

Form SSA-1323 is used by SSA to determine the claimant's medical status prior to making disability determinations. The respondents are public and nonpublic schools and agencies who provide status reports on claimants applying for disability benefits.

Number of Respondents: 7,000.

Frequency of Response: 1.

Average Burden Per Response: 20 minutes.

Estimated Annual Burden: 2,333 hours.

4. Medicare Buy-In Part B Screening Guide—0960-0601. Pub. L. 105-277 authorizes SSA to conduct a Medicare buy-in demonstration project to evaluate means to promote the Medicare buy-in programs targeted to elderly and disabled individuals under titles XVIII and XIX of the Social Security Act. A lack of awareness about the Medicare buy-in programs appears to be one of the major obstacles to enrollments. Other obstacles to enrollment include the confusion of potential eligibles as to how to apply for these programs and a preference for dealing with SSA field offices rather than with local Medicaid offices.

SSA will screen respondents voluntarily for potential Medicare Part B buy-in eligibility using a screening guide developed for this purpose. The screening guide will collect information from SSA beneficiaries regarding income, resources, marital status, and living arrangements and also ask questions about their awareness of Medicare Part B buy-in programs. SSA will gather this information to identify

and overcome obstacles to Medicare Part B buy-in enrollments and to determine potential eligibility for Medicare Part B benefits. The screening guide will be in use from March 1, 1999 through December 31, 1999.

Number of Respondents: 130,000.

Frequency of Response: 1.

Average Burden Per Response: 20 minutes.

Estimated Annual Burden: 43,333 hours.

5. State Report of Incorrect Bendex Information—0960-0517. SSA uses the information collected on Form SSA-1086 to correct its master database and to facilitate the electronic exchange of data. The respondents are State agencies administering programs for Aid to Families with Dependent Children.

Number of Respondents: 123.

Frequency of Response: 2.

Average Burden Per Response: 10 minutes.

Estimated Annual Burden: 41 hours.

United States Department of State

Washington, D.C. 20520

JUN 8 1999

Dear Mr. Speaker:

Pursuant to section 36(c) of the Arms Export Control Act, I am transmitting herewith certification of a proposed license for the export of major defense equipment sold commercially under a contract in the amount \$14,000,000 or more.

The transaction contained in the attached certification involves the export of twenty-four SPH-122 Self-Propelled Howitzers to Egypt for the Egyptian Army.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Larkin".
