## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collections Being Reviewed by the Federal Communications Commission

December 23, 1998.

**SUMMARY:** The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before March 1, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all comments to Les Smith, Federal Communications Commission, 445 12th Street, S.W., Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

**SUPPLEMENTARY INFORMATION:**  
OMB Control Number: 3060-0862.  
Title: Handling Confidential Information.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Businesses or other for-profit entities; Not-for-profit institutions; State, Local or Tribal Governments.

*Number of Respondents:* 600.

*Estimated Time Per Response:* 1 hr./log; 3 hrs./confidentiality submission.

*Frequency of Response:*

Recordkeeping: On occasion reporting requirement.

*Total Annual Burden:* 800 hours.

*Total Annual Costs:* \$23,000.

*Needs and Uses:* The Commission adopted a Model Protective Order (MPO) which can be used when it is appropriate to grant limited access to information that the Commission determines should not be routinely available for public inspection. The MPO requires that the party granted access to the confidential materials keep a written record of all copies made and to provide this record to the submitter of the confidential materials on request. Order ¶ 27. This approach was adopted to facilitate the use of confidential materials under an MPO, instead of restricting access to the materials. The copy log under the MPO will be used to help assure the party submitting the confidential materials that there is limited access to the materials. Without the copy log for MPOs, the submitter of confidential information would not be assured that there is limited distribution of sensitive information. The Commission also amended 47 C.F.R. 0.459(b) to set forth the type of information that should be included when a party submits information to the Commission for which it seeks confidential treatment. Order ¶ 13. This listing of the types of information to be submitted was adopted to provide guidance to the public for confidentiality requests. The information provided under amended Section 0.459(b) will help the Commission determine whether a request for confidential treatment should be granted. Without the guidelines for submissions requesting confidential treatment of materials, the Commission would not have the information it requires to make an informed decision concerning such requests.
