DEPARTMENT OF TRANSPORTATION

Coast Guard

[USCG-1999-5526]

Chemical Transportation Advisory Committee; Vacancies

AGENCY: Coast Guard, DOT.

ACTION: Request for applications.

SUMMARY: The Coast Guard is seeking applications for appointment to membership on the Chemical Transportation Advisory Committee (CTAC). CTAC provides advice and makes recommendations to the Coast Guard on matters relating to the safe transportation and handling of hazardous materials in bulk on U.S.-flag vessels and barges in U.S. ports and waterways.

DATES: Applications must reach the Coast Guard on or before July 16, 1999.

ADDRESSES: You may request an application form by writing to Commandant (G-MSO-3), U.S. Coast Guard, 2100 Second Street SW., Washington, DC 20593-0001; by calling

(202) 267-1217-0081; or by faxing (202) 267-4570. Submit application forms to the same address. This notice and the application form are available on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT:

Commander Robert F. Corbin, Executive Director of CTAC, or Ms. Sara S. Ju, Assistant to the Executive Director, telephone (202) 267-1217-0081, fax (202) 267-4570.

SUPPLEMENTARY INFORMATION: The Chemical Transportation Advisory Committee (CTAC) is a Federal advisory committee constituted under 5 U.S.C. App. 2. It provides advice and makes recommendations to the Assistant Commandant for Marine Safety and Environmental Protection on matters relating to the safe transportation and handling of hazardous materials in bulk on U.S.-flag vessels and barges in U.S. ports and waterways. The advice and recommendations of CTAC also assist the U.S. Coast Guard in formulating the position of the United States on hazardous material transportation issues prior to meetings of the International Maritime Organization.

CTAC meets at least once a year at Coast Guard Headquarters in Washington, DC. It may also meet more often than once a year for extraordinary purposes. CTAC's subcommittees and working groups may meet to consider specific problems as required.

The Coast Guard will consider applications for seven positions that expire or become vacant in September 1999. To be eligible, applicants should have experience in chemical manufacturing, marine transportation of chemicals, occupational safety and health, or environmental protection issues associated with chemical transportation. Each member serves for a term of three years. Some members may serve consecutive terms. However, not more than 50 percent of the members with expiring terms may be re-appointed. All members serve at their own expense, and receive no salary, reimbursement of travel expenses, or other compensation from the Federal Government.

In support of the policy of the Department of Transportation on gender and ethnic diversity, the Coast Guard encourages applications from qualified women and members of minority groups.

Applicants selected may be required to complete a Confidential Financial Disclosure Report (OGE Form 450). Neither the report nor the information it contains may be released to the public, except under an order issued by a

Federal court or as otherwise provided under the Privacy Act (5 U.S.C. 552a).

Dated: April 13, 1999.

Howard L. Hime,

Director of Standards (Acting); Marine Safety and Environmental Protection.

BILLING CODE 4910-15-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Noise Exposure Map Notice; Austin-Bergstrom International Airport; Austin, TX

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by the City of Austin, Texas, for Austin-Bergstrom International Airport under the provisions of Title 49, U.S.C. Chapter 475 (hereinafter referred to as "Title 49") and 14 CFR part 150 are in compliance with applicable requirements.

EFFECTIVE DATE: The effective date of the FAA's determination on the noise exposure maps is April 5, 1999.

FOR FURTHER INFORMATION CONTACT:

Mike Nicely, Department of Transportation, Federal Aviation Administration, 2601 Meacham Boulevard, Fort Worth, Texas, 76137, (817) 222-5606.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the noise exposure maps submitted for Austin-Bergstrom International Airport are in compliance with applicable requirements of part 150, effective April 5, 1999. Under Title 49, an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict noncompatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. Title 49 requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport. An airport operator who has submitted noise exposure maps that are found by the FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) part 150, promulgated pursuant to Title 49, may submit a noise compatibility program for FAA approval which sets forth the

measures the operator has taken or proposes for the reduction of existing noncompatible uses and for the prevention of the introduction of additional noncompatible uses.

The City of Austin, Texas, submitted to the FAA on March 22, 1999, noise exposure maps, descriptions and other documentation which were produced during August 1998 and March 1999. It was requested that the FAA review this material as the noise exposure maps, as described in Title 49.

The FAA has completed its review of the noise exposure maps and related descriptions submitted by the City of Austin, Texas. The specific maps under consideration are 1999 Opening Day Existing Condition Noise Exposure Map, Figure 3.7 and 2004 Future Condition Noise Exposure Map, Figure 4.6 in the submission. The FAA has determined that these maps for Austin-Bergstrom International Airport are in compliance with applicable requirements. This determination is effective on April 5, 1999. FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of FAR part 150. Such determination does not constitute approval of the applicant's data, information, or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under Title 49, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of Title 49. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator which submitted those maps, or with those public agencies and planning agencies with which consultation is required under Title 49. The FAA has relied on the certification by the airport operator, under § 150.21 of FAR part 150, that the statutorily

required consultation has been accomplished.

Copies of the noise exposure maps and the FAA's evaluation of the maps are available for examination at the following locations:

Federal Aviation Administration,
Airports Division, 2601 Meacham
Boulevard, Fort Worth, Texas 76137.
City of Austin, Department of Aviation,
2716 Spirit of Texas Drive, Austin,
Texas 78719.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Fort Worth, Texas, April 5, 1999.
Naomi L. Saunders,
Manager, Airports Division.
