

workshops may be scheduled during this time based on stakeholder interest. The DOE intends to complete the draft SWEIS in early 2000 and will announce its availability in the **Federal Register** and through local media. The DOE will hold public hearings to solicit comments on the draft SWEIS from the public, organizations, and other agencies, and will consider all comments in the preparation of the final SWEIS. The DOE intends to complete the final SWEIS in August 2000, and issue a ROD in October 2000, but at least 30 days after the Environmental Protection Agency's Notice of Availability of the final SWEIS is published in the **Federal Register**.

#### Classified Material

DOE will review classified material while preparing this SWEIS. Within the limits of classification, DOE will provide to the public as much information as possible to assist public understanding and comment. Any classified material DOE needs to use to explain the purpose and need for the action, or the uses, materials, or impacts analyzed in this SWEIS, will be segregated into a classified appendix or supplement, which will not be available for general public review. However, all unclassified results of calculations using classified data will be reported in the unclassified section of the SWEIS, to the extent possible in accordance with federal classification requirements.

#### Availability of Scoping Documents

Copies of all written comments and transcripts of all oral comments related to the Y-12 SWEIS will be available at the following locations:

The DOE Public Reading Room, 230 Warehouse Road, Building 1916-T-2, Suite 300, Oak Ridge, Tennessee 37831.

Oak Ridge Public Library, 1401 Oak Ridge Turnpike, Oak Ridge, Tennessee 37831.

Issued in Washington, D.C., this 11th day of March 1999, for the United States Department of Energy.

### Federal Energy Regulatory Commission

[Docket No. CP99-233-000]

### Florida Gas Transmission Company; Notice of Application

March 11, 1999.

Take notice that on March 3, 1999, Florida Gas Transmission Company (FGT) 1400 Smith Street, Houston, Texas 77002, filed, in Docket No. CP99-233-000, an application pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations for an order permitting and approving the abandonment by sale to Copano Pipelines/South Texas, L.P., a Texas Limited Partnership (Copano), of its South of MOPS facilities located in San Patricio, Refugio, and Nueces Counties, Texas, as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Specifically, FGT explains that the South of MOPS facilities consist of 70.25 miles of 20-inch diameter pipeline, FGT's Compressor Station No. 2, consisting of two units for a total of 4,000 horsepower, and various

measurement facilities, with appurtenances.

FGT further requests that the Commission find that, upon abandonment and sale of such facilities, the South of MOPS facilities will be intrastate transportation facilities under Section 2(16) of the NGPA, and exempt from jurisdiction of the Commission under the NGA. FGT states that when conveyed to Copano, the South of MOPS facilities would be integrated with other Copano facilities and be operated as a non-jurisdictional intrastate pipeline.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 1, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in the proceeding herein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for FGT to appear or to be represented at the hearing.

**Linwood A. Watson, Jr.,**

*Acting Secretary.*
