I. Information Collection Requests

FMCS is seeking comments on the following information collection

requests contained in FMCS agency forms.

Agency: Federal Mediation and Conciliation Service.

Form Number: OMB No. 3076-0006.

Type of Request: Reinstatement without change of a currently approved collection without any change in the substance or method of collection.

Affected Entities: Potential applicants/grantees who received our grant application kit. Also, applicants/grantees who have received a grant from FMCS.

Frequency: a. Three of the forms, the SF-424, LM-6, and LM-9 are submitted at the applicant/grantee's discretion.

b. To conduct the quarterly submissions, LM-7/LM-8 forms are used. Less than quarterly reports would deprive FMCS of the opportunity to provide prompt technical assistance to deal with those problems identified in the report.

c. Once per application. The LM-3 is the only form to which a "similar information" requirement could apply. That form takes the requirement into consideration by accepting recent audit reports in lieu of applicant completion of items C2 through 9 and items D1 through 3.

Burden: SF-424 Application for Federal Assistance, SF-270 (LM-6) Request for Advance or Reimbursement—30 minutes, (LM-8) Project Performance—60 minutes, SF-269a (LM-7) Financial Status Report—30 minutes, (LM-9) FMCS Grants Program Evaluation Questionnaire—60 minutes, and (LM-3) Accounting System and Financial Capability Questionnaire—60 minutes.

Abstract: Except for the FMCS Forms LM-3 and LM-9, the forms under consideration herein are either required or recommended on OMB Circulars. The two exceptions are non-recurring forms, the former a questionnaire sent only to non-governmental potential grantees and the latter a questionnaire sent only to former grantees for voluntary completion and submission.

The collected information is used by FMCS to determine annual applicant suitability, to monitor quarterly grant project status, and for on-going program evaluation. If the information were not collected, there could be no accounting for the activities of the program. Actual use has been the same as intended use.

II. Request for Comments

The OMB is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimates of the burden of the proposed collection of information;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic collection technologies or other forms of information technology, e.g. permitting electronic and fax submission of responses.

Dated: November 27, 1998.

Richard Barnes,

Acting Director, Federal Mediation and Conciliation Service.

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice.
