

Rules Advisory Committee Comment on Proposed Revision to Rule 9(d)

If proposed Rule 36A is promulgated, the reference to "citations" in Rule 9(d) should be deleted as no longer necessary.

Rules Advisory Committee Comment on Proposed Revision to Rule 30(e)

If proposed Rule 36A is promulgated, the phrase referring to motions "to file recent supplemental citations of authority without additional argument" should be deleted as no longer necessary.

Rules Advisory Committee Comment on Proposed Rule 36

The proposed amendments to Rule 36 set forth the particular methods for filing pleadings or other papers relative to a case in person and by mail and provide that, when a filing is accomplished by mail, it must be made with no less than first-class postage prepaid, properly addressed to the Clerk's office. A similar provision is incorporated in the proposed amendments to Rule 39 for service of pleadings and other papers relative to a case.

Rules Advisory Committee Comment on Proposed Rule 39

The proposed amendments to Rule 39 specify that the service of pleadings or other papers relative to a case, when accomplished by mail, must be made with no less than first-class postage prepaid. A similar provision is incorporated in the proposed amendments to Rule 36 for the filing of pleadings and other papers relative to a case. Rule 36(a) also provides that, where practicable, service of a pleading or other paper should be by a means at least as expeditious as the manner in which the filing of such pleading or paper with the Court is accomplished under Rule 36.

Rules Advisory Committee Comment on Proposed Rule 36A

New Rule 36A substantially tracks Rule 28(j) of the Federal Rules of Appellate Procedure. It is designed to provide a party with an expeditious means of submitting important authorities to the Court that were either previously overlooked or unavailable when an earlier pleading was filed. The rule does not allow additional argument to be made and such letters should not be used for this purpose. If a party believes that supplemental briefing would be appropriate, that party should seek leave of Court to do so on motion under Rule 30 and should not rely on this rule for that purpose.
