[Docket No. ER98-2843-007; etc.]

AES Redondo Beach, LLC et al.; Notice of Filing

April 8, 1999.

In the matter of: AES Redondo Beach, LLC, Docket No. ER98-2843-007, AES Huntington Beach, LLC, Docket No. ER98-2844-007, AES Alamitos, LLC, Docket No. ER98-2883-007 (Not Consolidated), Long Beach Generation, LLC, Docket No. ER98-2972-008, EL Segundo Power, LLC, Docket No. ER98-2971-007 (Not Consolidated), Ocean Vista Power Generation, LLC, Mountain Vista Power Generation, LLC, Alta Power Generation, LLC, Docket No. ER98-2977-006, Oeste Power Generation, LLC, Ormond Beach Power Generation, LLC, Williams Energy Services Company, Docket No. ER98-3106-004, Duke Energy Oakland, LLC, Docket No. ER98-3416-006, Duke Energy Morro Bay, Docket No. ER98-3417-006, Duke Energy Moss Landing, Docket No. ER98-3418-006 (Not Consolidated), and Southern California Edison Company, Docket No. EL98-62-005.

Take notice that on April 6, 1999, the Market Surveillance Committee (MSC) of the California Independent System Operator Corporation (ISO) filed with the Federal Energy Regulatory Commission its "Report on Redesign of Markets for Ancillary Services and Real-Time Energy" prepared in compliance with the Commission's October 28, 1998 Order and March 22, 1999 letter order in the above-captioned proceedings. The MSC had previously submitted this report to the Commission on March 25, 1999 with a request that certain information contained in the report be

given confidential treatment, on a temporary basis, in accordance with Section 388.112 of the Commission's regulations (18 CFR 388.112). Interventions and protests on the report, as previously released on March 25, 1999, should be filed on or before April 12, 1999. The report filed on April 6, 1999 releases this information from a claim of confidentiality. The report filed on April 6, 1999 also contains several attachments which were not included in the March 25, 1999 filing of the report.

The ISO has served copies of the report, including these attachments and the previously confidential information, upon the official service list in the above-captioned proceedings.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practices and Procedures (18 CFR 385.211 and 385.214). All such motions and protests regarding the newly released material should be filed on or before April 19, 1999. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket Nos. EC96-19-049 and ER96-1663-051]

California Power Exchange Corporation; Notice of Filing

April 8, 1999.

Take notice that on March 30, 1999, California Power Exchange Corporation (PX) filed two reports. The first report concerns the relative benefits of a Simultaneous versus Sequential Market for Energy and Ancillary Services. The second report relates to the format of the PX's Auction Process. These reports are being submitted in compliance with the

Commission's October 30, 1997 Order in these proceedings.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before April 19, 1999. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP95-408-028]

Columbia Gas Transmission Corporation; Notice of Filing

April 8, 1999.

Take notice that on April 6, 1999, Columbia Gas Transmission Corporation (Columbia) tendered for filing its report on the sharing with its customers of a portion of the profits from the sale of certain base gas as provided in Columbia's Docket No. RP95-408 rate case settlement.

Columbia states that its approved settlement in Docket No. RP95-408 provides for the sharing with customers a portion of the profits from certain base gas sales. See Stipulation II, Article IV, Sections A through E, in Docket No. RP95-408 approved at Columbia Gas Transmission Corp., 79 FERC 61,044 (1997). Sales of base gas have generated additional profits of \$7,645,758 (above a \$21.4 million threshold) requiring a sharing of 10 percent of the excess profits with customers in accordance with Stipulation II, Article IV, Section C. Consequently, 10 percent of such profits, totaling \$771,906, inclusive of interest, have been allocated to affected customers and credited to their April invoices, which credits remain subject to Commission acceptance of this filing.

Columbia states that copies of its filing have been mailed to all firm customers, interruptible customers, and affected state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with section 385.211 Commission's and Regulations. All such protests must be filed on or before April 25, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP96-647-001]

Great Lakes Gas Transmission Limited Partnership; Notice of Application

April 8, 1999.

Take notice that on April 2, 1999, Great Lakes Gas Transmission Limited Partnership (Great Lakes), One Woodward Avenue, Suite 1600, Detroit, Michigan 48226, filed in Docket No. CP96-647-001 an application pursuant to Section 7(c) of the Natural Gas Act to amend the certificate of public convenience and necessity issued on October 21, 1997, in Docket No. CP96-647-000, *Great Lakes Gas Transmission Limited Partnership*, 81 FERC ¶ 61,075, (1997). Specifically, Great Lakes seeks authorization to operate two recently installed compressor units at the manufacturer's updated nameplate horsepower rating, rather than the currently certificated horsepower associated with those units, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Great Lakes requests a certificate of public convenience and necessity authorizing it to amend the certificate issued in Docket No. CP96-647-000 so as to operate the two Solar Taurus 70

compressor units, each rated at 7,400 hp (NEMA), added as part of the 1998 Expansion Project, at the manufacturer's current nameplate rating of 8,330 hp (NEMA). Great Lakes states that one unit was installed at its St. Vincent Compressor Station (Compressor Station No. 1) located in Kittson County, Minnesota, and the other at its Farwell Compressor Station (Compressor Station No. 12), located in Clare County, Michigan.

Great Lakes declares that no mechanical alterations of the units will be required in order to obtain the increased horsepower, which will be accomplished by changes in control modifications. Consequently, Great Lakes asserts that there will be no construction costs associated with increasing the rates horsepower of the two units.

Great Lakes states that the increased horsepower will only have a minor impact on system capacity. Great Lakes declares that the increase in horsepower will nevertheless be useful for their operational requirements, contributing to system flexibility and efficiency, and will also reduce overall system fuel usage as compared to transporting an equivalent average day volume of natural gas.

Any person desiring to be heard or to make any protest with reference to said Application should on or before April 29, 1999, filed with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 18 CFR 385.214) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice because the Commission or its designee on this Application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant on the abandonment is required by the public convenience and

necessity. If a petition for leave to intervene is timely filed, or if the Commission, on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-280-000]

National Fuel Gas Supply Corporation; Notice of Application

April 8, 1999.

Take notice that on March 31, 1999, National Fuel Gas Supply Corporation (National Fuel), 10 Lafayette Square, Buffalo, New York 14203, filed an application in Docket No. CP99-280-000 pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations, for authority to abandon a storage line, all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Specifically, National Fuel proposes to abandon a well line, designated Line SW-386, in its East Branch Storage Field located in McKean County, Pennsylvania. National Fuel proposes to abandon Line SW-386 because the line serves no purpose since the well it is connected to, Well 386-P, was plugged and abandoned pursuant to the Commission's regulations at 18 CFR Part 284, Subpart I. National Fuel states that the abandonment of Line SW-386 will have no significant environmental impact because Line SW-386 is above-ground and no excavation will be required.

Any person desiring to be heard or to make a protest with reference to said application should on or before April 29, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests
