DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. NRTL-2-93]

Entela, Inc., Correction of Recognition

AGENCY: Occupational Safety and Health Administration, (OSHA), Labor.

ACTION: Notice.

SUMMARY: This notice corrects the expansion of recognition recently granted to Entela, Inc.

EFFECTIVE DATE: This correction becomes effective on July 13, 1999.

FOR FURTHER INFORMATION CONTACT: Bernard Pasquet, Office of Technical Programs and Coordination Activities, NRTL Program, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N3653, Washington, D.C. 20210, or phone (202) 693-2110.

SUPPLEMENTARY INFORMATION:

Notice of Final Decision

The Occupational Safety and Health Administration (OSHA) is correcting the expansion of recognition granted to Entela, Inc. (ENT), on March 9, 1999 (64 FR 11501). OSHA recognizes an organization as a Nationally Recognized Testing Laboratory (NRTL), and processes applications related to such recognitions, following requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7), and in Appendix A to this section. This correction notice falls outside the requirements of this section, and will be the only notice that OSHA will publish on this matter.

In the March 9 notice, OSHA expanded the recognition of ENT to include additional test standards. One of the test standards for which ENT requested recognition (see Exhibit 15) is UL 2161 Neon Transformers and Power Supplies. However, the NRTL Program staff excluded this test standard from ENT's expansion pending publication of the resolution of a comment, concerning this test standard, received on a notice for another NRTL (see 64 FR 33913, 6/24/99). If publication of the resolution has already occurred, OSHA would have recognized ENT for the standard in the March 9 notice.

The NRTL Program staff has recommended to the Assistant Secretary that OSHA correct the recognition of ENT to include the UL 2161 (Neon Transformers and Power Supplies) test standard. Based on the recommendation of the staff, the Assistant Secretary is hereby correcting the recognition of

ENT to include this additional standard. All other terms and conditions of ENT's recognition as an NRTL remain the same.

Signed at Washington, D.C. this 29th day of June, 1999.

Charles N. Jeffress,

Assistant Secretary.

NATIONAL PARTNERSHIP FOR REINVENTING GOVERNMENT

Action Formation of a SafeCities Network: Performance Partnerships To Reduce Gun Violence

Authority Citation

Non-statutory.

Background

All of our citizens deserve to live in safe, violence-free communities. The

SafeCities Network builds upon the local, state, and federal partnerships that have helped improve the safety of our communities. SafeCities connects and supports innovative communities across the country collaborating to enhance public safety. SafeCities also seeks to minimize administrative barriers to problem solving and help communities maximize currently available federal resources.

The initiative was recommended by the Crime Mapping and Data Driven Management Task Force, a joint task force of the Department of Justice and the National Partnership for Reinventing Government. It builds upon President Clinton's directive on Deterring and Reducing Gun Crime. It was formally announced by Vice President Gore on June 21, 1999 at the "Family Re-Union," an annual discussion of public policy from the perspective of families that he moderates in Nashville, Tennessee.

Announcement

The SafeCities Network announces the formation of performance partnerships between the federal government and community-based partnerships to reduce gun violence. This is our first step toward the creation of a national network of communities working together to enhance public safety for their citizens. The network will encourage communities to collaborate with each other and the federal partners to:

- Reduce gun violence;
- Promote prevention, early intervention, and enforcement;
- Address barriers at the federal, state, and local level—in ways allowable under current law—to increase the flexibility and effectiveness of resources;
- Obtain technical support and facilitate access to best practices employed in various communities; and
- Share lessons with other communities.

What Are the Benefits to Communities and Law Enforcement Agencies?

This initiative is not a grant program. In order to help communities reduce gun violence and promote public safety the SafeCities Network will:

- Connect communities and law enforcement agencies with peers working on similar issues;
- Support partners and share lessons learned via a SafeCities website;
- Give national recognition to innovative communities for their effective strategies and results;
- Link to the U.S. Attorney and ATF integrated firearms violence reduction strategy;
