The agenda planned for the meetings includes: (1) review and approval of the minutes for the first committee meeting; (2) discussion of the issues relating to the development of regulations implementing new section 8(dd); (3) development of draft regulatory language; and (4) the scheduling of future meetings.

The meeting will be open to the public without advance registration. Public attendance may be limited to the space available. Members of the public may make statements during the meeting, to the extent time permits, and file written statements with the committee for its consideration. SUPPLEMENTARY INFORMATION:

Background

This document contains proposed amendments to section 467 of the Income Tax Regulations (26 CFR Part 1). Section 467 was added to the Internal Revenue Code by section 92(a) of the Tax Reform Act of 1984 (Pub. L. 98-369 (98 Stat. 609)). On June 3, 1996, the IRS and Treasury Department issued a notice of proposed rulemaking (61 FR 27834 [IA-292-84, 1996-2 C.B. 462]) relating to section 467. Comments

responding to the notice were received, and a public hearing was held on September 25, 1996. After considering the comments received and the statements made at the public hearing, final regulations under section 467 have been completed and also appear elsewhere in this issue of the **Federal Register**. This regulation proposes to amend the section 467 regulations and, for purposes of the application of constant rental accrual, treat rental agreements involving payments of \$2,000,000 or less in the same manner as those agreements involving payments of more than \$2,000,000.

Explanation of Provisions

Under the section 467 final regulations, section 467 applies only in the case of rental agreements with increasing or decreasing rent or deferred or prepaid rent. However, section 467 is not applicable in the case of rental agreements involving payments and other consideration of \$250,000 or less. See section 467(d)(2).

The section 467 final regulations provide that if section 467 is applicable, the amount of fixed rent that must be taken into account by a lessor and lessee for a rental period is either the amount of fixed rent allocated to the period under the agreement, the proportional rental amount, or the constant rental amount (constant rental accrual). Constant rental accrual is to be used only where the section 467 rental agreement is a disqualified leaseback or long-term agreement. Under the section 467 final regulations, a rental agreement will not be a disqualified leaseback or long-term agreement, and, consequently, will not be subject to constant rental accrual, if it requires \$2,000,000 or less in rental payments and other consideration.

The IRS and Treasury Department have reconsidered the \$2,000,000 constant rental accrual exception and have determined that it should be eliminated from the section 467 final regulations. The original purpose of the \$2,000,000 exception was to simplify the section 467 rules for small businesses. Upon further reflection, however, the IRS and Treasury Department believe that the \$2,000,000 exception inappropriately permits certain rental agreements to avoid the application of constant rental accrual, and that the inappropriate avoidance of constant rental accrual outweighs the need for simplification. Further, section 467(d)(2) provides an exception from section 467 for rental agreements with payments and other consideration of \$250,000 or less. However, because the \$2,000,000 constant rental accrual

exception was included in the proposed regulations, the \$2,000,000 exception will continue to apply to agreements entered into on or before July 19, 1999.

Special Analyses

It has been determined that these proposed regulations are not a significant regulatory action as defined in EO 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f), this notice of proposed rulemaking will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Comments and Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written (a signed original and 8 copies) and electronic comments that are submitted timely to the IRS. The IRS and Treasury Department request comments on the clarity of the proposed rules and how they can be made easier to understand. All comments will be available for public inspection and copying. A public hearing will be scheduled if requested in writing by any person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

Drafting Information: The principal author of the regulations is Forest Boone, Office of Assistant Chief Counsel (Income Tax and Accounting). However, other personnel from the IRS and Treasury Department participated in the development of the regulations.

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Six California County Air Pollution Control Districts

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is approving revisions to the California State Implementation Plan. The revisions concern rules from the following: Kern County Air Pollution Control District (KCAPCD); Lake County Air Quality Management District (LCAQMD); Modoc County Air Pollution Control District (MCAPCD); Northern Sierra Air Quality Management District (NSAQMD); San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD); and Ventura County Air Pollution Control District (VCAPCD). The rules control particulate matter (PM) emissions from open burning, orchard heaters, or processes identified by a weight rate throughput.

The intended effect of this action is to regulate emissions of PM in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Final Rules Section of this **Federal Register**, the EPA is approving the state's SIP revision as a direct final

rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no relevant adverse comments are received, no further activity is contemplated in relation to this rule. If EPA receives relevant adverse comments, the direct final rule will not take effect and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this rule. Any parties interested in commenting on this rule should do so at this time.

DATES: Comments must be received in writing by June 17, 1999.

ADDRESSES: Comments should be addressed to: Andrew Steckel, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the rule revisions and EPA's evaluation report of each rule are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rule revisions are also available for inspection at the following locations:
