This notice concerns the receipt of an application from the Government of Estonia and the receipt of an application from the Government of Lithuania requesting authorization to conduct joint venture (JV) operations in 1999 in the Northwest Atlantic Ocean for Atlantic mackerel and Atlantic herring. The large stern trawler/processors JACOB HURT and SOELA are identified as the Estonian vessels that would receive Atlantic mackerel and Atlantic herring from U.S. vessels in JV operations, and the large stern/trawler processors MAIRONIS and UTENA are

identified as the Lithuanian vessels that would receive Atlantic mackerel and Atlantic herring from U.S. vessels in JV operations.

While both applications also request authorization for the named vessels to directly harvest Atlantic mackerel and Atlantic herring, since no "Total Allowable Level of Foreign Fishing" is available for either of these species, no foreign vessels can be permitted to directly harvest Atlantic mackerel or Atlantic herring.

Dated: December 7, 1998.

REQUESTING RECORDS

Records are retrieved by name or by some other personal identifier. It is therefore especially important for expeditious service when requesting a record that particular attention be provided to the Notification and/or Access Procedures of the particular record system involved so as to furnish the required personal identifiers, or any other pertinent personal information as may be required to locate and retrieve the record.

BLANKET ROUTINE USES

Certain 'blanket routine uses' of the records have been established that are applicable to every record system maintained within the Department of Defense unless specifically stated otherwise within a particular record system. These additional blanket routine uses of the records are published below only once in the interest of simplicity, economy and to avoid redundancy.

LAW ENFORCEMENT ROUTINE USE

In the event that a system of records maintained by this component to carry out its functions indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or by regulation, rule or order issued pursuant thereto, the relevant records in the system of records may be referred, as a routine use, to the appropriate agency, whether Federal, state, local, or foreign, charged with the responsibility of investigating or prosecuting such violation or charged with enforcing or implementing the statute, rule, regulation or order issued pursuant thereto.

DISCLOSURE WHEN REQUESTING INFORMATION ROUTINE USE

A record from a system of records maintained by this component may be disclosed as a routine use to a Federal, state, or local agency maintaining civil, criminal, or other relevant enforcement information or other pertinent information, such as current licenses, if necessary to obtain information relevant to a component decision concerning the hiring or retention of an employee, the issuance of a security clearance, the letting of a contract, or the issuance of a license, grant or other benefit.

DISCLOSURE OF REQUESTED INFORMATION ROUTINE USE

A record from a system of records maintained by this component may be disclosed to a Federal agency, in response to its request, in connection with the hiring or retention of an employee, the issuance of a security clearance, the reporting of an investigation of an employee, the letting of a contract, or the issuance of a license, grant or other benefit by the requesting agency, to the extent that the information is relevant and necessary to the requesting agency's decision on the matter.

CONGRESSIONAL INQUIRIES ROUTINE USE

Disclosure from a system of records maintained by this component may be made to a Congressional office from the record of an individual in response to an inquiry from the Congressional office made at the request of that individual.

PRIVATE RELIEF LEGISLATION ROUTINE USE

Relevant information contained in all systems of records of the Department of Defense published on or before August 22, 1975, may be disclosed to the Office of Management and Budget in connection with the review of private
