Texaco North American Production a/k/a Texaco Exploration and Production Inc., Texaco Worldwide Upstream Headquarters and Texaco Exploration and Production Technology Houston, TX; Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) as amended by the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100-418), the Department of Labor herein presents the results of an investigation regarding certification of eligibility to apply for worker adjustment assistance.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. It is determined in this

case that all of the requirements have been met.

The investigation was initiated in response to a petition received on March 8, 1999, and filed by a company official on behalf of workers at Texaco North American Production, also known as Texaco Exploration and Production Inc., operating at various locations in the above cited states, and at Texaco Worldwide Upstream Headquarters and at Texaco Exploration and Production Technology, in Houston, Texas. The workers are engaged in employment related to the production of crude oil and natural gas.

The investigation revealed that revenues declined at the subject firm in 1998 compared with 1997, and also declined in January through February, 1999, compared with the same period of 1998. Employment also declined in 1999.

United States imports of crude oil increased absolutely and relative to domestic shipments and consumption in November through October, 1997-1998, compared with the same period one year earlier. In January through October, 1998, the ratio of imports to domestic shipments of crude oil was over 133 percent. U.S. imports of dry natural gas also increased in the November through October, 1997-1998 time period.

Conclusion

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with crude oil contributed importantly to the decline in sales or production and to the total or partial separation of workers of the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Texaco North American Production (TNAP), also known as Texaco Exploration and Production Inc., operating in the following cited states,

TA-W-35,792A ALABAMA
TA-W-35,792B CALIFORNIA
TA-W-35,792C COLORADO
TA-W-35,792D ILLINOIS
TA-W-35,792E KANSAS

TA-W-35,792H OKLAHOMA
TA-W-35,792I TEXAS (excluding Houston)
TA-W-35,792J UTAH
TA-W-35,792K WYOMING

and all workers of Texaco Worldwide Upstream Headquarters and of Texaco Exploration and Production Technology, in Houston, Texas, who were in support of the TNAP operations cited above, who became totally or partially separated from employment on or after March 1, 1998, through two years from the date of this

certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 7th day of June, 1999.
