## Federal Aviation Administration

## 14 CFR Part 71

[Airspace Docket No. 99–ACE–21]

Amendment to Class E Airspace;  
Ottawa, KSAGENCY: Federal Aviation  
Administration, DOT.ACTION: Direct final rule; confirmation of  
effective date.

**SUMMARY:** This document confirms the effective date on a direct final rule which revises Class E airspace at Ottawa, KS.

**DATES:** The direct final rule published at 64 FR 31119 is effective on 0901 UTC, September 9, 1999.

**FOR FURTHER INFORMATION CONTACT:** Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, Federal Aviation Administration, 601 East 12th Street, Kansas City, Missouri 64106; telephone: (816) 426–3408.

**SUPPLEMENTARY INFORMATION:** The FAA published this direct final rule with a request for comments in the **Federal Register** on June 10, 1999 (64 FR 31119). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on September 9, 1999. No adverse comments were received, and thus this notice confirms that this direct final rule will become effective on that date.

Issued in Kansas City, MO on July 6, 1999.

**Donovan D. Schardt,**

*Acting Manager, Air Traffic Division, Central Region.*

## 14 CFR Part 71

[Airspace Docket No. 99–ACE–33]

Amendment to Class E Airspace; North  
Platte, NEAGENCY: Federal Aviation  
Administration (FAA), DOT.ACTION: Direct final rule; request for  
comments.

**SUMMARY:** This action amends Class E airspace areas at North Platte Regional Airport, Lee Bird Field, North Platte, NE. A review of the Class E surface airspace area for North Platte Regional Airport, Lee Bird Field indicates the extension to the southeast can be eliminated. The Class E surface area is revised to eliminate reference to the Lee Bird Nondirectional Radio Beacon (NDB) and the extension to the southeast. The airport name has been changed from North Platte, Lee Bird Field to North Platte Regional, Lee Bird Field. The Class E airspace area does not comply with the 700 feet Above Ground Level (AGL) airspace required for diverse departures as specified in FAA Order 7400.2D. The Class E airspace area has been enlarged to conform to the criteria of FAA Order 7400.2D. Enlarging the Class E airspace area eliminates all extensions.

In addition, a minor revision to Airport Reference Point (ARP) coordinates is included in this document.

The intended effect of this rule is to provide additional controlled Class E airspace for aircraft operating under Instrument Flight Rules (IFR), revise the ARP coordinates, eliminate extensions, eliminate reference to Lee Bird NDB, change the airport name, and comply with the criteria of FAA Order 7400.2D.

**DATES:** Effective date: 0901 UTC, November 4, 1999.

Comments for inclusion in the Rules Docket must be received on or before August 25, 1999.

**ADDRESSES:** Send comments regarding the rule in triplicate to: Manager, Airspace Branch, Air Traffic Division, ACE–520, Federal Aviation Administration, Docket Number 99–ACE–33, 601 East 12th Street, Kansas City, MO 64106.

The official docket may be examined in the Office of the Regional Counsel for the Central Region at the same address between 9:00 a.m. and 3:00 p.m., Monday through Friday, except Federal holidays.

An informal docket may also be examined during normal business hours in the Air Traffic Division at the same address listed above.

**FOR FURTHER INFORMATION CONTACT:** Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, Federal Aviation Administration, 601 East 12th Street, Kansas City, MO 64106; telephone: (816) 426–3408.

**SUPPLEMENTARY INFORMATION:** This amendment to 14 CFR 71 revises the

Class E airspace areas at North Platte, NE. A review of the Class E surface airspace area indicates the extension to the southeast can be eliminated. A review of the Class E airspace area for North Platte Regional Airport, Lee Bird Field, NE, indicates it does not meet the criteria for 700 feet AGL airspace required for diverse departures as specified in FAA Order 7400.2D. The criteria in FAA Order 7400.2D for an aircraft to reach 1200 feet AGL is based on a standard climb gradient of 200 feet per mile plus the distance from the Airport Reference Point (ARP) to the end of the outermost runway. Any fractional part of a mile is converted to the next higher tenth of a mile. The amendment at North Platte Regional Airport, Lee Bird Field, NE, will provide additional controlled airspace for aircraft operating under IFR, eliminate extensions, revise the ARP coordinates, change the airport name, and comply with the criteria of FAA Order 7400.2D. The areas will be depicted on appropriate aeronautical charts. Class E airspace areas designated as a surface area for an airport are published in paragraph 6002, and Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9F, dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

**The Direct Final Rule Procedure**

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. The amendment will enhance safety for all flight operations by designating an area where VFR pilots may anticipate the presence of IFR aircraft at lower altitudes, especially during inclement weather conditions. A greater degree of safety is achieved by depicting the area on aeronautical charts. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA

does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

#### Comments Invited

Although this action is in the form of a final rule and was not preceded by a notice of proposed rulemaking, comments are invited on this rule. Interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified under the caption **ADDRESSES**. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substances of this action will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. 99-ACE-33." The postcard will be date stamped and returned to the commenter.

#### Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

The FAA has determined that this regulation is noncontroversial and

unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### Adoption of the Amendment

Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### § 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9F, Airspace Designations and Reporting Points, dated September 10, 1998, and effective September 16, 1998, is amended as follows:

*Paragraph 6002 Class E airspace areas designated as a surface area for an airport.*

\* \* \* \* \*

##### ACE NE E2 North Platte, NE [Revised]

North Platte Regional Airport, Lee Bird Field, NE

(lat. 41°07'34"N., long. 100°41'14"W.)

North Platte VORTAC

(lat. 41°02'55"N., long. 100°44'50"W.)

Within a 4.6-mile radius of North Platte Regional Airport, Lee Bird Field and within 1.1 miles each side of the 029° radial of the North Platte VORTAC extending from the 4.6-mile radius to the VORTAC.

\* \* \* \* \*

*Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

##### ACE NE E5 North Platte, NE [Revised]

North Platte Regional Airport, Lee Bird Field, NE

(lat. 41°07'34"N., long. 100°41'14"W.)

That airspace extending upward from 700 feet above the surface within a 7.1-mile radius of North Platte Regional Airport, Lee Bird Field.

Issued in Kansas City, MO, on June 16, 1999.

**Donovan D. Schardt,**

#### 26 CFR Part 1

[TD 8806]

RIN 1545-AV94

**Employee Stock Ownership Plans; Section 411(d)(6) Protected Benefits (Taxpayer Relief Act of 1997); Qualified Retirement Plan Benefits; Correction**

**AGENCY:** Internal Revenue Service (IRS), Treasury.

**ACTION:** Correcting amendment.

**SUMMARY:** This document contains corrections to final regulations which were published in the **Federal Register** on Friday, January 8, 1999, (64 FR 1125), relating to employee stock ownership plans and protected benefits under section 411(d)(6) and qualified retirement plan benefits.

**DATES:** This correction is effective January 8, 1999.

**FOR FURTHER INFORMATION CONTACT:** Linda S. F. Marshall, (202) 622-6030 (not a toll-free number).

#### SUPPLEMENTARY INFORMATION:

##### Background

The final regulations that are subject to this correction are under section 411 of the Internal Revenue Code.

##### Need for Correction

On January 8, 1999, final regulations (TD 8806) were published in the **Federal Register** at 64 FR 1125. These regulations inadvertently amended § 1.411(d)-4 Q&A-2(d)(2)(ii) instead of § 1.411(d)-4 Q&A-2(d)(1)(ii). This document is correcting this amendment by providing the correct language for § 1.411(d)-4 Q&A-2(d)(1)(ii) and restoring the language for § 1.411(d)-4 Q&A-2(d)(2)(ii).
