

PENSION BENEFIT GUARANTY CORPORATION**Proposed Submission of Collection of Information for OMB Review Under the Paperwork Reduction Act; Comment Request; Customer Satisfaction Surveys and Focus Groups**

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of intention to request extension of OMB approval.

SUMMARY: The Pension Benefit Guaranty Corporation intends to request that the Office of Management and Budget extend its approval of a collection of information under the Paperwork Reduction Act. The purpose of the information collection, which will be conducted through focus groups and surveys over a three-year period, is to help the PBGC assess the efficiency and effectiveness with which it serves its customers and to design actions to address identified problems. The effect of this notice is to advise the public of, and to solicit public comment on, this proposed collection of information.

DATES: Comments should be submitted by March 16, 1999.

ADDRESSES: All written comments should be addressed to: Office of General Counsel, Pension Benefit Guaranty Corporation, Suite 340, 1200 K St. NW., Washington, D.C. 20005. The comments will be available for public inspection at the PBGC Communications and Public Affairs Department, Suite 240, 1200 K Street, NW., Washington, DC 20005, between the hours of 9 a.m. and 4 p.m.

FOR FURTHER INFORMATION CONTACT: Marc L. Jordan, Attorney, Office of the General Counsel, Suite 340, 1200 K Street, NW., Washington, DC 20005, 202-326-4026. (This not a toll-free number.) (For TTY/TDD users, call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024).

SUPPLEMENTARY INFORMATION: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The PBGC is requesting that OMB extend its approval, for a three-year period, of a generic collection of information consisting of customer satisfaction focus groups and surveys (OMB control number 1212-0053; expires April 30, 1999). The collection is in furtherance of the goals described in Executive Order 12862, Setting Customer Service Standards, which

states that, in order to carry out the principles of the National Partnership for Reinventing Government (formerly, the National Performance Review), the Federal Government must be customer-driven. The Executive Order directs all executive departments and agencies that provide significant services directly to the public to provide those services in a manner that seeks to meet the customer service standards established in the Executive Order.

In transforming itself into a customer-driven agency, the PBGC has made use of a variety of tools for listening to customers, including focus groups and customer satisfaction surveys. Feedback from these contacts keeps the PBGC informed about customer service needs and expectations, and gauges how well customers think the PBGC is meeting those needs. The PBGC will keep these avenues of customer communications open, and add to and refine what has been learned to date. In this way service to customers can be continually improved.

This collection of information enables the PBGC to explore issues of mutual concern (e.g., kind and quality of desired services) with its major outside client groups, i.e., participants and beneficiaries, plan sponsors and their affiliates, plan administrators, pension practitioners and others involved in the establishment, operation and termination of plans covered by the PBGC's insurance program. The areas of concern to the PBGC and its client groups change over time, and it is important that the PBGC have the ability to evaluate customer concerns quickly.

Participation in the focus groups and surveys will be voluntary. The PBGC will consult with OMB regarding each specific information collection during the approval period.

This voluntary collection of information will put a slight burden on a very small percentage of the public. The PBGC expects to conduct focus groups involving a total of approximately 225 persons each year, with a total annual burden of approximately 675 hours, including travel time. (Some portion of this time may be spent completing surveys at focus group meetings.) In addition, the PBGC expects to distribute written surveys to approximately 1,600 persons each year (in most cases as an adjunct to a focus group), with a total annual burden of approximately 200 hours.

The PBGC is specifically seeking public comments to:

(1) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility;

(2) evaluate the accuracy of the estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) enhance the quality, utility, and clarity of the information to be collected; and

(4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Issued at Washington, DC, this 12th day of January, 1999.

Stuart Sirkin,

Director, Corporate Policy and Research Department, Pension Benefit Guaranty Corporation.

SUPPLEMENTARY INFORMATION:

Variable-Rate Premiums

Section 4006(a)(3)(E)(iii)(II) of the Employee Retirement Income Security Act of 1974 (ERISA) and § 4006.4(b)(1) of the PBGC's regulation on Premium Rates (29 CFR part 4006) prescribe use of an assumed interest rate in determining a single-employer plan's variable-rate premium. The rate is the "applicable percentage" (currently 85 percent) of the annual yield on 30-year Treasury securities for the month preceding the beginning of the plan year for which premiums are being paid (the "premium payment year"). The yield figure is reported in Federal Reserve Statistical Releases G.13 and H.15.

The assumed interest rate to be used in determining variable-rate premiums for premium payment years beginning in January 1999 is 4.30 percent (*i.e.*, 85 percent of the 5.06 percent yield figure for December 1998).

The following table lists the assumed interest rates to be used in determining variable-rate premiums for premium payment years beginning between February 1998 and January 1999.

For premium payment years beginning in	The assumed interest rate is
February 1998	4.94
March 1998	5.01

June 1998	5.04
July 1998	4.85
August 1998	4.83

Late Premium Payments; Underpayments and Overpayments of Single-Employer Plan Termination Liability

Section 4007(b) of ERISA and § 4007.7(a) of the PBGC's regulation on Payment of Premiums (29 CFR part 4007) require the payment of interest on

late premium payments at the rate established under section 6601 of the Internal Revenue Code. Similarly, § 4062.7 of the PBGC's regulation on Liability for Termination of Single-employer Plans (29 CFR part 4062) requires that interest be charged or credited at the section 6601 rate on underpayments and overpayments of employer liability under section 4062 of ERISA. The section 6601 rate is established periodically (currently quarterly) by the Internal Revenue Service. The rate applicable to the first quarter (January through March) of 1999, as announced by the IRS, is 7 percent.

The following table lists the late payment interest rates for premiums and employer liability for the specified time periods:

Underpayments and Overpayments of Multiemployer Withdrawal Liability

Section 4219.32(b) of the PBGC's regulation on Notice, Collection, and Redetermination of Withdrawal Liability (29 CFR part 4219) specifies the rate at which a multiemployer plan is to charge or credit interest on underpayments and overpayments of withdrawal liability under section 4219 of ERISA unless an applicable plan provision provides otherwise. For interest accruing during any calendar quarter, the specified rate is the average quoted prime rate on short-term commercial loans for the fifteenth day (or the next business day if the fifteenth day is not a business day) of the month preceding the beginning of the quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H.15 ("Selected Interest Rates"). The rate for the first quarter (January through March) of 1999 (*i.e.*, the rate reported for December 15, 1998) is 7.75 percent.

Multiemployer Plan Valuations Following Mass Withdrawal

The PBGC's regulation on Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281) prescribes the use of interest assumptions under the PBGC's regulation on Allocation of Assets in Single-employer Plans (29 CFR part 4044). The interest assumptions applicable to valuation dates in February 1999 under part 4044 are contained in an amendment to part 4044 published elsewhere in today's **Federal Register**. Tables showing the assumptions applicable to prior periods are codified in appendix B to 29 CFR part 4044.
