BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Foreign Trade Zones Board

[FTZ Dockets (41(1)-99 to 41(58)-99)]

Requests for Extension of Authority (Crude Oil Refineries/Petrochemical Complexes)

Requests have been submitted to the Foreign-Trade Zones Board (the Board) by the following grantees, pursuant to § 400.32(b)(1) of the Board's regulations, for a time extension of their authority to elect non-privileged foreign status (NPF) on crude oil used in the production of certain petrochemical feedstocks and refinery by-products at the crude oil refineries/petrochemical complexes of the companies listed below. The requests were formally filed on August 23, 1999.

The FTZ Board has authorized 62 refineries/petrochemical complexes to conduct crude oil/petrochemical product refining activity under FTZ procedures, subject to certain standard restrictions listed below:

1. Foreign status (19 CFR 146.41, 146.42) products consumed as fuel for the refinery shall be subject to the applicable duty rate.

2. Privileged foreign status (19 CFR 146.41) shall be elected on all foreign merchandise admitted to the subzone, except that non-privileged foreign (NPF) status (19 CFR 146.42) may be elected on refinery inputs covered under HTSUS Subheadings #2709.00.1000-#2710.00.1050, #2710.00.2500 and #2710.00.4510 which are used in the production of:

—certain petrochemical feedstocks and refinery by-products; -products for export;

—and, products eligible for entry under HTSUS #9808.00.30 and #9808.00.40 (U.S. Government purchases).

3. The authority with regard to the NPF option is initially granted until September 30, 2000, subject to extension.

The zone grantees on behalf of the refining facilities listed below are now requesting that the authority for the NPF option be extended.

The refineries/petrochemical complexes produce fuels and petrochemical feedstocks from crude oil and other inputs, such as naphtha and natural gas condensate. Fuel products include gasoline, jet fuel, distillates, residual fuels, and motor fuel blendstocks. Petrochemical feedstocks and refinery by-products produced under zone procedures (NPF option) have included: benzene, toluene, xylene, naphthalene, natural gas—liquified & gaseous, ethane, propane, butane, ethylene, propylene, butylene, butadiene, paraffin waxes & petroleum jelly, carbon black oil, petroleum coke, asphalt, sulfur, sulfuric acid, cumene, pseudocumene, other aromatic hydrocarbon mixtures, and mixtures of

hydrocarbons not elsewhere specified. The requests seek to expand the scope of NPF authority to include additional petrochemical feedstocks that have recently become duty-free under staged tariff reductions of the Uruguay Round of GATT. These product categories include: calcined petroleum coke, n-pentane and isopentane, isoprene, dicyclopentadiene, styrene, and certain other saturated and unsaturated acyclic and cyclic hydrocarbons. (Although the refineries vary in their product mix, the review would generally include the full range of products listed above for all refineries.)

Zone procedures exempt the refineries from Customs duty payments on the foreign products used in exports. On domestic sales, the NPF option allows the companies to choose the Customs duty rates that apply to certain petrochemical feedstocks and refinery by-products (HTSUS duty rates for most of these products are zero) by admitting incoming foreign crude oil and natural gas condensate in non-privileged foreign status. Such petrochemicals and by-products account for about 25 to 30 percent of refinery activity, on average. The duty rates on inputs range from 5.25¢/barrel to 10.5¢/barrel. Duties on inputs used to make fuel products (motor gasoline, jet fuel, blendstocks), which constitute some 70 to 75 percent of production, will continue to be dutiable at the crude oil rate. The applications indicate that the continuation of authority to elect non-privileged foreign status will contribute to the refineries' international competitiveness.

DEPARTMENT OF COMMERCE

International Trade Administration

Export Trade Certificate of Review

ACTION: Notice of application.

SUMMARY: The Office of Export Trading Company Affairs ("OETCA"), International Trade Administration, Department of Commerce, has received an application for an Export Trade Certificate of Review. This notice summarizes the conduct for which certification is sought and requests comments relevant to whether the Certificate should be issued.

FOR FURTHER INFORMATION CONTACT: Morton Schnabel, Director, Office of Export Trading Company Affairs, International Trade Administration, (202) 482-5131. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 (15 U.S.C. 4001-21) authorizes the Secretary of Commerce to issue Export Trade Certificates of Review. A Certificate of Review protects the holder and the members identified in the Certificate from state and federal government antitrust actions and from private, treble damage antitrust actions for the export conduct specified in the Certificate and carried out in compliance with its terms and conditions. Section 302(b)(1) of the Act and 15 CFR 325.6(a) require the Secretary to publish a notice in the **Federal Register** identifying the applicant and summarizing its proposed export conduct.

Request for Public Comments

Interested parties may submit written comments relevant to the determination

whether a Certificate should be issued. If the comments include any privileged or confidential business information, it must be clearly marked and a nonconfidential version of the comments (identified as such) should be included. Any comments not marked privileged or confidential business information will be deemed to be nonconfidential. An original and five copies, plus two copies of the nonconfidential version, should be submitted no later than 20 days after the date of this notice to: Office of Export Trading Company Affairs, International Trade Administration, Department of Commerce, Room 1104H, Washington, DC 20230. Information submitted by any person is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552). However, nonconfidential versions of the comments will be made available to the applicant if necessary for determining whether or not to issue the Certificate. Comments should refer to this application as "Export Trade Certificate of Review, application number 99-00003." A summary of the application follows.

Summary of the Application

Applicant: JV Export Trading Company, Inc., 16468 SW 95th Lane, Miami, Florida 33196.

Contact: Kevin M. Dyer, Attorney at Law.

Telephone: (212) 599-2396.

Application No.: 99-00003.

Date Deemed Submitted: August 27, 1999.

Members (in addition to applicant): None.

JV Export Trading Company, Inc. seeks a Certificate to cover the following specific Export Trade, Export Markets, and Export Trade Activities and Methods of Operations.

Export Trade

1. Products

All products.

2. Services

All services.

3. Technology Rights

Technology Rights, including, but not limited to, patents, trademarks, copyrights and trade secrets that relate to Products and Services.

4. Export Trade Facilitation Services (as They Relate to the Export of Products, Services and Technology Rights)

Export Trade Facilitation Services, including, but not limited to: Professional services in the areas of government relations and assistance with state and federal export programs;

foreign trade and business protocol; consulting; market research and analysis; collection of information on trade opportunities; marketing; negotiations; joint ventures; shipping and export management; export licensing; advertising; documentation and services related to compliance with customs requirements; insurance and financing; bonding; warehousing; export trade promotion; trade show exhibitions; organizational development; management and labor strategies; transfer of technology; transportation; and facilitating the formation of shippers' associations.

Export Markets

The Export Markets include all parts of Latin America.

Export Trade Activities and Methods of Operation

JV Export Trading Company, Inc. seeks to have the following conduct certified:

1. Entering into exclusive export distribution agreements with U.S. manufacturers for export to the Latin American markets or sub-markets within Latin America;
2. Entering into agreements, exclusive and otherwise, with U.S. manufacturers regarding the prices for which subject products will be sold in Latin American market;
3. Entering into agreements with other exporters to Latin America regarding products, price and territories; and
4. Entering into agreements with U.S. manufacturers and exporters, including those in competition with one another regarding the sharing of price, technical know-how, marketing, research and related information.

Dated: August 30, 1999.

Morton Schnabel,

Director, Office of Export Trading Company Affairs.
