### COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

#### Procurement List Additions and Deletions

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Additions to and deletions from the Procurement List.

**SUMMARY:** This action adds to the Procurement List commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List commodities previously furnished by such agencies.

**EFFECTIVE DATE:** June 1, 1999.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Gateway 3, Suite 310, 1215 Jefferson Davis Highway, Arlington, Virginia 22202-4302.

**FOR FURTHER INFORMATION CONTACT:** Beverly Milkman (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** On February 19, March 5 and 22, 1999, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (64 FR 8291, 10620, 13767 and 13768) of proposed additions to and deletions from the Procurement List:

#### Additions

##### *The Following Comments Pertain to Line, Multi-Loop, 1670-01-062-6307*

Comments were received from the holder of the most recent contract for this multi-loop line. The contract was completed in February 1996. The contractor indicated that it is a small business which is very heavily dependent on Government contracts for this type of item. It also indicated that its business has declined markedly in the past year and competition for business has greatly increased, so any loss of business will have a noticeable impact on the company. The contractor noted that, while the value of contracts for this multi-loop line is not large, the line is one of a family of items which it can produce more efficiently if all the members of the family are available for competitive bidding, as their manufacture requires similar components and processes which allow the contractor to spread its costs out among the members of the family. The contractor also indicated that the nature of the manufacturing process made it unsuitable for blind persons to make the line.

The value of its most recent contract for the line is only a small percentage of the company's total annual sales. This percentage is well below the level which the Committee normally considers to constitute probable severe adverse impact. Even if the contractor's general business situation is taken into account, the Committee does not believe the addition of this multi-loop line to the Procurement List is likely to have a severe adverse impact on the contractor. This item is in fact one of a family of related products. However, there are at least 17 other multi-loop lines procured by this contracting activity. In addition, there are other products that also fit within the same family of products as the multi-loop line. Therefore, the Committee does not believe that it has severely reduced the contractor's ability to efficiently manufacture products in this family of products.

The nonprofit agency designated to produce the line already produces several other multi-loop lines, using people with severe disabilities other than blindness (mainly mental retardation). The agency's production

line has been modified to allow people with severe disabilities to produce the lines. The modifications would allow individuals who are blind to produce the lines as well. Consequently, the Committee does not agree with the contractor's contention concerning the suitability of this work for individuals who are blind.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities and services and impact of the additions on the current or most recent contractors, the Committee has determined that the commodities and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action will not have a severe economic impact on current contractors for the commodities and services.

3. The action will result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services proposed for addition to the Procurement List.

Accordingly, the following commodities and services are hereby added to the Procurement List:

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

#### Deletions

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may not result in any additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action will not have a severe economic impact on future contractors for the commodities.

3. The action may result in authorizing small entities to furnish the commodities to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities deleted from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the commodities listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Accordingly, the following commodities are hereby deleted from the Procurement List:

Starter Rope, Engine
