[Docket No. CP99-572-000]

Distrigas of Massachusetts Corporation; Notice of Application

July 9, 1999.

Take notice that on June 30, 1999, Distrigas of Massachusetts Corporation (DOMAC) file an abbreviated application for a certificate of public convenience and necessity and request for shortened procedures requesting authority to install, operate, and maintain a new supplemental hot water heater at its liquefied natural gas (LNG) terminal in Everett, Massachusetts. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-2222 for assistance).

DOMAC states that it requires the new supplemental hot water heater to replace an inoperable supplemental heater, in order to ensure operational reliability and flexibility during ship unloadings and periods of high demand and to provide supplemental service to the hot water system supporting DOMAC's medium-pressure vaporization facilities. DOMAC has also requested issuance of temporary authority by August 9, 1999, if the Commission has not granted a certificate by that date, in order to complete installation and testing by the beginning of an anticipated period of increased terminal send out.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 30, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in

accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. The authorized contact person is Robert A. Nailling, Senior Counsel, Distrigas of Massachusetts Corporation, 75 State Street, 12th Floor, Boston, Massachusetts 02109, (617) 526-8300.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Section 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application, if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for DOMAC to appear or be represented at the hearing.

Puget Sound Energy, Inc.; Notice of Meeting

July 9, 1999.

A meeting will be convened by staff of the Office of Hydropower Licensing on July 20, 1999, at 9:30 a.m. EDT at the Commission's Headquarters, room 62-26, located at 888 First Street, NE, Washington, DC. By letter dated July 2, 1999, Puget Sound Energy requested a

meeting to provide an update on the White River collaborative settlement process and the role (if any) of Commission staff in these ongoing negotiations.

We will not discuss issues dealing with the pending rehearing of the Commission's December 19, 1997, order issuing license for the project. We will restrict discussion primarily to process issues related to setting up and conducting a collaborative settlement process.

If a federal agency wishes to participate by teleconference, they need to call 1-700-991-1540 and enter access code 43165. A non-federal agency should call 1-800-545-4387 and an operator will answer. They will need to give the operator the conference identification number: M36541. The operator will ask them for their name and phone number. The AT&T conference operator will then call them back and they will be part of this conference call.

Any person wishing to attend or needing additional information should contact John Smith at (202) 219-2460 or e-mail at john.smith@ferc.fed.us.

[Docket No. CP99-574-000]

Southern Natural Gas Company; Notice of Application

July 9, 1999.

Take notice that on July 2, 1999, Southern Natural Gas Company (Southern), AmSouth-Sonat Tower, 1900 Fifth Avenue North, Birmingham, Alabama 35203, filed, in Docket No. CP99-574-000, an application pursuant to Sections 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations for an order permitting and approving the abandonment by sale to Texas Southeastern Gas Gathering Company (Texas Southeastern) of certain pipelines, receiving stations, and appurtenant facilities located in Plaquemines and St. Bernard Parishes, Louisiana, as more fully set forth in the application which is on file with the Commission and open to public inspection. The application may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm>. Call (202) 208-2222 for assistance.

Southern states that the proposed abandonment by sale to Texas Southeastern will not affect the capacity of Southern's pipeline system. Southern asserts that this abandonment is in the public interest because the sale of the facilities will reduce its operation and maintenance cost, fuel and gas loss, and capital expenditures for upgrading of lines and receiving stations through the
