

the administration of that tariff-rate quota, USTR provided, in 15 CFR part 2012, for the use of export certificates with respect to imports of beef from countries that have an allocation of the in-quota quantity. The export certificates apply only to those countries that USTR determines are participating countries for purposes of 15 CFR part 2012. USTR, pursuant to an earlier request by the government of New Zealand, previously determined that New Zealand was a participating country.

The government of New Zealand has now requested that, effective May 1, 1999, New Zealand no longer be considered as a participating country for purposes of the export certification program. Accordingly, USTR has determined that, effective May 1, 1999, New Zealand is not a participating country for purposes of 15 CFR part 2012. As a result, imports of beef from New Zealand will no longer need to be accompanied by an export certificate in order to qualify for the in-quota tariff rate.
