ENVIRONMENTAL PROTECTION AGENCY

[FRL-6322-7]

Agency Information Collection Activities: Proposed Collection; Comment Request; Revision of the Information Collection Request for the National Pretreatment Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following proposed and/or continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Information Collection Request for the National Pretreatment Program (40 CFR part 403), EPA ICR 0002.08 (expires October 31, 1999), OMB Control Number 2040-009. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before June 11, 1999.

ADDRESSES: Interested persons may obtain a copy of this ICR without charge by contacting Jan Marie Pickrel, Office of Wastewater Management (4203), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460, telephone number (202) 260-7904, E-mail address pickrel.jan@epa.gov.

FOR FURTHER INFORMATION CONTACT: Jan Marie Pickrel, telephone number (202) 260-7904, facsimile number (202) 260-1460, E-mail address pickrel.jan@epa.gov.

SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action are those subject to the regulations under 40 CFR part 403, including private industries, State, local and Federal governments.

Title: Revision of the Information Collection Request for the National Pretreatment Program (40 CFR part 403),

EPA ICR 0002.08, OMB Control Number 2040-009. Expiration date is October 31, 2002.

Abstract: This Information Collection Request (ICR) calculates the burden and costs associated with managing the National Pretreatment Program mandated by sections 402(a) and (b) and 307(b) of the Clean Water Act. This ICR is a renewal of the Revision of the Information Collection Request for the National Pretreatment Program (OMB Control No. 2040-009, ICR No. 0002.08).

Management of the pretreatment program is the responsibility of the Office of Wastewater Management (OWM) in the Office of Water (OW), Environmental Protection Agency (EPA). The Clean Water Act requires EPA to develop national pretreatment standards to control discharges from Industrial Users (IUs) into Publicly Owned Treatment Works (POTWs). These standards limit the level of certain pollutants in IU wastewaters. EPA administers the pretreatment program through the National Pollutant Discharge Elimination System (NPDES) permit program. Under the NPDES permit program, EPA may approve State or individual POTW implementation of the pretreatment standards at their respective levels. OWM uses the data collected under the pretreatment program to monitor and enforce compliance with the regulations, as well as to authorize program administration at the State or local (POTW) level. The data collected from IUs includes the mass, frequency, and content of their discharges, their schedules for installing pretreatment equipment, and actual or anticipated discharges of wastes that violate pretreatment standards, have the potential to cause problems at the POTW, or are considered hazardous under the Resource Conservation and Recovery Act (RCRA). States and POTWs applying for approval of pretreatment programs submit data concerning their legal, procedural, and administrative bases for establishing such programs. This information may include surveys of IUs, local limits for pollutant concentration, and schedules for completion of major project requirements. IUs and POTWs submit written reports. These data may then be entered into the NPDES databases by the approved State or EPA.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The information collection will involve an estimated 33,526 respondents at an annual cost of \$90,597,238 to those respondents. The total annual cost to both respondents and government (excluding Federal government) is estimated at \$94,933,075. The annual number of responses will be 202,882 or 6.05 responses per respondent. The time required for a response ranges from 15 minutes to 400 hours, with an average response time of 6.538 hours. An estimated 33,526 respondents are required to keep records at an average annual burden of 6.853 hours per record keeper. The pretreatment program will entail 229,741 hours of record keeping, 1,326,402 hours of reporting, and 209,013 hours for governments as users of the data, for a total of 1,765,156 burden hours.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: March 20, 1999.

Michael B. Cook,

Director, Office of Wastewater Management.

Agency Information Collection Activities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following proposed and/or continuing Information Collection Requests (ICRs) to the Office of Management and Budget (OMB). Before submitting the ICRs to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collections as described below.

DATES: Comments must be submitted on or before June 11, 1999.

ADDRESSES: U.S. EPA, Office of Compliance, 401 M Street SW, Washington, D.C. 20460, Mail code 2223A.

Interested persons may obtain a copy of the ICR without charge by calling Sandy Farmer of OPPE at (202) 260-2740 or by e-mail at farmer.sandy@epamail.epa.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Rafael Sánchez, United States Environmental Protection Agency, Office of Enforcement and Compliance Assurance, Office of Compliance, Manufacturing, Energy and Transportation Division, Energy and Transportation Branch (2223A), 401 M Street, S.W. Telephone: (202) 564-7028. Facsimile: (202) 564-0050.

SUPPLEMENTARY INFORMATION: *Affected entities:* Entities affected by this action are those owners and operators of benzene storage vessels that store benzene having a specific gravity within the range of specific gravities specified in ASTM D 836-84 for Industrial Grade Benzene, ASTM D 835-85 for Refined Benzene-535 and ASTM D 4734-87 for Refined Benzene-545.

Title: NESHAP for Benzene Emissions from Benzene Storage Vessels—40 CFR part 61, subpart Y, OMB No. 2060-0185, Expiration Date: 1/31/99.

Abstract: Respondents are all owners or operators of benzene storage vessels. It is estimated that 126 existing plants
