

would not have to terminate: (1) physicians who refused to deal but attempt in good faith to reparticipate in Blue Shield for six months, and (2) physicians who rescind their notices of refusal to deal and continue to participate in Blue Shield for at least six months.

I do not believe that Paragraph III is needed. Prior to the refusal to deal with Blue Shield alleged in the complaint, the Tahoe IPA physicians who participated in Blue Shield had their own sufficient market incentives to participate. With the cessation of the refusal to deal and the prohibition in Paragraph II on future refusals to deal, these market incentives should revive. With the return of these incentives, the Tahoe IPA physicians who refused to deal presumably would choose once again to participate in Blue Shield even without the burdens imposed by Paragraph III.<sup>1</sup>

The majority believes that government action beyond these market incentives is needed to make this market work better in the future. I disagree. Because Tahoe IPA physicians on their own have sufficient to return to Blue Shield, there is no reason to add a layer of government intervention intended to achieve the same result.

I dissent as to Paragraph III of the proposed consent order.

## FEDERAL TRADE COMMISSION

[File No. 9923007]

### Wal-Mart Stores, Inc.; Analysis to Aid Public Comment

**AGENCY:** Federal Trade Commission.

**ACTION:** Proposed consent agreement.

**SUMMARY:** The consent agreement in this matter settles alleged violations of federal law prohibiting unfair or deceptive acts or practices or unfair methods of competition. The attached Analysis to Aid Public Comment describes both the allegations in the draft complaint that accompanies the consent agreement and the terms of the consent order—embodied in the consent agreement—that would settle these allegations.

<sup>1</sup> Twenty physicians have agreed to reparticipate in Blue Shield, while four have not. All this demonstrates is that physicians have reparticipated in Blue Shield while Paragraph III is in effect. It does not establish that Paragraph III was a cause of this reparticipation, or that market incentives would not have caused the physicians to reparticipate in the absence of Paragraph III.

Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received

and will decide whether it should withdraw from the agreement and take other appropriate actions or make final the agreement's proposed order.

This matter concerns practices related to the sale of textile and wool products by means of an on-line Internet catalog. The Commission's complaint charges that respondent violated the Federal Trade Commission Act, 15 U.S.C. 41 *et seq.*, the Textile Fiber Products Identification Act, 15 U.S.C. 70 *et seq.*, and the Wool Products Labeling Act, 15 U.S.C. 68 *et seq.*, by failing to disclose on its on-line catalog whether products offered for sale were made in the U.S.A. imported, or both.

Part I of the proposed consent order prohibits respondent from advertising any textile or wool product in any mail order catalog or mail order promotional material, including those disseminated on the Internet, without disclosing clearly and conspicuously that the product was made in the U.S.A., imported, or both.

Part II of the proposed order requires the respondent, for five years after the date of issuance of the Order, to maintain records demonstrating compliance with the Order, including: (a) copies of mail order catalogs and mail order promotional materials, as defined in 16 CFR 303.1(u) and 300.1(h), that offer textile and/or wool products for direct sale to consumers; and (b) complaints and other communications with consumers, government agencies, or consumer protection organizations, pertaining to country-of-origin disclosures for textile and/or wool products.

Part III of the proposed order requires the respondent to distribute copies of the order to certain company officials and employees. Part IV of the proposed order requires the respondent to notify the Commission of any changes in the corporation that may affect compliance obligations under the order. Part V of the proposed order requires the respondent to file one or more compliance reports. Part VI of the proposed order is a provision whereby the order, absent certain circumstances, terminates twenty years from the date of issuance.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way these terms.

By direction of the Commission.
