Alternatives under consideration include (1) taking no action, (2) widening the existing two-lane highway to three lanes, (3) widening the existing two-lane highway to five lanes, and (4) widening the existing two-lane highway to four lanes with a raised median with turn lanes. Incorporated into and studied with the various build alternatives will be design variations of grade and alignment.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies and to private organizations and citizens who have previously expressed interest in this proposal. No formal scoping meeting is planned at this time. A public information meeting will be held after further study. In addition, a public hearing will be held. Public notice will be given of the time and place of the hearing. The draft EIS will be made available for agency and public review and comment prior to the public hearing.
