

## DEPARTMENT OF ENERGY

Federal Energy Regulatory  
CommissionNotice of Non-Project Use of Project  
Lands Application for Commercial/  
Residential Marinas

December 16, 1998.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Non-Project Use of Project Lands Applications for Commercial/Residential Marinas.
- b. *Project Nos:* 2503-046 and -047.
- c. *Date Filed:* October 30 and November 2, 1998, respectively.
- d. *Applicant:* Duke Power Company.
- e. *Name of Project:* Keowee and Jocassee Project.
- f. *Project location:* Lake Keowee, Seneca Township, Oconee County, South Carolina.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).
- h. *Applicant Contact:* Mr. E. M. Oakley, Duke Power Company, P.O. Box 1006, EC 12V, Charlotte, NC 28201-1006, (704) 382-5778.
- i. *FERC Contact:* Patti Pakkala, (202) 219-0025.
- j. *Comment Date:* January 28, 1999.
- k. *Description of Project:* Duke Power Company, licensee for the Keowee and Jocassee Project, FERC No. 2503, has filed two separate applications for approval of a "non-project use of project lands." The applications are more specifically for two commercial/residential marinas on Lake Keowee. The first application, project no. 2503-046, is for a lease to Beacon Shores Homeowners Association, Inc., for a four dock, 32-slip facility occupying 1.229 acres within the bed of Lake Keowee. The second application, project no. 2503-047, is for a lease to Waterford Homeowners Association, Inc., for a four dock, 46-slip facility occupying 1.338 acres within the bed of Lake Keowee. Parties commenting on these applications should specify the project number for the application to which their comments apply.

1. This notice also consists of the following standard paragraphs: B, C1, and D2.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements for Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but

only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C1. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

**Linwood A. Watson, Jr.,**

*Acting Secretary.*

Agency Information Collection  
Activities: Submission for OMB  
Review; Comment Request; Maximum  
Achievable Control Technology  
Standards Development Under Title III  
(Section 112) of the Clean Air Act  
Regulatory Development Program

AGENCY: Environmental Protection  
Agency (EPA).

ACTION: Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management

and Budget (OMB) for review and approval: Maximum Achievable Control Technology Standards Development Under Title III (section 112) of the Clean Air Act Regulatory Development Program, EPA ICR Number 1602.03, OMB Control Number 2060-0239, expiration February 28, 1999. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before January 21, 1999.

**FOR FURTHER INFORMATION CONTACT:**

Contact Sandy Farmer at EPA by phone at (202) 260-2740, by email at farmer.sandy@epamail.epa.gov, or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 1602.03.

**SUPPLEMENTARY INFORMATION:**

*Title:* Maximum Achievable Control Technology Standards Development Under Title III (section 112) of the Clean Air Act Regulatory Development Program, EPA ICR Number 1602.03 OMB Control Number 2060-0239. This is a request for extension of a currently approved information collection.

*Abstract:* Depending on the number of facilities in an individual source category, respondents would be required to complete one of two surveys. In those source categories with 400 or fewer facilities, respondents would complete a survey for MACT standards development. This survey is designed to obtain facility-specific information on process types, emissions, controls, and factors affecting costs to ensure that the EPA Office of Air Quality Planning and Standards has sufficient information to make subcategory distinctions and MACT floor decisions for each National Emission Standard for Hazardous Air Pollutants (NESHAP). In those source categories with more than 400 facilities, respondents would complete a screening survey. EPA would use the results of the screening survey to develop a survey design for a separate source category information collection request for clearance to send the MACT standards development survey to the appropriate facilities as determined by the survey design. The EPA is also asking the respondent to provide corporate, facility and product level sales information. This information is necessary to perform a small business analysis to meet the requirements of the Regulatory Flexibility Act and the Small Business Regulatory Enforcement Fairness Act. The EPA considers the sales information to be readily available to the respondent; therefore, the burden

hours estimated for each respondent has not been changed. The agency's authority to gather information is presented in section 114 of the Clean Air Act, as amended (42 U.S.C. 7414). If any information is submitted to EPA for which a claim of confidentiality is made, the information will be safeguarded according to EPA policies set forth in Title 40, chapter I, part 2, subpart B—Confidentiality of Business Information (see 40 CFR part 2). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Ch. 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on June 2, 1998 (63 FR 29987). The EPA received one letter with comments.

**Burden Statement:** The average annual reporting burden for 805 facilities estimated to receive the MACT standards development survey is 68,425 hours and 17,000 hours for the 2,000 facilities estimated to receive the screening survey. The estimated burden hours per response is 85 hours for the MACT standards development survey and 8.5 hours for the screening survey. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** Source categories as listed by EPA for development of NESHAP under section 112(d), Amended Clean Air Act.

**Estimated Number of Respondents:** 2,805 (805 (MACT Standards); 2,000 (Screening Study)).

**Frequency of Response:** Initial.

**Estimated Total Annual Hour Burden:** 85,425 hours (68,425 MACT, 17,000 Screening Study).

**Estimated Total Annualized Cost Burden:** 0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1602.03 and OMB Control No. 2060-0239 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OP, Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460.

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503.

Dated: December 16, 1998.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6206-8]

### Agency Information Collection Activities: Submission for OMB Review; Comment Request; EPA Worker Protection Standard for Hazardous Waste Operations and Emergency Response

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and approval: EPA Worker Protection Standard for Hazardous Waste Operations and Emergency Response, EPA ICR 1426.05, OMB Control #2050-0105, expiration January 31, 1999. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate, it includes actual data collection instrument.

**DATES:** Comments must be submitted on or before January 21, 1999.

#### FOR FURTHER INFORMATION CONTACT:

Contact Sandy Farmer at EPA by phone at (202) 260-2740, by E-mail at [farmer.sandy@epa.gov](mailto:farmer.sandy@epa.gov), or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 1426.05.

#### SUPPLEMENTARY INFORMATION:

**Title:** EPA Worker Protection Standard for Hazardous Waste Operations and Emergency Response, OMB Control #2050-0105, EPA ICR #1426.05, expiration January 31, 1999. This is a request for an extension of a currently approved collection.

**Abstract:** Section 126(f) of the Superfund Amendments and Reauthorization Act of 1986 (SARA) require EPA to set worker protection standards for State and local employees engaged in hazardous waste operations and emergency response in the 27 States that do not have Occupational Safety and Health Administration approved State plans. The EPA coverage, required to be identical to the OSHA standards, extends to three categories of employees: those in clean-ups at uncontrolled hazardous waste sites, including corrective actions at Treatment, Storage and Disposal (TSD) facilities regulated under the Resource Conservation and Recovery Act (RCRA); employees working at routine hazardous waste operations at RCRA TSD facilities; and employees involved in emergency response operations without regard to location. This ICR renews the existing mandatory recordkeeping collection of ongoing activities including monitoring of any potential employee exposure at uncontrolled hazardous waste site, maintaining records of employee training, refresher training, medical exams, and reviewing emergency response plans. An agency may not conduct or sponsor, and a person is required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on August 7, 1998 (63 FR 42396). No comments were received.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection is estimated to average 10.64 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able
