SUPPLEMENTARY INFORMATION: This action is a motion by the Bureau of Land Management to make available land to support community expansion. This land is identified in the Yuma District Resource Management Plan, as amended, as having potential for disposal. Lease or conveyance of the land for recreational or public purposes would be in the public interest.

Lease or conveyance of the land will be subject to the following terms, conditions, and reservations:

1. Provisions of the Recreation and Public Purposes Act and all applicable regulations of the Secretary of the Interior.

2. Rights-of-way for ditches and canals constructed by the authority of the United States.

3. All valid existing rights documented on the official public land records at the time of lease/patent issuance.

4. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

5. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

Upon publication of this notice in the **Federal Register**, the land will be segregated from all forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws.

DATES: By July 2, 1999, interested persons may submit comments regarding the proposed classification of the land to the Field Manager, Yuma Field Office, 2555 E. Gila Ridge Road, Yuma, Arizona 85365, (520) 317-3200. Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective on July 19, 1999.

Upon the effective date of classification, the land will be open to the filing of an application under the Recreation and Public Purposes Act by any interested, qualified applicant. If, after 18 months following the effective date of classification, an application has not been filed, the segregative effect of the classification shall automatically expire and the lands classified shall return to their former status without further action by the authorized officer.

Establishment of a Moratorium on the Number of Commercial Outfitting Permits for the Public Land Administered by the BLM, Burns District; Designation Order; Moratorium on Commercial Outfitting Permits for the Burns District

AGENCY: Bureau of Land Management (BLM), Burns District, Portions of the Andrews and Three Rivers Resource Area, Burns, Oregon.

SUMMARY: The BLM, Burns District will conduct an environmental review which will analyze various alternatives, and address numerous issues concerning resource protection, recreation opportunities, and number of Special Recreation Permits (SRPs) issued by BLM, Burns District.

BLM has determined that a moratorium on the number of commercial outfitting permits is needed to hold commercial use at the existing 1999 levels, until the environmental review and analysis is completed.

By placing a moratorium on commercial permits for the District, this will allow BLM to collect baseline data, provide strategies for determining thresholds, and assess the kind of outfitter/guides and the services that they provide to the public. This environmental review will be specific to commercial outfitting and big game hunting.

The moratorium will go into effect immediately and remain in affect until the final environmental review is approved. Only those commercial outfitters that have a current SRP for the BLM, Burns District, as of May 1, 1999, will be allowed to apply in future years until the environmental review is final.

When the environmental review is approved, the moratorium will be lifted and constraints on the number of outfitting permits, kind of outfitters authorized associated with recreational activities, area of use, number of user days, if any, will be implemented.

Sales of outfitting businesses and any transfer of permits that may apply during the period of moratorium will be dealt with through BLM Recreation Permit Administration, Manual/Policy Statement and User Guide.

EFFECTIVE DATE: June 15, 1999.

FOR FURTHER INFORMATION CONTACT: Additional information concerning this moratorium on commercial outfitting permits in the Burns District may be

obtained from Fred McDonald, Natural Resource Specialist, Burns District Office, HC 74-12533 Highway 20 West, Hines, Oregon 97738, (541) 573-4453, or Fred_McDonald@blm.gov.

Authority: For implementing this action is contained in 43 CFR part 8372.

Dated: May 10, 1999.
