), the Postal Service invites public comment at the above address.

The Postal Service proposes to adopt the following rates and fees and to amend the International Mail Manual, which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 20.1.

BILLING CODE 7710-12-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-7266]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency
Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that

the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency proposes to make determinations of base flood elevations and modified base flood elevations for each community

listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.
