

The comment period on the DEIS will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of the DEIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the DEIS stage but are not raised until after completion of the FEIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F. 2d 1016, 1002 (9th Cir., 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the DEIS 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the FEIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the DEIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

On September 30, 1993, the Secretary of Commerce submitted to the Congress a report of the Trade Promotion Coordinating Committee, entitled *Toward a National Export Strategy*. The report included the goal to "Undertake a comprehensive review of the Export Administration Regulations to simplify, clarify, and make the regulations more user-friendly".

To carry out this recommendation, BXA has rewritten the entire EAR. To the extent activities have been added or changed but not deleted, this collection represents the authority to collect, on rare occasions, certain information from the public. This assembly of information collection activities is comprised of two activities. "Registration Of U.S. Agricultural Commodities For Exemption From Short Supply Limitations On Export", and "Petitions For The Imposition Of Monitoring Or Controls On Recyclable Metallic materials; Public Hearings" and though statutory in nature and—have never been applied—must remain a part of BXA's information collection budget authorization.

For the purpose of clarity, this abstract will refer to the two activities as follows:

*USAG* will refer to Registration Of U.S. Agricultural Commodities For

Exemption From Short Supply Limitations On Export activities; and, *Petitions* will refer to Petitions For The Imposition Of Monitoring Or Controls On Recyclable Metallic materials; Public Hearings activities.

**II. Method of Collection**

For USAG, the method is a written application for the exemption from Short Supply Limitations on Export Activities.

For Petitions, the method is a written petition requesting the monitoring of exports or the imposition of export controls, or both, with respect to certain materials.

The same mailing address is used for both submissions: P.O. Box 273, Washington, DC 20230.

**III. Data**

*OMB Number:* 0694-0102.

*Form Number:* None.

*Type of Review:* Regular submission for extension of a currently approved collection.

*Affected Public:* Individuals, businesses or other for-profit and not-for-profit institutions.

*Estimated Number of Respondents:* 2.

*Estimated Time Per Response:* 5 hours per response.

*Estimated Total Annual Burden Hours:* 10.

*Estimated Total Annual Cost:* No capital expenditures are required.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they will also become a matter of public record.
