SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to request clearance from the Office of Management and Budget (OMB) for the collection of basic demographic information on the Current Population Survey (CPS) beginning in October 1999. The current clearance expires September 30, 1999.

The CPS has been the source of official government statistics on employment and unemployment for over 50 years. The Bureau of Labor Statistics (BLS) and the Census Bureau jointly sponsor the basic monthly survey. The Census Bureau also prepares and conducts all the field work. At the OMB's request, the Census Bureau and the BLS divide the clearance request in order to reflect the joint sponsorship and funding of the

CPS program. The justification that follows is in support of the demographic data.

The demographic information collected in the CPS provides a unique set of data on selected characteristics for the civilian noninstitutional population. Some of the demographic information we collect are age, marital status, gender, Armed Forces status, education, race, origin, and family income. We use these data in conjunction with other data, particularly the monthly labor force data, as well as periodic supplement data. We use these data also independently for internal analytic research and for evaluation of other surveys. In addition, we use these data as a control to produce accurate estimates of other personal characteristics.

II. Method of Collection

The CPS basic demographic information is collected from individual households by both personal visit and telephone interviews each month. All interviews are conducted using computer-assisted interviewing.

III. Data

OMB Number: 0607-0049.

Form Number: There are no forms.

We conduct all interviewing on computers.

Type of Review: Regular.

Affected Public: Households.

Estimated Number of Respondents: 48,000 per month.

Estimated Time Per Response: 1.58 minutes.

Estimated Total Annual Burden Hours: 15,168.

Estimated Total Annual Cost: There is no cost to respondents other than their time.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Section 182; and Title 29, United States Code, Sections 1-9.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for the OMB approval of this information collection; they also will become a matter of public record.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to request clearance for the collection of data concerning the Housing and Vacancy Survey (HVS). The current clearance expires September 30, 1999. The HVS has been conducted in conjunction with the Current Population Survey (CPS) since 1956 and serves a broad array of data users as described below.

We conduct HVS interviews with landlords or other knowledgeable persons concerning vacant housing units identified in the monthly CPS sample and meeting certain criteria. The HVS provides the only quarterly and annual statistics on rental vacancy rates

and homeownership rates for the United States, the 4 census regions, the 50 states and the District of Columbia, and the 75 largest Metropolitan Areas (MAs). Private and public sector organizations use housing vacancy rates extensively to gauge and analyze the housing market with regard to supply, cost, and affordability at various points in time. In addition, the rental vacancy rate is a component of the index of leading economic indicators, published by the Department of Commerce.

Policy analysts, program managers, budget analysts, and congressional staff use these data to advise the executive and legislative branches of government with respect to the number and characteristics of units available for occupancy and the suitability of housing initiatives. Several other government agencies use these data on a continuing basis in calculating consumer expenditures for housing as a component of the gross national product to project mortgage demands and to measure the adequacy of the supply of rental and homeowner units. In addition, investment firms use HVS data to analyze market trends and for economic forecasting.

II. Method of Collection

Field representatives collect HVS information by personal-visit interviews in conjunction with the regular monthly CPS interviewing. We collect HVS data concerning units that are vacant and intended for year-round occupancy as determined during the CPS interview. Approximately 4,800 units in the CPS sample meet these criteria each month. All interviews are conducted using computer-assisted interviewing.

III. Data

OMB Number: 0607-0179.

Form Number: There are no forms associated with the HVS. We conduct all interviewing on computers.

Type of Review: Regular.

Affected Public: Individuals who have knowledge of the vacant sample unit (e.g., landlord, rental agents, neighbors).

Estimated Number of Respondents: 4,800 per month.

Estimated Time Per Response: 3 minutes.

Estimated Total Annual Burden Hours: 2,880.

Estimated Total Annual Cost: The only cost to respondent is that of their time.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, U.S.C., Section 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
