

20007-3877; Joseph E. Ronan, Jr. Esq., Vice President, Regulatory Affairs, Calpine Corporation, 50 West San Fernando, 5th Floor, San Jose, CA 95113 AND Mr. James Gloffely, Manager, Government Affairs, Calpine Corporation, 700 Louisiana Street, Suite 2350, Houston, Texas 77002.

A final decision will be made on these applications after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969 (NEPA) and a determination is made by the DOE that the proposed actions will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of these applications will be made available, upon request, for public inspection and copying at the address provided above or by accessing the Fossil Energy Home Page at <http://www.fe.doe.gov>. Upon reaching the Fossil Energy Home page, select "Regulatory", then "Electricity", then "Pending Proceedings" from the options menus.

Issued in Washington, DC, on September 20, 1999.

**Anthony J. Como,**

*Deputy Director, Electric Power Regulation, Office of Coal & Power Im/Ex, Office of Coal & Power Systems, Office of Fossil Energy*

## DEPARTMENT OF ENERGY

### Environmental Management Site-Specific Advisory Board, Oak Ridge Reservation

**AGENCY:** Department of Energy.

**ACTION:** Notice of open meeting.

**SUMMARY:** This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB) Oak Ridge. The Federal Advisory Committee Act (Pub. L. No. 92-463, 86 Stat. 770) requires that public notice of these meetings be announced in the **Federal Register**.

**DATE:** Wednesday, October 6, 1999: 6:00-9:30 p.m. Board Meeting.

**ADDRESS:** Oak Ridge Mall, Club Room, Main Street, Oak Ridge, TN 37830.

**FOR FURTHER INFORMATION CONTACT:** Marianne Heiskell, Federal Coordinator/Ex-Officio Officer, Department of Energy Oak Ridge Operations Office, P.O. Box 2001, EM-90, Oak Ridge, TN 37831, (423) 576-0314.

**SUPPLEMENTARY INFORMATION:** Purpose of the Board: The purpose of the Board is to make recommendations to DOE and its regulators in the areas of

environmental restoration, waste management, and related activities.

### *Tentative Agenda*

1. "Oak Ridge Operations outlook" presented by Ms. Dever, Oak Ridge Operations Manager

**Public Participation:** The meeting is open to the public. Written statements may be filed with the Committee either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Marianne Heiskell at the address or telephone number listed above. Requests must be received 5 days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Official is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Each individual wishing to make public comment will be provided a maximum of 5 minutes to present their comments at the end of the meeting. This notice is being published less than 15 days before the date of the meeting due to programmatic issues that had to be resolved prior to publication.

**Minutes:** Minutes of this meeting will be available for public review and copying at the Department of Energy's Information Resource Center at 105 Broadway, Oak Ridge, TN between 7:30 a.m. and 5:30 p.m. Monday through Friday, or by writing to Marianne Heiskell, Department of Energy Oak Ridge Operations Office, P.O. Box 2001, EM-90, Oak Ridge, TN 37831, or by calling her at (423) 576-0314.

Issued in Washington, DC on September 21, 1999.

**Rachel M. Samuel,**

*Deputy Advisory Committee Management Officer.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP99-621-000]

#### Texas Eastern Transmission Corporation; Notice of Application

September 20, 1999.

Take notice that on September 14, 1999, Texas Eastern Transmission Corporation (Texas Eastern), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP99-621-000 an application pursuant to Section 7 of the Natural Gas Act (NGA) and the Commission's Regulations thereunder, for a certificate of public convenience and necessity authorizing Texas Eastern to construct, own, operate and maintain certain facilities to render a firm lateral transportation service for up to 120,000 dekatherms per day (Dth/d) of natural gas to Williams Energy Marketing & Trading Company (Williams), all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Any questions regarding the application should be directed to Steven E. Tillman, Director of Regulatory Affairs, Texas Eastern Transmission Corporation, PO Box 1642, Houston, Texas 77251-1642, (713) 627-5113 & (713) 627-5947 (FAX).

The facilities will comprise 3.6 miles of 16-inch pipeline lateral extending from points on Texas Eastern's existing two 30-inch main lines in Lebanon County, Pennsylvania to a proposed tie-in with the Ironwood Electric Generating Plant, located near Lebanon,

Pennsylvania and currently under construction. Texas Eastern proposes to commence construction of the facilities in June, 2000 to meet its September 1, 2000 in service date for test gas deliveries to the Ironwood Plant. The cost of the facilities is estimated to be approximately \$5.725 million based on year of construction dollars. Texas Eastern states that firm lateral transportation service of up to 120,000 Dth/d will be rendered to Williams.

Texas Eastern requests authorization to charge a NGA Section 7(c) initial rate, as a separately stated market area lateral charge consisting of an incremental reservation charge rate under Texas Eastern's Rate Schedule FT-1, which includes both a Peak and Off-Peak reservation charge rate. The initial reservation charge rates are designed to recover sixty percent (60%) of the annual reservation charge obligation of Williams during the period beginning May 1, through September 30 of each service year, and forty percent (40%) of the annual reservation charge obligation of Williams during the period beginning October 1 through April 30 of each service year. Texas Eastern states that the rates are designed on an incremental basis, using Texas Eastern's cost-of-service factors approved in Docket No. RP90-119, *et al.*

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before October 12, 1999, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protesters provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order.

However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure provided for, unless otherwise advised, it will be unnecessary for Texas Eastern to appear or be represented at the hearing.

**David P. Boergers,**

*Secretary.*
