Translation Advisory Committee for Diabetes Prevention and Control Programs: Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following committee meeting.

Name: Translation Advisory Committee for Diabetes Prevention and Control Programs.

Times and Dates: 9 a.m.-6 p.m., March 10, 1998. 9 a.m.-1 p.m., March 11, 1998.

Place: The Georgian Terrace, 659 Peachtree Street, Atlanta, Georgia 30308, telephone 404/897-1991.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Purpose: This committee is charged with advising the Director, CDC, regarding policy issues and broad strategies for diabetes translation activities and control programs designed to reduce risk factors, health services utilization, costs, morbidity, and mortality associated with diabetes and its complications. The Committee identifies research advances and technologies ready for translation into widespread community practice; recommends broad public health strategies to be implemented through public health interventions; identifies opportunities for surveillance and epidemiologic assessment of diabetes and related complications; and for the purpose of assuring the most effective use and organization of resources, maintains liaison and coordination of programs within the Federal, voluntary, and private sectors involved in the provision of services to people with diabetes.

Matters to be Discussed: Agenda items include a discussion of public health issues pertinent to the role of future program models best suited for Diabetes Control Programs in the Division of Diabetes Translation (DDT) priorities. Agenda items are subject to change as priorities dictate.

Agency Information Collection Under OMB Review

Title: April 1998 Current Population Survey Supplement on Child Support.

OMB No.: 0992-0003.

Description: Collection of these data will assist legislators and policymakers in determining how effective their policy making efforts have been over time in applying the various child support legislation to the overall child support enforcement picture. This information will help policymakers determine to what extent individuals on welfare would be removed from the welfare rolls as a result of more stringent child support enforcement efforts.

Respondents: Individuals or households.

State Median Income Estimates for Four-Person Families (FY 1999); Notice of the Fiscal Year (FY) 1999 State Median Income Estimates for Use Under the Low Income Home Energy Assistance Program (LIHEAP)

AGENCY: Office of Community Services, ACF, DHHS.

ACTION: Notice of estimated state median income for FY 1999.

SUMMARY: This notice announces the estimated median income for four-

person families in each state and the District of Columbia for FY 1999 (October 1, 1998 to September 30, 1999). LIHEAP grantees may adopt the state median income estimates beginning with the date of this publication of the estimates in the **Federal Register** or at a later date as discussed below. This means that LIHEAP grantees could choose to implement this notice during the period between the heating and cooling seasons. However, by October 1, 1998, or by the beginning of a grantee's fiscal year, whichever is later, LIHEAP grantees using state median income estimates must adjust their income eligibility criteria to be in accord with the FY 1999 state median income estimates.

This listing of estimated state median incomes concerns maximum income levels for households to which LIHEAP grantees may make payments under LIHEAP.

EFFECTIVE DATE: The estimates are effective at any time between the date of this publication and October 1, 1998, or by the beginning of a LIHEAP grantee's fiscal year, whichever is later.

FOR FURTHER INFORMATION CONTACT: Leon Litow, Administration for Children and Families, HHS, Office of Community Services, Division of Energy Assistance, 5th Floor West, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Telephone: (202) 401-5304, Internet E-Mail: llitow@acf.dhhs.gov,

SUPPLEMENTARY INFORMATION: Under the provisions of section 2603(7) of Title XXVI of the Omnibus Budget Reconciliation Act of 1981 (Pub. L. 97-35, as amended), we are announcing the estimated median income of a four-person family for each state, the District of Columbia, and the United States for FY 1999 (the period of October 1, 1998, through September 30, 1999).

Section 2605(b)(2)(B)(ii) of the LIHEAP statute provides that 60 percent of the median income for each state, as annually established by the Secretary of Health and Human Services, is one of the income criteria that LIHEAP grantees may use in determining a household's eligibility for LIHEAP.

LIHEAP is currently authorized through the end of FY 1999 by the Human Services Amendments of 1994, Pub. L. 103-252, which was enacted on May 18, 1994.

Estimates of the median income of four-person families for each state and the District of Columbia for FY 1999 have been developed by the Bureau of the Census of the U.S. Department of Commerce, using the most recently available income data. In developing the median income estimates for FY 1999,

the Bureau of the Census used the following three sources of data: (1) The March 1997 Current Population Survey; (2) the 1990 Decennial Census of Population; and (3) 1996 per capita personal income estimates, by state, from the Bureau of Economic Analysis of the U.S. Department of Commerce.

Like the estimates for FY 1998, the FY 1999 estimates include income estimates from the March Current Population Survey that are based on population controls from the 1990 Decennial Census of Population. Income estimates prior to FY 1996 from the March Current Population Survey had been based on population controls from the 1980 Decennial Census of Population. Generally, the use of 1990 population controls results in somewhat lower estimates of income.

For further information on the estimating method and data sources, contact the Housing and Household Economic Statistics Division, at the Bureau of the Census (301-457-3242).

A state-by-state listing of median income, and 60 percent of median income, for a four-person family for FY 1999 follows. The listing describes the method for adjusting median income for families of different sizes as specified in regulations applicable to LIHEAP, at 45 CFR 96.85(b), which was published in the **Federal Register** on March 3, 1988 at 53 FR 6824.

Dated: February 13, 1998.

Director, Office of Community Services.

NOTE—FY 1999 covers the period of October 1, 1988 through September 30, 1999. The estimated median income for 4-person families living in the United States is \$51,518 for FY 1999. The estimates are effective for the Low Income Home Energy Assistance Program (LIHEAP) at any time between the date of this publication and October 1, 1998, or by the beginning of a LIHEAP grantee's fiscal year, whichever is later.

¹In accordance with 45 CFR 96.85, each state's estimated median income for a 4-person family is multiplied by the following percentages to adjust for family size: 52% for one person, 68% for two persons, 84% for three persons, 100% for four persons, 116% for five persons, and 132% for six persons. For family sizes greater than six persons, add 3% to 132% for each additional family member and multiply the new percentage by the state's estimated median income for a 4-person family.

²Prepared by the Bureau of the Census from the March 1997 Current Population Survey, 1990 Decennial Census of Population and Housing, and 1996 per capita personal income estimates, by state, from the Bureau of Economic Analysis.
