

entered, or withdrawn from warehouse, for consumption on or after August 5, 1998 (the date of publication of the preliminary determination in the **Federal Register**). The Customs Service shall continue to require a cash deposit or posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. These suspension of liquidation instructions will remain in effect until further notice. The weighted-average dumping margins are as follows:

| Exporter/manufacture | Weighted-average margin percentage |
|--|------------------------------------|
| PT Dieng Djaya/PT Surya Jaya Abadi Perkasa | 7.94 |
| PT Zeta Agro Corporation | 22.84 |
| All Others | 11.26 |

ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. If the ITC determines that material injury, or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered for consumption on or after the effective date of the suspension of liquidation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

Stainless Steel Plate From Sweden: Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Amended Final Results of Antidumping Duty Administrative Review.

SUMMARY: On November 16, 1998, the Department of Commerce (the Department) published the final results of review in the antidumping duty administrative review on stainless steel plate from Sweden (63 FR 63706). The review covers two manufacturers/exporters (Avesta Sheffield AB (Avesta) and Uddeholm Tooling AB, Bohler-Uddeholm Corporation and Uddeholm Limited (collectively Uddeholm)) of the subject merchandise to the United States and the period June 1, 1996 through May 31, 1997.

On November 19, 1998, pursuant to section 351.224(c) of the Department's regulations, Avesta filed a ministerial error allegation regarding the Department's implementation of the constructed export price (CEP) offset in calculating a margin for Avesta in the final results of the review. The Department is publishing these amended final results to correct this ministerial error.

EFFECTIVE DATE: December 31, 1998.

FOR FURTHER INFORMATION CONTACT: John Totaro or Nithya Nagarajan, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-1374 and (202) 482-4243, respectively.

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended, ("the Act") are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations are references to the provisions codified at 19 CFR Part 351 (1998), 62 FR 27296 (May 19, 1997).

Ministerial Error in the Final Results of Review

For purposes of calculating the antidumping margin for Avesta for the POR, as published in the final results, the Department's margin calculation program calculated a CEP offset in accordance with the Department's regulations. However, Avesta alleged that the Department's final results margin calculation program defined the indirect selling expense variable INDEXUS but did not similarly define the variable INDEXPU. Avesta argues that the Department incorrectly tied the CEP offset to INDEXPU instead of INDEXUS. As a result, Avesta's CEP offset was always equal to zero. Avesta alleged that, as a result of this ministerial error, Avesta did not receive the CEP offset to which it was otherwise entitled. Petitioners have not objected to this allegation of ministerial error.

The Department examined the margin calculation program, and we agree with Avesta that this is a clerical error within the meaning of 19 CFR 351.224(f), *i.e.*, a clerical error in connecting the calculation of CEP offset to the variable INDEXPU instead of INDEXUS in the margin calculation program. We have corrected the program so that the CEP offset calculation properly references the variable INDEXUS, rather than INDEXPU.

Amended Final Results of Review

Upon correction of the ministerial error described above, Avesta's margin, as published in the **Federal Register** on November 16, 1998, has been revised from 25.05 percent to 22.67 percent for the period June 1, 1996 through May 31, 1997. The final results margin for Uddeholm remains unchanged. We will instruct the Customs Service accordingly.

The Department shall determine, and the U.S. Customs Service shall assess, antidumping duties on all appropriate entries. The Department shall issue appraisal instructions directly to the Customs Service. For assessment purposes, we have calculated importer-specific duty assessment rates for the merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales during the POR to the total entered value of sales examined during the POR. Individual differences between U.S. price and normal value may vary from the percentages stated above. As a result of this review, we have determined that the importer-specific duty assessments rates are necessary.

Furthermore, the following deposit requirements shall be effective upon

publication of this notice of amended final results of review for all shipments of stainless steel plate from Sweden entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Tariff Act: (1) the cash deposit rate for the reviewed company will be the rate stated above; (2) for previously investigated or reviewed companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in these reviews, or the original LTFV investigations, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in these reviews, the cash deposit rate for this case will continue to be 4.46 percent, which was the "all others" rates in the LTFV investigations. The deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with sections 351.305 and 351.306 of the Department's regulations. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This amended administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act (19 U.S.C. §§ 1675(a)(1) and 1677(f)(i)(1)) and sections 351.213 and 351.224 of the Department's regulations.

Dated: December 12, 1998.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

Evaluation of Coastal Zone Management Program and National Estuarine Research Reserves

AGENCY: Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), DOC.

ACTION: Notice of intent to evaluate.

SUMMARY: The NOAA Office of Ocean and Coastal Resource Management (OCRM) announces its intent to evaluate the performance of the Guam Coastal Zone Management Program and the Weeks Bay (AL), South Slough (OR), and Hudson River (NY) National Estuarine Research Reserves.

These evaluations will be conducted pursuant to sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended. The CZMA requires a continuing review of the performance of states with respect to coastal program and research reserve program implementation. Evaluation of Coastal Zone Management Programs and National Estuarine Research Reserves require findings concerning the extent to which a state has met the national objectives, adhered to its coastal program document or the Reserve's final management plan approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA. The evaluations will include a site visit, consideration of public comments, and consultations with interested Federal, State, and local agencies and members of the public. Public meetings are held as part of the site visits.

Notice is hereby given of the dates of the site visits for the listed evaluations, and the dates, local times, and locations of public meetings during the site visits.

The Guam Coastal Zone Management Program evaluation site visit will be from February 1-5, 1999. One public meeting will be held during the week. The public meeting will be held on Monday, February 1, 1999, at 5:00 P.M., in the Governor's Cabinet Conference Room at Adelup, Guam.

The Weeks Bay National Estuarine Research Reserve in Alabama site visit will be from February 22-26, 1999. One public meeting will be held during the

week. The public meeting will be held on Thursday, February 25, 1999, at 7:00 p.m., at the Weeks Bay Interpretive Center Auditorium, 11300 U.S. Highway 98, Fairhope, Alabama.

The South Slough National Estuarine Research Reserve in Oregon site visit will be from March 8-12, 1999. One public meeting will be held during the week. This public meeting will be on Wednesday, March 10, 1999, at 7:00 P.M. at the Southwestern Oregon Community College in Coos Bay, Oregon.

The Hudson River National Estuarine Research Reserve in New York site visit will be from April 12-16, 1999. One public meeting will be held during the week. This public meeting will be on Wednesday, April 14, 1999, from 5:00 P.M.-7:00 P.M., at the New York State Department of Environmental Conservation Region 3 Office, 21 South Putt Corners Road, New Paltz, New York.

The States will issue notice of the public meeting(s) in a local newspaper(s) at least 45 days prior to the public meeting(s), and will issue other timely notices as appropriate.

Copies of the State's most recent performance reports, as well as OCRM's notifications and supplemental request letters to the States, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the public meeting. Please direct written comments to Vickie A. Allin, Chief, Policy Coordination Division (PCD), Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910. When the evaluation is completed, OCRM will place a notice in the **Federal Register** announcing the availability of the Final Evaluation Findings.
