Description: The Corporation seeks approval of a survey form for the evaluation of the Corporation's literacy and tutoring programs that it supports through grants. It will allow for the description of delivery systems and program models including the specific literacy and monitoring activities. It will also help identify effective programs. There were no comments received during the initial 60-day public

comment period. The change in the number of respondents and burden hours is a result of a change in sampling for several of the programs. Instead of small purposive samples for several of the programs, when feasible the agency is selecting larger representative samples in order to allow for generalizations to the larger universe of agency programs, thus increasing the utility of the data.

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Special Commission Meeting

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing and meeting for business on January 5, 1999 at 10:00 a.m. in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, New Jersey.

Possible Drought Emergency Declaration

Section 10.4 of the Delaware River Basin Compact provides that in the event of a drought or other condition which may cause an actual and immediate shortage of available water supply within the Basin, or within any part thereof, the Commission may, after public hearing, determine and delineate the area of such shortage and declare a water supply emergency therein. For the duration of such emergency, the Commission could limit the extent to which water users may divert or withdraw water for any purpose. The Commission is considering whether current and developing conditions of water supply and demand require the declaration of a water supply emergency.

The purpose of this hearing is to permit the public to comment on these matters and to make any suggestions or recommendations concerning possible Commission actions.

There will be a business meeting of the Commission immediately following the hearing to consider possible Commission actions relating to the drought situation.
