South Babione Project, Bighorn National Forest, Sheridan and Johnson Counties WY

AGENCY: Forest Service, USDA.

ACTION: Cancellation notice.

SUMMARY: The Forest Service is cancelling notice for preparation of an environmental impact statement on a proposal to harvest timber in the South Babione area, located on the Bighorn National Forest within Sheridan and Johnson Counties, Wyoming. The notice of intent was published in Volume 62 No. 167, page 45619 on August 28, 1997.

FOR FURTHER INFORMATION CONTACT: Craig Yancey, Tongue District Ranger, Bighorn National Forest, 1969 South Sheridan Avenue, Sheridan, Wyoming 82801 or (307) 672-0751.

SUPPLEMENTARY INFORMATION: Since August, 1997, when the Bighorn National Forest published the Notice of Intent to prepare an environmental impact statement to harvest timber in the South Babione area, the Forest Service has proposed to revise the regulations concerning the management of the national forest transportation system to address changes in how the road system is developed, used, maintained and funded.

On January 28, 1998, the Forest Service published notice in the **Federal Register** to suspend temporarily road construction and reconstruction in most roadless areas of the national forest system. The South Babione area is in a RARE II roadless area. The project area is located south of Forest Development Road 299 and west of Antler Creek. The project area covers approximately 5,000 acres.

This project is cancelled until a long range policy and rulemaking for the

Forest Service transportation system is developed.

Abigail Kimbell, Forest Supervisor, is the Responsible Official for decisions on timber harvest.

Dated: February 13, 1998.
